## Amendment

The Chief Executive Officer (CEO) of the Department of Environment Regulation (DER) has amended the above licence in accordance with section 59 of the *Environmental Protection Act 1986* as set out in this Amendment Notice.

Date signed: 17 November 2016

**Alan Kietzmann**

**MANAGER – LICENSING (WASTE INDUSTRIES)**

*an officer delegated under section 20 of the Environmental Protection Act 1986 (WA)*

## Amendment Notice

This Notice is issued under section 59 of the *Environmental Protection Act 1986* (EP Act) to amend the licence issued under the EP Act for a prescribed premises as set out below. This notice of amendment is given under section 59B(9) of the EP Act.

## Amendment Description

On 22 October 2015, A. Richards Pty Ltd (the Licence Holder) was granted amended licence L7391/1999/9 to update the authorised wastes accepted at the Premises and administrative changes to the licence.

During a site visit by DER Officers on 15 September 2016, the site manager advised that the premises is no longer accepting food wastes or plasterboard in the site operations. DER Officers also identified that the prescribed premises boundary on the licence appears to encompass the adjacent separate premises. Correspondence with the occupier during the 21 day comment period identified the requirement to retain food waste on the licence.

This Amendment Notice is a DER initiated an amendment to remove plasterboard from the licence acceptance criteria and to correct the prescribed premises boundary. No other changes are proposed.

## Decision

The Delegated Officer has determined that an administrative amendment is to be made to update the premises address on page one, remove plasterboard from Table 1.3.1 and to replace the 'Premises map' in Schedule 1 with an updated map reflecting the true extent of the prescribed premises activities.

A detailed risk-assessment is not required as the proposed amendment is administrative in nature and does not impact of the emissions and discharges from the premises. There are no other changes to the licence.

In granting this amendment the Delegated Officer has considered the following DER guidance statements:

- *Setting Conditions Division 3, Part V, Environmental Protection Act 1986, October 2015*
- *Licensing and works approvals process Part V Environmental Protection Act 1986, September 2015.*
