Table 1: Licence amendments

Instrument	Issued	Amendment
L6249/1991/8	24/10/2013	Licence re-issue
L6249/1991/8	12/06/2014	Amendment
L6249/1991/8	25/10/2018	Amendment Notice 1 to extend the licence expiry date to 31/10/2028

Decision

The Delegated Officer has determined that the licence duration will be extended by ten years.

The Delegated Officer considers that a full review of the premises as part of a licence renewal process is not warranted at this time as the premises is low risk and DWER's Environmental Standards for Wastewater Treatment Facilities have not yet been developed. A full review of the Karratha No.2 WWTP licence may be considered as part of DWER's risk-based licence review program. The extension does not alter the risk profile of the premises and a detailed risk assessment is not required.

Licence Holder's comments

The Licence Holder was provided with the draft Amendment Notice on 5 October 2018. The Licence Holder waived the remainder of their comment period on 23 October 2018 and did not have any comments.

Amendment

1. The licence expiry date has been extended from *Wednesday, 31 October 2018* to *31 October 2028*.
