Dear

#### Rhodes Ridge Iron Ore Project – Works Approval Application – WWTP & Sprayfield

Please find enclosed a Works Approval Amendment Application to construct a Wastewater Treatment Plant (WWTP) and irrigation sprayfield associated with the operation of a temporary (~3 years) 220 person multipurpose camp to support ongoing regional exploration activities and development of the Rhodes Ridge Iron Ore Project.

Should you require any further information or if you would like to discuss the application, please contact me in the first instance on 0476 384 491 or via email at <a href="mailto:jeremy.quartermaine@riotinto.com">jeremy.quartermaine@riotinto.com</a>.

**Application form: Works Approval Application** 

#### Application form: Works Approval / Licence / Renewal / Amendment / Registration

Part V Division 3, *Environmental Protection Act 1986*Environmental Protection Regulations 1987

#### Part 1: Application type

#### INSTRUCTIONS:

- Completion of this form is a statutory requirement under s.54(1)(a) of the Environmental Protection Act 1986 (WA) (EP Act) for works approval applications; s.57(1)(a) for licence and licence renewal applications; s.59B(1)(a) for applications for an amendment; and under r.5B(2)(a) of the Environmental Protection Regulations 1987 (WA) (EP Regulations) for applications for registration of premises.
- . The instructions set out in this application form are general in nature.
- A reference to 'you' in these instructions is a reference to the applicant.
- The information provided to you by the Department of Water and Environmental Regulation (DWER) in relation to making applications does not constitute legal advice. DWER recommends that you obtain independent legal advice.
- Applicants seeking further information relating to requirements under the EP Act and/or EP Regulations
  are directed to the Parliamentary Counsel's Office website (<a href="www.legislation.wa.gov.au">www.legislation.wa.gov.au</a>). Schedule 1 of the
  EP Regulations contains the categories of prescribed premises.
- For prescribed premises where activities fall within more than one category, ALL applicable categories
  must be identified. This applies for existing prescribed premises seeking renewal or amendment, as well
  as new prescribed premises.
- The application form must be completed with all relevant information attached. Attachments can be
  combined and submitted as one or more consolidated documents if desired, provided it is clear which
  section of the application form the information / attachments relate to. Where attachments are submitted
  separately, avoid duplicating information. Ensure that any cross-references between the application form
  and the supporting document(s) are accurate.
- If an application form has been submitted which is incomplete or materially incorrect, the Chief Executive
  Officer of DWER (CEO) will decline to deal with the application and advise the applicant accordingly.
- On completing this application form, please submit it to DWER in line with the instructions in Part 15 of the form.

1.1	This is an application for: [Select one option only. Your application	<ul> <li>✓ Works approval</li> <li>☐ Licence</li> <li>Existing registration number(s): [ ]</li> <li>Existing works approval number(s): [ ]</li> </ul>		
	may be returned if multiple options are selected.] under Part ∨, Division 3 of the EP Act.			
	Please see the:  • Guideline: Industry Regulation Guide to Licensing  • Procedure: Prescribed premises works approvals and licences  for more information to assist in understanding DWER's regulatory regime for prescribed premises.	□ Renewal Existing licence number: [ ] □ Amendment Number of the existing licence or works approval to be amended: [ ] □ Registration (works approval already obtained) Existing works approval number(s): [ ]		
1.2	days until the expiry of the existing works Only active instruments can be amended. Ap	ce amendment, are there less than 90 business approval or licence? eplications to amend a works approval or licence or to the existing works approval or licence expiring		

#### Part 1: Application type

1.3 This application is for the following categories of prescribed premises:

(specify all prescribed premises category numbers)

Rhodes Ridge Management Services Pty Ltd (the Licensee) is proposing to construct and operate a temporary (~3 years) 220 person multipurpose camp to support its ongoing regional exploration activities and development of the Rhodes Ridge Iron Ore Project. Supporting infrastructure for the camp will include a:

- Wastewater Treatment Plant (WWTP);
- irrigation sprayfield.

The above listed infrastructure will trigger licensing under Category 85.

The wastewater treatment plant (WWTP) will utilise Rotating Biological Contactor (RBC) technology with treated effluent to be sent to an irrigation sprayfield The maximum throughput of the WWTP will be 75m<sup>3</sup>/day.

 $\boxtimes$ 

All activities that meet the definition of a prescribed premises as set out in Schedule 1 of the EP Regulations have been specified above (tick, if yes).

N/A Not required with application, but may be requested subsequently depending on DWER records.

"If required" Sections for applicants to determine.

#### Part 2: Applicant details

#### **INSTRUCTIONS:**

- The applicant (the occupier of the premises) must be an individual(s), a company, body corporate, or
  public authority, but not a partnership, trust, or joint-venture name. Applications made by or on behalf of
  business names or unincorporated associations will not be accepted.
- . If applying as an individual, your full legal name must be provided.
- If applying as a company, body corporate, or public authority, the full legal entity name must be inserted.
- . Australian Company Number's (ACN) must be provided for all companies or body corporates.
- DWER prefers to send all correspondence electronically via email. We request that you consent to
  receiving all correspondence relating to instruments and notices under Part V of the EP Act (Part V
  documents) electronically via email, by indicating your consent in Section 2.3.
- Companies or body corporates making an application must nominate an authorised representative from within their organisation. Proof of authorisation must be submitted with the application (see Section 2.10).
   If you are applying as an individual, you are the representative.
- Details of a contact person must be provided for DWER enquiries in relation to your application. This
  contact person can be a consultant if authorised to represent the applicant. Written evidence of this
  authorisation must be provided.
- Details of the occupier of the premises must be provided. One of the options must be selected and if you
  have been asked to specify, please provide details. For example, if 'lease holder' has been selected,
  please specify the type of lease (for example, pastoral lease, mining lease, or general lease) and provide a
  copy of the lease document(s). Note that contracts for sale of land will not be sufficient evidence of
  occupancy status.

2.1	Applicant name/s (full legal name/s):	RHODES RIDGE	MANAGEMENT SERVICES PTY LTD
	The proposed holder of the works approval, licence or registration.		
	ACN (if applicable):	662 895 927	
2.2	Trading as (if applicable):

#### Part 4: Proposed activities

#### **INSTRUCTIONS:**

- You must provide a description and the scope, size and scale of all prescribed activities of Schedule 1 to the EP Regulations including the maximum production or design capacity of each prescribed activity.
- If applying for a works approval or licence amendment involving the construction of new infrastructure, you must provide information on infrastructure to be constructed and how long construction is expected to take. You must confirm if commissioning is to occur and how long it will take.
- If applying for a works approval or licence amendment not involving the construction of new infrastructure, provide details of the proposed amendment.
- You must identify all emission sources on the premises map/s.
- You must also provide information on activities which directly relate to the prescribed premises category
  which have, or are likely to result in, an emission or discharge.
- If clearing activities are proposed provide a description and details. If a relevant exemption under Schedule 6 of the EP Act or r.5 of the Environmental Protection (Clearing of Native Vegetation) Regulations 2004 (WA) (Clearing Regulations) may apply, provide details.
- Note that in some cases, DWER may require that the clearing components of a works approval or licence (or amendment) application be submitted separately through the clearing permit application process.
   Refer to the <u>Procedure: Prescribed premises works approvals and licences</u> for further guidance.
- Please note that the requested information is critical to DWER's understanding of the proposed activities.
   The more accurate, specific, and complete the information provided in the application, the less uncertainty that DWER may identify in the application, therefore facilitating completion of the assessment in a more efficient and timely manner.

#### 4.1 Prescribed premises infrastructure and equipment

In Table 4.1 (below), provide a list of all items of infrastructure and equipment within the boundary of the prescribed premises relevant to this application, and include the following details for each:

- relevant categories (if known) the categories of prescribed premises (as listed under Schedule 1
  of the EP Regulations) that relate to that infrastructure or equipment;
- site plan reference the location of that infrastructure or equipment (with reference to the site plan
  map or maps provided above in Section 3.4 and labelled as Attachment 2 e.g. use GPS
  coordinates or a clear description such as "labelled as [label on premises map] on Map A");
- is it critical containment infrastructure (CCI)? indicate if the identified infrastructure or
  equipment would be categorised as CCI. Refer to the <u>Guideline: Industry Regulation Guide to</u>
  <u>Licensing</u> for further information on CCI; and
- is environmental commissioning required? indicate if environmental commissioning is intended
  to be undertaken for that item of infrastructure or equipment. Refer to the <u>Guideline: Industry</u>
  <u>Regulation Guide to Licensing</u> for further information on environmental commissioning.

Add additional rows to Table 4.1 (below) as required.

#### Part 5: Index of Biodiversity and Marine Surveys for Assessments (IBSA and IMSA)

#### **INSTRUCTIONS:**

- Biodiversity surveys should be submitted through the IBSA Submissions Portal at ibsasubmissions.dwer.wa.qov.au
- Biodiversity surveys submitted to support this application must meet the requirements of the EPA's Instructions for the preparation of data packages for the Index of Biodiversity Surveys for Assessments
- Marine surveys submitted to support this application must meet the requirements of the EPA's Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments (IMSA).

If these requirements are not met, DWER will decline to deal with the application.								
Attach	ments				N/A	Yes		
5.1	Please provide the IBSA number(s) (or submission number(s) if IBSA number has not yet been issued) in the space provided.  Note that a submission number is not confirmation of acceptance of a biodiversity survey and is not the same as an IBSA number. IBSA numbers are only issued once a survey has been accepted. Once an IBSA number is issued, please notify the department.		All biodiversity surveys submitted with this application meet the requirements of the EPA's <u>Instructions for the preparation of data packages for the Index of Biodiversity Surveys for Assessments (IBSA)</u> .					
			Submission number(s)	N/A - Supplied to DWER in application for approved CPS 9751/1

Part 6	6: Other DWER approvals	
• !	application, you must provide relevant details.	approvals within DWER that may be relevant to this osal to the Environmental Protection Authority (EPA),
Pre-a	pplication scoping	
6.1	Have you had any pre-application / pre- referral / scoping meetings with DWER regarding any planned applications?	□ No □ Yes – provide details: □ Discussed in quarterly engagement meetings held with DWER. Most recent meeting held on 2 May 2024.
Envir	onmental impact assessment (Part IV of the EP	Act)
6.2	Have you referred or do you intend to refer the proposal to the EPA?  Section 37B(1) of the EP Act defines a 'significant proposal' as "a proposal likely, if implemented, to have a significant effect on the environment".  If DWER considers that the proposal in this application is likely to constitute a 'significant proposal', DWER is required under s.38(5) of the EP Act to refer the proposal to the EPA for assessment under Part IV, if such a referral has not already been made.  If a relevant Ministerial Statement already exists, please provide the MS number in the space provided.	□ Yes (referred) – reference (if known): [ ]      □ Yes – intend to refer (proposal is a 'significant proposal') □ Yes – intend to refer (proposal will require a s.45C amendment to the current Ministerial Statement): MS [ ]      □ No – a valid Ministerial Statement applies: MS [ ]      ☑ No – not a 'significant proposal'
Clear	ing of native vegetation (Part V Division 2 of the	EP Act and Country Area Water Supply Act 1947)
6.3	Have you applied or do you intend to apply for a native vegetation clearing permit?  In accordance with the Guideline: Industry Regulation Guide to Licensing and Procedure: Native vegetation Clearing permits, where clearing of native vegetation:  • is exempt under Schedule 6 of the EP Act or the Environmental Protection (Clearing of Native Vegetation) Regulations 2004 (WA) (refer to A guide to the exemptions and regulations for clearing native vegetation)  • is being assessed by a relevant authority which would lead to an exemption under Schedule 6 of the EP Act, or  • has been referred under s.51DA of the EP Act and a determination made that a clearing permit is not required (refer to the Guideline: Native vegetation clearing referrals),  the clearing will not be reassessed by DWER or be subject to any additional controls by DWER.  If the proposed clearing action is to be assessed in accordance with, or under, an Environment Protection and Biodiversity Conservation Act (Cth) (EPBC Act) accredited process, such as the assessment bilateral agreement, the clearing permit application Form Annex C7 — Assessment bilateral agreement must be completed and attached to your clearing permit application.	<ul> <li>Yes – clearing application reference (if known):         CPS []</li> <li>Yes – a valid EP Act clearing permit already applies:         CPS [ 9751/1]</li> <li>No – this application includes clearing (please complete Sections 4.13 to 4.19 above)</li> <li>No – permit not required (no clearing of native vegetation)</li> <li>No – permit not required (clearing referral decision):         CPS [ ]</li> <li>No – an exemption applies (explain why):</li> </ul>

Part 6	: Other DWER approvals				
6.4	Have you applied or do you intend to apply for a Country Area Water Supply Act 1947	☐ Yes – application reference	e (if knowr	n): [	]
	licence?  If a clearing exemption applies in a Country Area	☐ No – a valid licence applies	s: [	]	
	Water Supply Act 1947 (CAWS Act) controlled catchment, or if compensation has previously been paid to retain the subject vegetation, a CAWS Act	☑ No – licence not required			
	clearing licence is required.

Part 9:	EMISS	ions. a	ischard	ies. and	waste

#### **INSTRUCTIONS:**

- Please see <u>Guideline: Risk Assessments</u> and provide all information relating to emission sources, pathways and receptors relevant to the application.
- You must provide details on sources of emissions (for example, kiln stack, baghouses or discharge pipelines) including fugitive emissions (for example, noise, dust or odour), types of emissions (physical, chemical, or biological), and volumes, concentrations and durations of emissions.
- The potential for emissions should be considered for all stages of the proposal (where relevant), including during construction, commissioning and operation of the premises.

		No	Yes
9.1	Are there potential emissions or discharges arising from the proposed activities?		$\boxtimes$

If yes, identify all potential emissions and discharges arising from the proposed activities and complete Table 9.1: Emissions and discharges (below).

# Part 10: Siting and location 10.1 Sensitive land uses What is/are the distance(s) to the nearest sensitive land use(s)? A sensitive land use is a residence or other land use which may be affected by an emission or discharge associated with the proposed activities.

#### 10.2 Nearby environmentally sensitive receptors and aspects

Identify in Table 10.2 (below):

- all instances of environmentally sensitive receptors that are known or suspected to be present within, or within close proximity to, the proposed prescribed premises boundary;
- the nature of the sensitive receptors (e.g. type of Threatened Ecological Community, species or threatened flora or fauna, etc.);
- their actual or approximate known distance and direction from the premises boundary (at the closest point/s); and
- if applicable, what measures have been or will be taken to ensure that sensitive receptors are not
  adversely impacted by any emissions or discharges from the premises.

<sup>&</sup>lt;sup>2</sup> Copies / details of any other relevant approvals (e.g. from the Department of Health) must be provided where applicable.

<sup>&</sup>lt;sup>3</sup> Wastes derived from the storage, handling, and use of dangerous goods may be considered hazardous and may need to be handled with the same precautions. Please refer to the Department of Mines, Industry Regulation and Safety's <a href="Dangerous Goods Safety information sheet">Dangerous Goods Safety information sheet</a> for more information.

#### Part 10: Siting and location Refer to the Guideline: Environmental siting for further guidance. Table 10.2: Nearby environmentally sensitive receptors and aspects Distance + Proposed controls to prevent or Description classification direction to mitigate adverse impacts (if premises applicable) boundary Environmentally Please refer to Section 6 and 7 of Attachment 8A for more information Sensitive Areas 1 Threatened **Ecological** Communities Threatened and/or priority fauna Threatened and/or priority flora Aboriginal and other heritage sites 2 Public drinking water source areas 3 Rivers, lakes, oceans, and other bodies of surface water, etc. Acid sulfate soils Other Environmentally Sensitive Areas are as declared under the Environmental Protection (Environmentally Sensitive) Notice 2005. Refer to DWER's website ("Environmentally Sensitive Areas") for further information. <sup>2</sup> Refer to the <u>Department of Planning, Lands and Heritage website</u> for further information about Aboriginal heritage and other heritage sites. 3 Refer to Water Quality Protection Note No. 25: Land use compatibility tables for public drinking water source areas for further information. 10.3 **Environmental siting context details** Provide further information including details on topography, climate, geology, soil type, hydrology, and hydrogeology at the premises. Please refer to Section 8 of Attachment 8A for more information **Attachments** N/A Yes Attachment 7: Siting You must provide details and a map describing the siting and and location location of the premises, including identification of distances to $\boxtimes$ sensitive land uses and/or any specified ecosystems. Part 11: Submission of any other relevant information **Attachments** No Yes Attachment 8: Applicants seeking to submit further information may include 11.1 Additional information labelled Attachment 8. If submitting multiple additional information attachments, label them 8A, 8B, etc.

document(s) attached:

Part 12	2: Category checklist(s)			
Attach	ments		N/A	Yes
12.1	Attachment 9: Category	DWER has developed category checklists to assist applicants with preparing their application.		
	checklist(s)	These checklists are available on <u>DWER's website</u> .		
		The relevant category-specific checklist(s) must be completed and included with the application, labelled as Attachment 9. If attaching multiple category checklists, label them 9A, 9B, etc.		
		Do not select "N/A" unless:		
		<ul> <li>a relevant category checklist is not yet published on DWER's website, or</li> </ul>		
		<ul> <li>the application is for an amendment that does not propose changes to the method of operation, or change the inputs, outputs, infrastructure, equipment, emissions, or discharges of / from the premises.</li> </ul>		
		Note that that a category checklist(s) may still be required for renewal applications. You will be advised in your renewal notification letter (sent approximately twelve months before the licence expiry date) if you are required to provide the information identified in a category checklist.		
		Where a category checklist is submitted, please specify which checklist(s) in the space below.		
	List title(s) of category checklists attached:			

#### Part 13: Proposed fee calculation

#### INSTRUCTIONS:

Please calculate the prescribed fee using the relevant online fee calculator linked below.

- Licence: <u>www.der.wa.qov.au/LicenceFeeCalculator</u>
- Works approval: <u>www.der.wa.gov.au/WorksApprovalFeeCalculator</u>
- Amendment: <a href="https://www.wa.gov.au/government/publications/works-approval-and-licence-amendment-fee-calculator">https://www.wa.gov.au/government/publications/works-approval-and-licence-amendment-fee-calculator</a>

Different fee units apply for different fee components. Fee units may also have different amounts depending on the period in which the calculation is made.

Once DWER has confirmed that the application submitted meets the relevant requirements of the EP Act, you will be issued an invoice with instructions for paying your application fee.

Further information on fees can be found in the Fact Sheet: Industry Regulation fees, and on DWER's website.

Further	urther information on fees can be found in the <u>Fact Sheet: Industry Regulation fees</u> , and on <u>DWER's website</u> .					
13.1	Only the relevant fee calculations are to be completed as follows:	⊠ Section 13.3 for works approval applica	tions			
	[mark the box to indicate sections completed]	☐ Section 13.4 for licence / renewal applic	ations			
		☐ Section 13.5 for registration application:	s			
		☐ Section 13.6 for amendment application	ıs			
		☐ Section 13.7 for applications requiring of native vegetation	learing			
13.2	All information and data used for the calculation of proposic accordance with Section 13.8.	osed fees has been provided in	$\boxtimes$			
13.3	Proposed works approval fee					
Proposed	works approval fee (see Schedule 3 of the EP Regulatio	ns)				
	Fees relate to the cost of the works, including all capital costs (inclusive of GST) associated with the construction and establishment of the works proposed under the works approval application. This includes, for example.					

equipment and labour hire. Costs exclude:

- the cost of land
- the cost of buildings to be used for purposes unrelated to the purposes in respect of which the premises are, or will become, prescribed premises

costs associated with earth works, hard stands, drainage, plant hire, equipment, processing plant, relocation of

- costs for buildings unrelated to the prescribed premises activity or activities
- consultancy fees relating to the works.

Fee component Proposed fee

#### 13.4 Proposed licence fee (new licences and licence renewals)

#### **Detailed licence fee calculations**

#### Part 1 Premises component (see r.5D and Part 1 of Schedule 4 of the EP Regulations)

The production or design capacity should be the maximum capacity of the premises. For most categories, the production or design capacity refers to an annual rate. The figure should be based on 24 hour operation for 365 days, unless there is another regulatory approval or technical reason that restricts operation.

The premises component fee applies to the category in Part 1, Schedule 4 incurring the higher or highest amount of fee units in accordance with r.5D(2) of the EP Regulations.

List all categories (insert additional rows as required). Use only the higher or highest amount of fee units to determine the Part 1 fee component.

Category	Production or design capacity	Fee units	
Using the higher or highest amount of fee units, Part 1 component subtotal \$			

#### Part 2 Waste (see r.5D(1a)(b) and Part 2 of Schedule 4 of the EP Regulations)

If your premises includes one or more of the following categories specify any applicable Part 2 waste amounts. Do not include Part 3 waste components of these discharges in the below calculations.

Categories: 5, 6, 7, 8, 9, 12, 14, 44, 46, 53, 54A, 70, 80, or 85B

Part 2 waste means waste consisting of -

- (a) tailings; or
- (b) bitterns; or
- (c) water to allow mining of ore; or
- (d) flyash; or
- (e) waste water from a desalination plant.

If the premises does not fall into one of the categories listed above, or there are no applicable Part 2 waste amounts, the sub total for this section will be \$0.

Insert additional rows as required. Sum all Part 2 waste fees to determine the sub total.

Discharge quantity (tonnes/year)	Fee units
Part 2 component subtotal	\$

#### Part 3 Waste - Discharges to air, onto land, into waters (see Part 3 of Schedule 4 of the EP Regulations)

Choose the appropriate location of the discharge and enter the discharge amount(s) in the units specified in the EP Regulations. This should be the amount of waste expected to be discharged over the next 12 months, expressed in the units and averaging period applicable for that waste kind (for example, g/minute or kg/day). Amounts can be measured, calculated, or estimated and can be based on data acquired over the previous 12 months, but should be based on the maximum premises capacity and not the forecast operating hours.

Where there are discharges, all prescribed waste types must be considered in the fee calculation. If a specified waste type is not present in the discharge, this must be justified using an appropriate emission estimation technique (for example, sampling data, industry sector guidance notes, National Pollution Inventory guides and emission factors).

Discharges to air

13.6 Amendment fee (works approval of	or licence)
---------------------------------------	-------------

The fee prescribed for an application for an amendment to a works approval or licence is calculated in accordance with r.5BB(1)(a) of the EP Regulations:

- for a single category of prescribed premises to which the works approval or licence relates, by using the fee
  unit number corresponding to the prescribed premises category and relevant design capacity threshold in
  Schedule 4 Part 1 of the EP Regulations.
- for multiple categories of prescribed premises to which the works approval or licence relates, by using the
  highest fee unit number corresponding to the prescribed premises categories and design capacity threshold
  in Schedule 4 Part 1 of the EP Regulations.

#### Part 14: Commercially sensitive or confidential information

#### NOTE:

Information submitted as part of this application will be made publicly available. If you wish to submit commercially sensitive or confidential information, please identify the information in Attachment 11, and include a written statement of reasons why you request each item of information be kept confidential.

Information submitted later in the application process may also be made publicly available at DWER's discretion. For any commercially sensitive or confidential information, please follow the same process as described above.

DWER will take reasonable steps to protect genuinely confidential or commercially sensitive information. However, please note that DWER cannot commit to redacting all personal information from all supporting documents. You are advised to ensure that all personal information, including signatures, are removed from supporting documents prior to submitting them to the department. Please note that all submitted information may be the subject of an application for release under the *Freedom of Information Act 1992*.

All information which you would propose to be exempt from public disclosure has been	Attached	N/A
separately placed in a redacted version of the application form and its supporting documentation. Note that this is in addition to the unredacted version(s) provided to DWER for its assessment. Grounds for claiming exemption in accordance with Schedule 1 to the <i>Freedom of Information Act 1992</i> must be specified in <b>Attachment 11</b> (located at the end of this form).		

Part 15: Submission of application

I / We confirm and acknowledge that:

- · the information contained in this application is true and correct;
- I / we have legal authority to sign on behalf of the applicant (where authorisation provided);
- I / we have not altered the requirements and instructions set out in this application form;
- I / we have provided a valid email address in Section 2.3 for receipt of correspondence electronically via email
  from DWER in relation to this application;
- that successful delivery to my / our server constitutes receipt of correspondence sent electronically via email from DWER in relation to this application; and
- I / we have provided a valid postal and/or business address in Section 2.4 for the service of all Part V
  documents.
- giving or causing to be given information that to my knowledge is false or misleading is an offence under s.112 of the EP Act and may incur a penalty of up to \$100,000.

#### **Publication**

I / We confirm and acknowledge:

- this application (including all attachments apart from the sections identified in Attachment 11) is a public document and may be published;
- marine surveys provided in accordance with Part 5 will be published and used, for the purposes of the IMSA project, in accordance with your declaration made in the Metadata and Licensing Statement;
- all necessary consents for the publication of information have been obtained from third parties;
- information considered exempt from public disclosure has been noted by redaction of a separately provided
  copy of the completed application form and its supporting documentation (in accordance with Part 14), with
  reasons as to why the information should be exempt in accordance with the grounds specified in Schedule 1 to
  the Freedom of Information Act 1992 (WA) being provided in Attachment 11;
- subsequent information provided in relation to this application will be a public document and may be published
  unless written notice has been given to DWER by the applicant, at the time the information is provided, claiming
  that the information is considered exempt from public disclosure; and
- the decision to not publish information will be at the discretion of the CEO of DWER and will be made consistently with the provisions of the Freedom of Information Act 1992 (WA).

#### Share Information

#### **Share Structure**

Class	Description	Number issued	Total amount paid	Total amount unpaid	Document number
ORD	ORDINARY	1	1.00	0.00	4EAB82435

#### Members

Note: For each class of shares issued by a proprietary company, ASIC records the details of the top twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be ranked amongst the top twenty members. This may, but does not necessarily mean, that they have ceased to be a member of the company.

To the Manager

# Agents Authority: Applications for approvals administered by the Department of Water and Environmental Regulation

As a Director of Rhodes Ridge Management Services Pty Ltd, I hereby provide authorisation for the persons listed below to allow them to:

- Apply for Licences and Works Approvals (including the provision of associated documentation) administered by the Department of Water and Environmental Regulation (DWER) under the Environmental Protection Act 1986 (WA) on behalf of any of the above listed companies; and
- Apply for any other environmental approvals from the DWER on behalf of any of the above listed companies.

Persons to which this authorisation applies:

# RioTinto

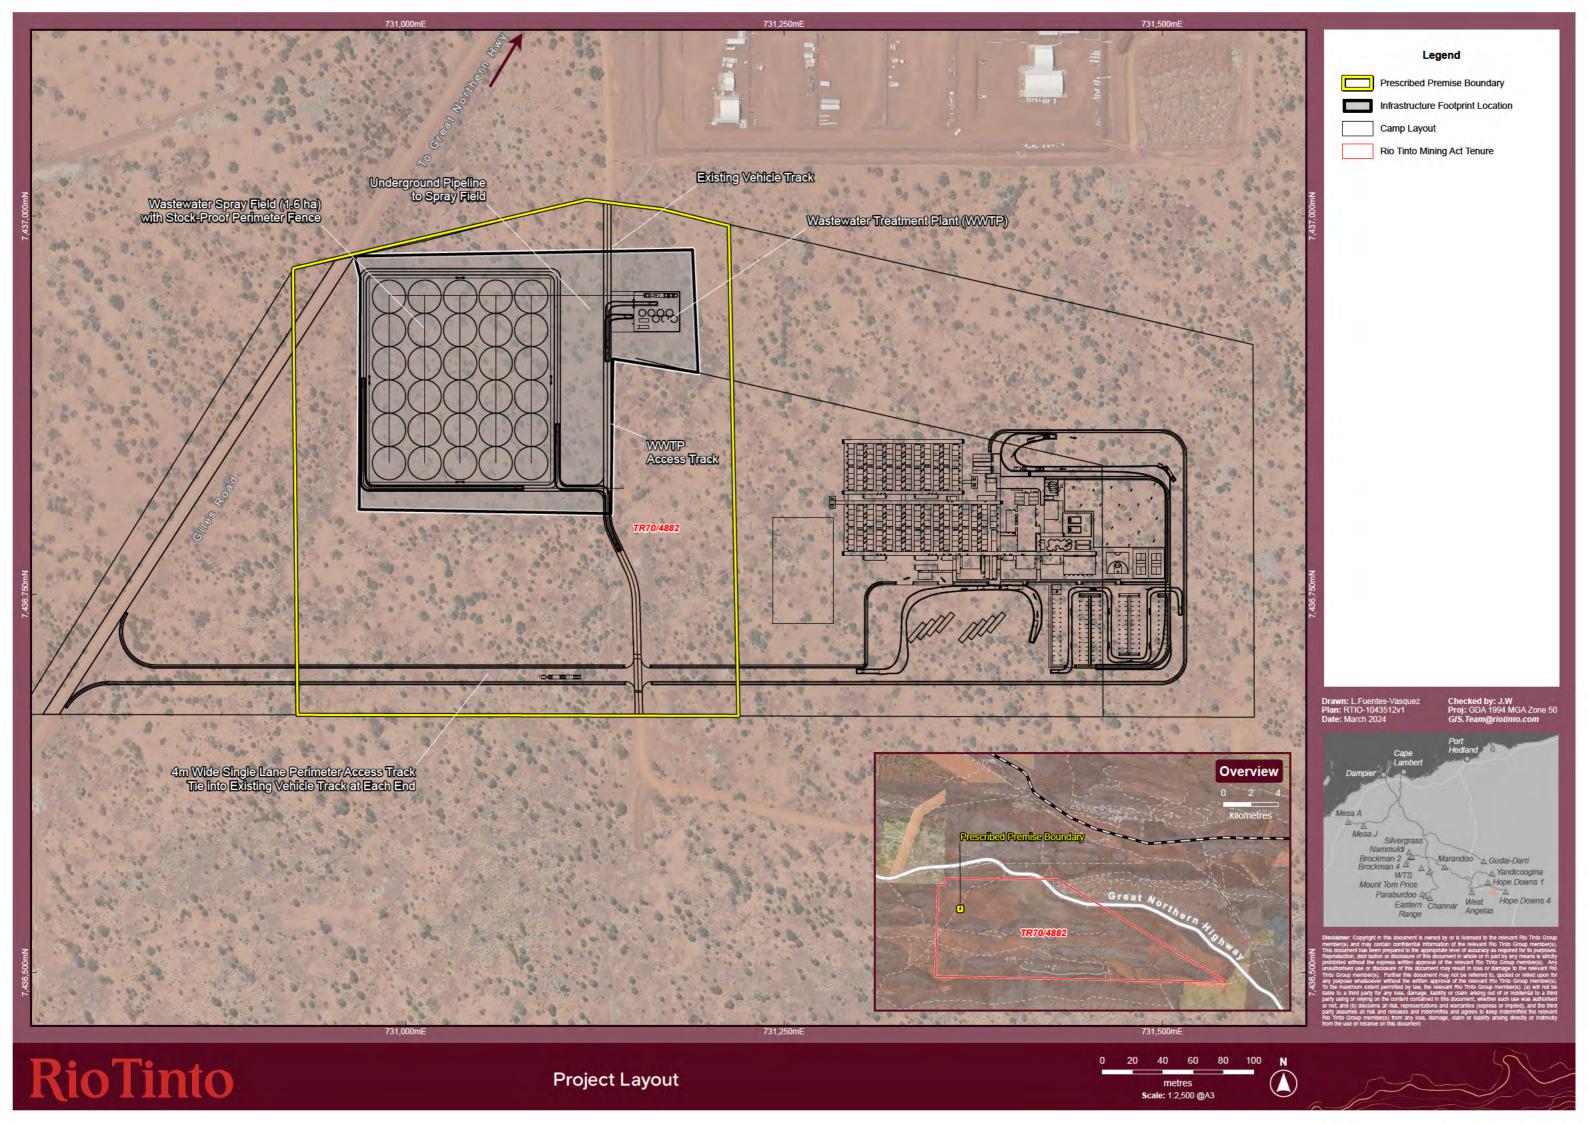

If you have any questions in relation to this authorisation, please contact Jeremy Quartermaine on 0476 384 491 or at <a href="mailto:Jeremy.quartermaine@riotinto.com">Jeremy.quartermaine@riotinto.com</a> in the first instance.

Yours sincerely,
