Interpretation

In this licence:

- (a) the words ‘including’, ‘includes’ and ‘include’ in conditions mean “including but not limited to”, and similar, as appropriate;
- (b) where any word or phrase is given a defined meaning, any other part of speech or other grammatical form of that word or phrase has a corresponding meaning;
- (c) where tables are used in a condition, each row in a table constitutes a separate condition;
- (d) any reference to an Australian or other standard, guideline, or code of practice in this licence:
 - (i) if dated, refers to that particular version; and

Department of Water and Environmental Regulation

- (ii) if not dated, refers to the latest version and therefore may be subject to change over time;
- (e) unless specified otherwise, any reference to a section of an Act refers to that section of the EP Act; and
- (f) unless specified otherwise, all definitions are in accordance with the EP Act.

NOTE: This licence requires specific conditions to be met but does not provide any implied authorisation for other emissions, discharges, or activities not specified in this licence.

Licence conditions

The licence holder must ensure that the following conditions are complied with:

General Operations

1. The licence holder shall:
 - (b) implement all practical measures to prevent stormwater run-off becoming contaminated by the activities on the premises; and
 - (c) treat contaminated or potentially contaminated stormwater as necessary prior to being discharged from the premises.¹

Note1: *The Environmental Protection (Unauthorised Discharges) Regulations 2004* make it an offence to discharge certain materials into the environment.

2. The licence holder must use all reasonable and practical measures to prevent and where that is not practicable to minimise dust emissions from the premises.

Monitoring

3. The licence holder must monitor and record the tonnes of materials processed at the premises as specified in Table 1.

Table 1: Monitoring of inputs and outputs

Parameter	Units	Frequency
