Amendment description

During 2013, DWER completed a category 12 prescribed premises licence review which resulted in the current licence for the Boral Toodyay Hard Rock Quarry. The licence expires on Sunday 29 October 2017. On 10 August 2017, an application to renew licence L6930/1986/12 was submitted to DWER by the Licence Holder. DWER has completed a risk assessment of the premises emissions to determine any potential impacts on public health and the environment. The draft licence renewal documents were sent to the Licence Holder for review and comment.

The Licence Holder has raised concerns with the proposed changes to the licence and has requested more time to for discussions with DWER prior to finalizing the new licence.

DWER has initiated this amendment to the Licence L6930/1986/12 for the Boral Toodyay Hard Rock Quarry to provide sufficient time for the review to be completed.

The expiry date extension by three months will not alter the existing licence operations nor increase or alter existing authorised emissions.

Decision

The Delegated Officer considers extending the expiry date of the Licence by three months does not require a risk assessment.

This amendment does not propose any alteration to the production, design capacity, prescribed activity or discharge locations approved under the existing Licence. The amendment will extend the expiry date of the Licence by three months.

The Delegated Officer therefore grants the amendment of Licence L6930/1986/12.

Amendment

1. The licence expiry date is extended from *Sunday 29 October 2017* to *Monday 29 January 2018*.

Licence Holder's comments
