Works approval history

Date	Reference number	Summary of changes
27/06/2022	W6655/2022/1	Works approval granted for the construction and time limited operation of a mobile screening plant

Interpretation

In this works approval:

- (a) the words 'including', 'includes' and 'include' in conditions mean "including but not limited to", and similar, as appropriate;
- (b) where any word or phrase is given a defined meaning, any other part of speech or other grammatical form of that word or phrase has a corresponding meaning;
- (c) where tables are used in a condition, each row in a table constitutes a separate condition;
- (d) any reference to an Australian or other standard, guideline, or code of practice in this works approval:
 - (i) if dated, refers to that particular version; and
 - (ii) if not dated, refers to the latest version and therefore may be subject to change over time;
- (e) unless specified otherwise, any reference to a section of an Act refers to that section of the EP Act; and
- (f) unless specified otherwise, all definitions are in accordance with the EP Act.

NOTE: This works approval requires specific conditions to be met but does not provide any implied authorisation for other emissions, discharges, or activities not specified in this works approval.

Works approval conditions

The works approval holder must ensure that the following conditions are complied with:

Construction phase

Infrastructure and equipment

1. The works approval holder must:
 - a) install the infrastructure and equipment;
 - b) in accordance with the corresponding design and installation requirements; and
 - c) at the corresponding infrastructure location.as set out in Table 1.

Table 1: Design and installation requirements

Item	Infrastructure / Equipment	Design and installation requirements	Infrastructure location
1.	Mobile screening plant	Installation and setup of mobile screening plant	Mobile screening plant located within the 'Active Disturbance Area' as shown in Figure 1 of Schedule 1.
2.	Water truck	Water truck must be available at all times at the premises during construction phase to suppress dust generated via earthworks, installation of the screening plant and vehicle movements	Within the prescribed premises boundary depicted in Figure 1 of Schedule 1.

Compliance reporting

2. The works approval holder must within 30 calendar days of an item of infrastructure required by condition 1 being installed:
 - a) undertake an audit of their compliance with the requirements of condition 1; and
 - b) prepare and submit to the CEO an Environmental Compliance Report on that compliance.
3. The Environmental Compliance Report required by condition 2, must include as a minimum the following:
 - a) certification by a person authorised to represent the works approval holder that the equipment or component(s) thereof, as specified in condition 1 been constructed in accordance with the relevant requirements specified in condition 1; and
 - b) be signed by a person authorised to represent the works approval holder and contains the printed name and position of that person.

Time limited operations

Commencement and duration

4. The works approval holder may only commence time limited operations for an item

of infrastructure identified in condition 1 where the Environmental Compliance Report as required by condition 2 has been submitted by the works approval holder for that item of infrastructure.

5. The works approval holder may conduct time limited operations for an item of infrastructure specified in condition 1 for a period not exceeding 90 calendar days from the day the works approval holder meets the requirements of condition 4 for that item of infrastructure.

Records and reporting (general)

6. The works approval holder must record the following information in relation to complaints received by the works approval holder (whether received directly from a complainant or forwarded to them by the Department or another party) about any alleged emissions from the premises:
 - a) the name and contact details of the complainant, (if provided);
 - b) the time and date of the complaint;
 - c) the complete details of the complaint and any other concerns or other issues raised; and
 - d) the complete details and dates of any action taken by the works approval holder to investigate or respond to any complaint.
7. The works approval holder must maintain accurate and auditable books including the following records, information, reports, and data required by this works approval:
 - a) the works conducted in accordance with condition 1;
 - b) any maintenance of infrastructure that is performed in the course of complying with condition 1;
 - c) complaints received under condition 6.
8. The books specified under condition 7 must:
 - a) be legible;
 - b) if amended, be amended in such a way that the original version(s) and any subsequent amendments remain legible and are capable of retrieval;
 - c) be retained by the works approval holder for the duration of the works approval; and
 - d) be available to be produced to an inspector or the CEO as required.
