The following guidance statements have informed the decision made on this amendment:

- *Guidance Statement: Regulatory Principles* (July 2015)
- *Guidance Statement: Setting Conditions* (October 2015)
- *Guidance Statement: Decision Making* (February 2017)

Amendment description

The amendment is initiated by DWER to correct the definition of 'Leachate Control System' to more accurately reflect the infrastructure at the Premises. The current definition refers to a self bundled impervious holding tank while the infrastructure at the Premises consists of two concrete liner tanks with high level alarms.

Amendment history

Table 2 provides the amendment history for L8993/2016/1.

Instrument	Issued	Amendment
L8993/2016/1	11/05/2017	Reissued licence
L8993/2016/1	29/08/2017	Amendment Notice 1 Update definition of leachate collection system

Decision

The Delegated Officer has determined that the definition of Leachate Collection System in condition 1.1.2 is to be amended to refer to the correct infrastructure.

No other amendments are to be made to the Licence.

Licence Holder's comments

The Licence Holder was provided with the draft Amendment Notice on 7 August 2017. The Licence Holder did not provide any comments.

Amendment

1. Definitions of the Licence are amended by the deletion of the text shown in strikethrough and the insertion of the red text shown in underline below:

'Leachate Collection System' means the dedicate leachate collection system constructed within the Production Area to collect leachate and direct it to ~~a self-bundled impervious holding tank~~; one of two of concrete lined tanks with airtight cast iron covers interconnected at bases with high level alarms and flashing strobe light;
