Amendment

The Chief Executive Officer (CEO) of the Department of Environment Regulation (DER) has amended the above Licence L8432/2010/3 in accordance with section 59 of the *Environmental Protection Act 1986* as set out in this Amendment Notice.

Date signed: 12 January 2017

Caron Goodbourn

A/Manager Licensing (Process Industries)

an officer delegated under section 20 of the Environmental Protection Act 1986 (WA)

Amendment Notice

This notice is issued under section 59 of the *Environmental Protection Act 1986* (EP Act) to amend the licence issued under the EP Act for a prescribed premises as set out below. This notice of amendment is given under section 59B(9) of the EP Act.

Amendment Description

The Licence Holder operates the Byford Hard Rock Quarry located near Mundijong, approximately 45 km south of Perth. The quarry supplies hard rock products for the expanding metropolitan area.

On 17 September 2015 a works approval (W5841/2015/1) was issued to Hanson Construction Material Pty Ltd for the construction of a concrete batching plant (the Plant). The Plant will provide premixed concrete for the domestic, commercial and civil construction industries and is subject to the *Environmental Protection (Concrete Batching and Cement Product Manufacturing) Regulations 1998*.

Correspondence dated 11 October 2016 was received by DER advising of the completion of works for the Plant. Review of the correspondence determined that conditions 2.1.1 and 2.1.2 of works approval W5841/2015/1 had been met. On 4 November 2016 the Licence Holder submitted an application to include the Plant onto their existing licence L8432/2010/3 as a *Category 77- Concrete batching or cement products manufacturing* prescribed premises.

Decision

This amendment notice is issued to include the Plant onto the licence. The proposed changes do not alter the risk of the premises or the type and quantities of waste emitted.

Amendment History

Instrument	Issued	Amendment
L8432/2010/3	12 January 2017	Amendment Notice 1 Amendment to add Category 77 onto existing licence.

Amendment

1. The prescribed premises category table on page 1 of the licence is amended by the insertion of the red text shown in underline below:

Category number	Category description	Category production or design capacity	Approved premises production or design capacity
12	Screening etc. of material: premises (other than premises within category 5 or 8) on which material extracted from the ground is screened, washed, crushed, ground, milled, sized or separated.	50,000 tonnes or more per year	700,000 tonnes per annual period
<u>77</u>	<u>Concrete batching or cement products manufacturing: premises on which cement products or concrete are manufactured for use at places or premises other than those premises.</u>	<u>100 tonnes or more per year</u>	<u>90 000 tonnes per annual period</u>
