Date of Report 20 April 2023

1. Amendment report

This amendment is made pursuant to section 59 of the *Environmental Protection Act 1986* (EP Act) to amend the Licence issued under the EP Act for a prescribed premises as set out below.

This amendment is limited to a change of the licence duration only.

The following guidance statements have informed the assessment and decision outlined in this Amendment Report.

- *Guidance Statement: Licence Duration (August 2016)*

2. Amendment description

This amendment was initiated by DWER due to the approaching expiry date of the Licence. An extension of the Licence duration without a risk assessment is considered appropriate given that a full review of the Licence was finalised in August 2018.

A further administrative amendment to the licence duration period has been applied to correct the commencement date to 28 April 2011 this being the correct date when L7210/1997/10 was issued. This correction aligns with historic DWER records for the licence anniversary date.

The Licence duration has been extended for three years, with the amended duration: 28 April 2011 to 27 April 2026.

3. Lease agreement

DWER acknowledges that if the lease agreement expires prior to the Licence expiry it is the Licence Holder's responsibility to ensure that the lease agreement is extended.

4. Decision

Based on the assessment in this Amendment Report, the Delegated Officer has determined that a licence amendment will be granted, with the changes set out in Section 4.1.

4.1. Summary of amendments

Table 1 provides a summary of the amendments and will act as a record of implemented changes. All changes have been incorporated into the Revised Licence as part of the amendment process.
