## Amendment Notice

This amendment is made pursuant to section 59 of the *Environmental Protection Act 1986* (EP Act) to amend Licence L8524/2011/1 granted under the EP Act. This notice of amendment is given under section 59B(9) of the EP Act.

### Amendment description

This Amendment Notice is the result of a DWER initiated amendment to extend the licence duration as it will expire on 8 May 2019.

### Amendment history

Table 1 provides the amendment history for L8524/2011/1.

**Table 1: Licence amendments**

Instrument	Issued	Description
L8524/2011/1	05/5/2011	New licence
L8524/2011/1	29/04/2016	Amendment to extend expiry date until 8 May 2019
L8524/2011/1	16/04/2019	Amendment to extend expiry date until 8 May 2031 (this amendment notice)

### Decision

Section 63 of the EP Act prescribes that a licence shall continue in force for such period as is specified in the licence. In making the decision to extend the duration of the licence, the Delegated Officer had regard to DWER's *Guidance Statement: Licence Duration* that provides for the granting of a licence for the maximum appropriate licence term, up to 20 years.

The current Licence is due to expire on 8 May 2019. The Delegated Officer has determined that the licence duration will be extended by to 8 May 2031 (12 years) which is 20 years in aggregate from the commencement of the licence on 9 May 2011.

In determining to amend the duration of the licence, the following matters were considered by the Delegated Officer:

- The premises are subject to an August 2006 land use planning approval from the City of Rockingham which has no conditions that limit the duration of the approved operation;
- There is a reasonable expectation by Licensees and the Department that licences should continue without interruptions that necessitate new licence applications;
- In April 2016 the Department made the decision to extend the duration of Licence L8524 by 3 years to provide time for a review of the Licence to occur; and
- while the planned review is yet to occur, extending the duration of the licence for the maximum 20 years does not impact the Department's ability to review the risk of the premises or initiate amendments to the licence to address identified risk at any stage.
