1. Decision summary

The Delegated Officer has determined to transfer Licence L8734/2013/2 to Catalyst Australasia Pty Ltd (Licence holder). The transfer is administrative in nature therefore it does not alter the risk profile of the Premises, providing that activities, emissions and receptors as stated in existing approvals remain unchanged.

This Decision Report documents the transfer made pursuant to section 64 of the *Environmental Protection Act 1986* (EP Act).

The existing Decision/Amendment Reports for the Licence will remain on the department's website for future reference and will act as a record of the department's decision making.

2. Scope of assessment

2.1 Regulatory framework

In transferring the licence, the department has considered and given due regard to its Regulatory Framework and relevant policy documents which are available at <https://dwer.wa.gov.au/regulatory-documents>.

2.2 Transfer Application summary

Licence L8734 was held by Veolia Environmental Services (Australia) Pty Ltd. The application is to transfer the Licence into the new Licence Holder's name, Catalyst Australasia Pty Ltd (the Licence Holder) for the Bibra Technical Waste Transfer Facility (the Premises), located at Howson Way, Bibra Lake.

The Premises relates to the categories and the assessed production capacity under Schedule 1 of the *Environmental Protection Regulations 1987* (EP Regulations) which are defined in existing Licence L8734

On 24 March 2024, the Licence Holder submitted an application to the department to transfer Licence L8734/2013/2 under section 64 of the Environmental Protection Act 1986 (EP Act). The transfer is limited to updating the occupier's name, registered business number and registered business address.

2.3 Review of new occupier details

The assessment of this transfer application is limited to a review of ownership details to determine if a Licence transfer can occur, and to update the occupier details accordingly.

The new occupier details have been reviewed against the company registration held with the Australian Securities and Investment's Commission (ASIC). The new Licence Holder's registered business name, number and address have been confirmed as correct with the ASIC registration.

3. Conclusion

Based on the assessment in this Decision Report, the Delegated Officer has determined that the Licence will be transferred, with the existing Licence conditions retained as they are commensurate with the determined controls, and necessary for administration and reporting requirements.

3.1 Summary of amendments

Table 1 below provides a summary of the transfer and will act as a record of implemented changes. All changes have been incorporated into the revised licence as part of the Licence

transfer process.
