**FORTESCUE SUBMISSION OF WORKS APPROVAL APPLICATION FOR THE  
NULLAGINE PILOT WIND FARM**

FMG Nullagine Pty Ltd (FMG Nullagine), a wholly owned subsidiary of Fortescue Ltd (Fortescue) is seeking to apply for a new Works Approval under Section 54 of the *Environmental Protection Act 1986*. The proposed activities are required for the Nullagine Pilot Wind Farm comprising approximately 17 wind turbines and 55 km of power transmission infrastructure.

The construction and operation of the proposed activities will be undertaken by Pilbara Energy (Generation) Pty Ltd (PEG), also a wholly owned subsidiary of Fortescue, on behalf of FMG Nullagine.

Please find attached the completed application form, supporting documentation detailing the prescribed activity and its environmental management, as part of this Works Approval application.

This application seeks to conduct the following activities:

- Construction and operation of a WWTP, with a maximum throughput of 240 m<sup>3</sup>/day of blended effluent.
- Construction and operation of two irrigation spray fields with a combined area of 13.2 hectares (ha).
- A 5 km pipeline corridor and other associated infrastructure to support the disposal and treatment of wastewater.
- Construction and operation of a mobile concrete batch plant, with a production rate of 50,000 tonnes per year.
- Construction and operation of a mobile crushing and screening facility, with a production rate of 600,000 tonnes per year.

Fortescue requests for the inclusion of proposed standard works approval conditions to provide consistency with other Fortescue approvals. Fortescue requests that these standard conditions are utilised by DWER to draft the works approval where appropriate.
