Amendment

The Chief Executive Officer (CEO) of the Department of Water and Environmental Regulation (DWER) has amended the above Licence in accordance with section 59 of the *Environmental Protection Act 1986* (EP Act), as set out in this Amendment Notice. This Amendment Notice constitutes written notice of the amendment in accordance with section 59B(9) of the EP Act.

Rebecca Kelly

MANAGER WASTE INDUSTRIES

an officer delegated under section 20 of the *Environmental Protection Act 1986* (WA).

Definitions and interpretation

Definitions

In this Amendment Notice, the terms in Table 1 have the meanings defined.

Table 1: Definitions

Term	Definition
Amendment Notice	means an amendment granted under s.59 of the EP Act in accordance with the procedure set out in s.59B of the EP Act.
Licence	refers to the document, which evidences the grant of a Licence by the CEO under s.57 of the EP Act, subject to the Conditions, being Licence L8526/2011/2
Licence Holder	refers to the occupier of the Premises being the person to whom the Licence has been granted, as specified at the front of this Amendment Notice and defined as the Licensee in the Licence
Licensee	Has the same meaning as Licence Holder

Amendment Notice

This amendment is made pursuant to section 59 of the *Environmental Protection Act 1986* (EP Act) to amend the Licence issued under the EP Act for a prescribed premises as set out below. This notice of amendment is given under section 59B(9) of the EP Act.

The Licence Holder applied for administrative amendment to Licence L8562/2011/2 on 28 August 2018. The tonnes of biosolids accepted for compost manufacturing and soil blending activities at the Premises have been calculated as dry tonnes however, when biosolids are accepted, there is a moisture component that results in a higher tonnage being accepted. This amendment has been undertaken to reflect the moisture content weight of biosolids accepted at the Premises.

No changes to the existing operations, waste acceptance or processing are proposed and the Delegated Officer considers that this amendment is administrative in nature as it does not change the current risk profile for the Premises.

Amendment history

Table 2 provides the history for Part V EP Act approvals at the Premises.

Table 2: Licence amendments

Instrument	Issued	Amendment
W4795/2010/1	06/01/2011	Works approval granted for construction of Premises.

L8526/2011/2	15/05/2014	New Licence granted to replace previous version of Licence.
L8526/2011/2	28/04/2016	Amended Licence granted to increase maximum compost production to 8,000 tonnes/ annual period.
L8526/2011/2	29/04/2016	Notice of amendment of licence expiry dates, extending the duration of the Licence to 22 May 2036

Licence Holder's comments

The Licence Holder was provided with the draft Amendment Notice on 16 January 2019. No comments were received.

Decision

The application to amend the Licence is administrative in nature and no changes to the physical, infrastructure or operational controls and processes at the Premises have been proposed or approved. No assessment of risk from potential emissions, discharges or environmental harm is considered necessary for the administrative amendment. The amendment application is granted subject to the amendment to the conditions specified below.
