# Application form: Works Approval / Licence / Renewal / Amendment / Registration

Part V Division 3. Environmental Protection Act 1986 Environmental Protection Regulations 1987

#### Instructions

- Completion of this form is a statutory requirement under s.54(1)(a) of the Environmental Protection Act 1986 (WA) (EP Act) for works approval applications; s.57(1)(a) for licence and licence renewal applications; s.59B(1)(a) for applications for an amendment; and under r.5B(2)(a) of the Environmental Protection Regulations 1987 (WA) (EP Regulations) for applications for registration of premises.
- The instructions set out in this application form are general in nature.
- A reference to 'you' in these instructions is a reference to the applicant.
- The information provided to you by the Department of Water and Environmental Regulation (DWER) in relation to making applications does not constitute legal advice. DWER recommends that you obtain independent legal advice.
- Applicants seeking further information relating to requirements under the EP Act and/or EP Regulations are directed to the Parliamentary Counsel's Office website (www.legislation.wa.gov.au). Schedule 1 of the EP Regulations contains the categories of prescribed premises.
- For prescribed premises where activities fall within more than one category, ALL applicable categories must be identified. This applies for existing prescribed premises seeking renewal or amendment, as well as new prescribed premises.
- The application form must be completed with all relevant information attached. Attachments can be combined and submitted as one or more consolidated documents if desired, provided it is clear which section of the application form the information / attachments relate to. Where attachments are submitted separately, avoid duplicating information. Ensure that any cross-references between the application form and the supporting document(s) are accurate.
- If an application form has been submitted which is incomplete or materially incorrect, the Chief Executive Officer of DWER (CEO) will decline to deal with the application and advise the applicant accordingly.
- On completing this application form, please submit it to DWER in line with the instructions in Part 15 of the form.

#### Key:

Must be completed / submitted.

To the extent changed / required in relation to the amendment.

N/A Not required with application, but may be requested subsequently depending on DWER records.

"If required" Sections for applicants to determine.

#### Part 1: Applicant details

#### INSTRUCTIONS:

- The applicant (the occupier of the premises) must be an individual(s), a company, body corporate, or
  public authority, but not a partnership, trust, or joint-venture name. Applications made by or on behalf of
  business names or unincorporated associations will not be accepted.
- If applying as an individual, your full legal name must be provided.
- If applying as a company, body corporate, or public authority, the full legal entity name must be inserted.
- Australian Company Number's (ACN) must be provided for all companies or body corporates.
- DWER prefers to send all correspondence electronically via email. We request that you consent to
  receiving all correspondence relating to instruments and notices under Part V of the EP Act (Part V
  documents) electronically via email, by indicating your consent in Section 1.2.
- Companies or body corporates making an application must nominate an authorised representative from within their organisation. Proof of authorisation must be submitted with the application (see Section 1.7).
   If you are applying as an individual, you are the representative.
- Details of a contact person must be provided for DWER enquiries in relation to your application. This
  contact person can be a consultant if authorised to represent the applicant. Written evidence of this
  authorisation must be provided.
- Details of the occupier of the premises must be provided. One of the options must be selected and if you
  have been asked to specify, please provide details. For example, if 'lease holder' has been selected,
  please specify the type of lease (for example, pastoral lease, mining lease, or general lease) and provide a
  copy of the lease document(s). Note that contracts for sale of land will not be sufficient evidence of
  occupancy status.

1.1	Applicant name/s (full legal name/s):	Evolution Mining (Mungari) Pty Ltd
	The proposed holder of the works approval, licence or registration.	
1.2	Authorised representative details:	Name

Part 1:	: Applicant details				
	The person authorised to receive correspondence and Part V documents on behalf of the applicant under the EP Act.  Where 'yes' is selected, all correspondence will be sent to you via email, to the email address provided in this section.  Where 'no' has been selected, Part V documents	Ye		No	
	will be posted to you in hard copy to the postal / business address specified in Section 2.4, below. Other general correspondence may still be sent to you via email.	I consent to all written correspondence between myself (the applicant) and DWER, regarding the subject of this application, being exclusively via email, using the email address I have provided above.			
1.3	Contact person details for DWER enquiries relating to the application (if different from the authorised representative): For example, could be a consultant or a site-based employee.				
1.4	Occupier status: Occupier is defined in s.3 of the EP Act and includes a person in occupation or control of the premises, or occupying a different part of the premises whether or not that person is the owner. Note: if a lease holder, the applicant must be the holder of an executed lease, not just an agreement to lease.	Registered proprietor on certificate of title.  Lease holder (please specify, including date of expiry of lease).  Evolution Mining (Mungari) Pty Ltd  M15/829 (14/03/2041)  M15/830 (14/03/2041)  M15/1407 (07/01/2046)  M15/1408 (07/01/2046)  M15/1287 (24/06/2046)  M15/1741 (11/09/2033)  M15/688 (24/03/2036)  M15/1827 (10/01/2038)  L15/228 (07/11/2043)  L15/227 (10/12/2043)  L15/287 (09/12/2039)			
		Public authority that has care, control, or management of the land.			1
		Other evidence of legal occupation or control (please specify – for example, joint venture operating entity, contract, letter of operationa control, or other legal document or evidence of legal occupation).	ı		

Attacl	hments		N/A	Yes
1.5	Attachment 1A: Proof of occupier status	Copies of certificate of title, lease, or other instruments evidencing proof of occupier status, including the expiry date or confirmation that there is no expiry date, have been provided and labelled as Attachment 1A.		×
1.6	Attachment 1B: ASIC company extract	A current company information extract (not the company information summary) purchased from the ASIC website(s) for all new applications / registrations has been provided and labelled as Attachment 1B.		×
1.7	Attachment 1C: Authorisation to act as representative of the occupier	A copy of the documentation authorising the applicant to act on the occupier's behalf as their authorised agent/representative has been provided and labelled as Attachment 1C.		×

#### Part 2: Premises details

# 2.1 GPS (latitude and longitude) coordinates:

GPS coordinates determined using the GDA 2020 (Geographic latitude / longitude) coordinate system and datum must be provided for all points around the proposed premises boundary, where the entirety of the cadastre (land parcel) or mining tenements are not used as the premises boundary.

The premises boundary is defined by the coordinates in Table

Table 1: Premises boundary coordinates (GDA2020 Zone 51)

Easting	Northing	
334080	6595862

art 2: Premises d	
	You must also provide a map or maps of the prescribed premises, clearly identifying and labelling:
	<ul> <li>layout of key infrastructure and buildings, clearly labelled;</li> </ul>
	<ul> <li>the premises boundary (where the premises boundary does not align with the entirety of the cadastral boundary, identify the Lot Number for which the premises is part of);</li> </ul>
	<ul> <li>emission and discharge points (with precise GPS coordinates where available);</li> </ul>
	<ul> <li>monitoring points (with precise GPS coordinates where available);</li> </ul>
	sensitive receptors and land uses
	all areas proposed to be cleared (if applicable).
	Maps must contain a north arrow, clearly marking the area in which the activities are carried out. The map or maps must be of reasonable clarity and have a visible scale.

#### Part 3: Proposed activities

#### INSTRUCTIONS:

- You must provide a description and the scope, size and scale of all prescribed activities of Schedule 1 to the EP Regulations including the maximum production or design capacity of each prescribed activity.
- If applying for a works approval or licence amendment involving the construction of new infrastructure, you must provide information on infrastructure to be constructed and how long construction is expected to take. You must confirm if commissioning is to occur and how long it will take.
- If applying for a works approval or licence amendment not involving the construction of new infrastructure, provide details of the proposed amendment.
- You must identify all emission sources on the premises map/s.
- You must also provide information on activities which directly relate to the prescribed premises category
  which have, or are likely to result in, an emission or discharge.
- If clearing activities are proposed provide a description and details. If a relevant exemption under Schedule 6 of the EP Act or r.5 of the Environmental Protection (Clearing of Native Vegetation) Regulations 2004 (WA) (Clearing Regulations) may apply, provide details.
- Note that in some cases, DWER may require that the clearing components of a works approval or licence (or amendment) application be submitted separately through the clearing permit application process.
   Refer to the <u>Procedure: Prescribed premises works approvals and licences</u> for further guidance.
- Please note that the requested information is critical to DWER's understanding of the proposed activities.
   The more accurate, specific, and complete the information provided in the application, the less uncertainty that DWER may identify in the application, therefore facilitating completion of the assessment in a more efficient and timely manner.

#### 3.1 Prescribed premises infrastructure and equipment

In Table 3.1 (below), provide a list of all items of infrastructure and equipment within the boundary of the prescribed premises relevant to this application, and include the following details for each:

- relevant categories (if known) the categories of prescribed premises (as listed under Schedule 1
  of the EP Regulations) that relate to that infrastructure or equipment;
- site plan reference the location of that infrastructure or equipment (with reference to the site plan
  map or maps provided above in Section 2.2 and labelled as Attachment 2 e.g. use GPS
  coordinates or a clear description such as "labelled as [label on premises map] on Map A");
- is it critical containment infrastructure (CCI)? indicate if the identified infrastructure or
  equipment would be categorised as CCI. Refer to the <u>Guideline: Industry Regulation Guide to</u>
  <u>Licensing</u> for further information on CCI; and
- is environmental commissioning required? indicate if environmental commissioning is intended
  to be undertaken for that item of infrastructure or equipment. Refer to the <u>Guideline</u>: <u>Industry</u>
  Regulation <u>Guide to Licensing</u> for further information on environmental commissioning.

Add additional rows to Table 3.1 (below) as required.

### 3.2 Detailed description of proposed activities or proposed changes (if an amendment):

You must provide details of proposed activities relevant to this application within the boundary of the prescribed premises, identifying:

- scope, size, and scale of the project, including details as to production or design capacity (and/or frequency, if applicable);
- · key infrastructure and equipment;
- description of processes or operations (a process flow chart may be included as an attachment);
- emission / discharge points;
- · locations of waste storage or disposal
- activities occurring during construction, environmental commissioning, and operation (if applicable).

If assessment and imposition of conditions to allow environmental commissioning to be undertaken are requested, please provide an environmental commissioning plan as Attachment 3A (see 3.11 below).

Additional information relating to the proposed activities may be included in Attachment 3B (see 3.12 below).

Construction activities (if applicable):

#### Part 3: Proposed activities

Pending project approval, the proposed schedule for construction and operations of the TSF lifts stage 4 to 10 is provided in Table 4. Once approvals are in place it is important that TSF Cell 3 Stage 4 construction works commences in September 2025 to enable continued operation of the expanded processing plant. The proposed works are planned to finish in February 2026. The following TSF Detailed Design Reports have been provided as Attachment 3B:

Mungari TSF Cells 3 & 4 Stages 1-10

Mungari TSF Cells 3 & 4 Stages 4-10 addendum

#### Environmental commissioning activities (if applicable):

Refer to the Guideline: Industry Regulation Guide to Licensing for further guidance.

N/A

#### Time limited operations activities (if applicable):

Different elements of the premises may require time limited operations to commence at different times. In these circumstances, please specify the infrastructure and/or equipment for which time limited operations authorisation is being applied for.

If time limited operations are expected to differ from future licensed operations, specify how and why this would be the case.

Refer to the Guideline: Industry Regulation Guide to Licensing for further guidance.

#### Operations activities (for a licence):

Existing Licence L7750/2001/10, which covers the current and proposed processing operations, authorises the following activities:

- Category 5: Processing and beneficiation of metallic or non-metallic ore
- Category 6: Mine dewatering
- Category 12: Screening etc. of material
- Category 89: Putrescible landfill

No additional prescribed activities are proposed as part of this Licence amendment application.

5 Mtpa production capacity for Cat. 5 has already been assessed under W6803/2023/1.

3.3	Estimated operating period of the project / premises (e.g. based on estimated infrastructure life):	16 years (as per L7750/2001/10)
3.4	Proposed date(s) for commencement of works (if applicable):	September 2025 (TSF Cell 3 Stage 4)
3.5	Proposed date(s) for conclusion of works construction (if applicable):	February 2025 (TSF Cell 3 Stage 4)
	This date should coincide with the submission to DWER of an Environmental Compliance Report(s) and/or a Critical Containment Infrastructure Report(s) as required.	
	Refer to the Guideline: Industry Regulation Guide to Licensing.	
3.6	Proposed date(s) for environmental commissioning of works (if applicable):	NA
	Refer to the Guideline: Industry Regulation Guide to Licensing.	
3.7	Proposed date/s for commencement of time limited operations under works approval (if applicable):	NA
	Refer to the Guideline: Industry Regulation Guide to Licensing.	

Part 3	: Proposed activities				
3.8	Maximum production or design capacity for each category applied for (based on infrastructure operating 24 hours a day, 7 days a week):  Provide figures for all categories listed in Section 1.2.  Units of measurement must be the same as the units of measurement associated with the relevant category as identified in Schedule 1 of the EP Regulations.				
3.9	Estimated / actual thro	oughput for each category applied for:	Estimated at be	tween 4.2	200.000

#### Part 4: Index of Biodiversity and Marine Surveys for Assessments (IBSA and IMSA)

#### INSTRUCTIONS:

- Biodiversity surveys should be submitted through the IBSA Submissions Portal at ibsasubmissions.dwer.wa.gov.au
- Biodiversity surveys submitted to support this application must meet the requirements of the EPA's Instructions for the preparation of data packages for the Index of Biodiversity Surveys for Assessments (IBSA).
- Marine surveys submitted to support this application must meet the requirements of the EPA's Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments (IMSA).
- If these requirements are not met, DWER will decline to deal with the application.

Attac	Attachments				Yes
Please provide the IBSA number(s) (or submission number(s) if IBSA number has not yet been issued) in the space provided.  Note that a submission number is not confirmation of acceptance of a biodiversity survey and is not the same		IBSA number(s) (or r(s) if IBSA number	All biodiversity surveys submitted with this application meet the requirements of the EPA's Instructions for the preparation of data packages for the Index of Biodiversity Surveys for Assessments (IBSA).		
		eptance of a and is not the same	Submission number(s)		
	as an IBSA number. IBSA numbers are only issued once a survey has been accepted. Once an IBSA number is issued, please notify the department.		IBSA number(s)

• If ap	pplication, you must provide relevant details.	approvals within DWER that may be relevant to this osal to the Environmental Protection Authority (EPA),
Pre-ap	oplication scoping	
5.1	Have you had any pre-application / pre- referral / scoping meetings with DWER regarding any planned applications?	□ No ☑ Yes – provide details:
Enviro	onmental impact assessment (Part IV of the EP	Act)
5.2	Have you referred or do you intend to refer the proposal to the EPA?  Section 37B(1) of the EP Act defines a 'significant proposal' as "a proposal likely, if implemented, to have a significant effect on the environment".  If DWER considers that the proposal in this application is likely to constitute a 'significant proposal', DWER is required under s.38(5) of the EP Act to refer the proposal to the EPA for assessment under Part IV, if such a referral has not already been made.  If a relevant Ministerial Statement already exists, please provide the MS number in the space provided.	□ Yes (referred) – reference (if known): [ ]      □ Yes – intend to refer (proposal is a 'significant proposal') □ Yes – intend to refer (proposal will require a s.45C amendment to the current Ministerial Statement): MS [ ]      □ No – a valid Ministerial Statement applies: MS [ ]      区 No – not a 'significant proposal'
Clearin	ng of native vegetation (Part V Division 2 of the	EP Act and Country Area Water Supply Act 1947)
5.3	Have you applied or do you intend to apply for a native vegetation clearing permit?  In accordance with the Guideline: Industry Regulation Guide to Licensing and Procedure: Native vegetation clearing permits, where clearing of native vegetation:  • is exempt under Schedule 6 of the EP Act or the Environmental Protection (Clearing of Native Vegetation) Regulations 2004 (WA) (refer to A quide to the exemptions and regulations for clearing native vegetation)  • is being assessed by a relevant authority which would lead to an exemption under Schedule 6 of the EP Act, or  • has been referred under s.51DA of the EP Act and a determination made that a clearing permit is not required (refer to the Guideline: Native vegetation clearing referrals),  the clearing will not be reassessed by DWER or be subject to any additional controls by DWER.  If the proposed clearing action is to be assessed in accordance with, or under, an Environment Protection and Biodiversity Conservation Act (Cth) (EPBC Act) accredited process, such as the assessment bilateral agreement must be completed and attached to your clearing permit application.	Yes – clearing application reference (if known):     CPS [ ]      Yes – a valid EP Act clearing permit already applies:     CPS [ ]      No – this application includes clearing (please complete Sections 4.13 to 4.19 above)      No – permit not required (no clearing of native vegetation)      No – permit not required (clearing referral decision):     CPS [ ]      No – an exemption applies (explain why):

Part 5	: Other DWER approvals				
Water	Have you applied or do you intend to apply for a Country Area Water Supply Act 1947 licence?  If a clearing exemption applies in a Country Area Water Supply Act 1947 (CAWS Act) controlled catchment, or if compensation has previously been paid to retain the subject vegetation, a CAWS Act clearing licence is required.  If yes, contact the relevant DWER regional office for a Form 1 Application for licence. 6.7	Has the proposal obtained all other necessary statutory approvals (not including any other DWER approvals identified in Part 6 of this application)?		×	
	If no, please provide details of approvals already obtained, outstanding approvals, obtaining these outstanding approvals:	and expe	cted date:	s for
	White Foil Project: TSF Stage 4-10 Mining Proposal under assessment by DMPE a	as Applica	ition ID 50	0639).
4		N/A	No	Yes
6.8	Has consultation been undertaken with parties considered to have a direct interest in the proposal (that is, interested parties or persons who are considered to be directly affected by the proposal)?  DWER will give consideration to submissions from interested parties or persons in accordance with the <a href="Guideline: Industry Regulation Guide to Licensing">Guideline: Industry Regulation Guide to Licensing</a> .			
Atta	chments		N/A	Yes
6.9	Attachment 5: Other approvals specified in Part 5 of this approvals and application, including copies of relevant decisions ar consultation consultation undertaken with direct interest stakehol documentation have been provided and labelled Attachment 5.		Ø	
				527
Part	7: Applicant history			
Note •	DWER will undertake an internal due diligence of the applicant's fitness and cor DWER's compliance records and the responses to Part 7 of the form.  If you wish to provide additional information for DWER to consider in making the provide that information as a separate attachment (see Part 11).			
		N/A	No	Yes
7.1	If the applicant is an individual, has the applicant previously held, or do they currently hold, a licence or works approval under Part ∨ of the EP Act?	×		
7.2	If the applicant is a corporation, has any director of that corporation previously held, or do they currently hold, a licence or works approval under Part V of the EP Act?			×
7.3	If yes to 7.1 or 7.2 above, specify the name of company and/or licence or works a	pproval ni	umber:	
	Evolution Mining (Mungari) Pty Ltd –W6364/2020/1, W643/2020/1, W6566/2021/1 W6862/2023/1, L7750/2001/10.	, W6803/	2023/1,	
7.4	If the applicant is an individual, has the applicant ever been convicted, or paid a penalty, for an offence under a provision of the EP Act, its subsidiary legislation, or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?	×		
7.5	If the applicant is a corporation, has any director of that corporation ever been convicted, or paid a penalty, for an offence under a provision of the EP Act, its subsidiary legislation, or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?		×	
7.6	If the applicant is a corporation, has any person concerned in the management of the corporation, as referred to in s.118 of the EP Act, ever been convicted of, or paid a penalty, for an offence under a provision of the EP Act, its subsidiary			

legislation, or similar environmental protection or health-related legislation in

Western Australia or elsewhere in Australia?

Part 7:	Part 7: Applicant history				
7.7	If the applicant is a corporation, has any director of that corporation ever been a director of another corporation that has been convicted, or paid a penalty, for an offence under a provision of the EP Act, its subsidiary legislation, or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?				
7.8	With regards to the questions posed in 7.4 to 7.7 above, have any legal proceedings been commenced, whether convicted or not, against the applicant for an offence under a provision of the EP Act, its subsidiary legislation, or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?	X			
7.9	Has the applicant had a licence or other authority suspended or revoked due to a breach of conditions or an offence under the EP Act or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?				
7.10	If the applicant is a corporation, has any director of that corporation ever had a licence or other authority suspended or revoked due to a breach of conditions or an offence under the EP Act or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?				
7.11	If the applicant is a corporation, has any director of that corporation ever been a director of another corporation that has ever had a licence or other authorisation suspended or revoked due to a breach of conditions or an offence under the EP Act or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?				
7.12	If yes to any of 7.4 to 7.11 above, you must provide details of any charges, conviction offence, and/or licences or other authorisations suspended or revoked:	ons, pena	alties paid	for an	
	N/A				

#### Part 8: Emissions, discharges, and waste

### INSTRUCTIONS:

- Please see <u>Guideline: Risk Assessments</u> and provide all information relating to emission sources, pathways and receptors relevant to the application.
- You must provide details on sources of emissions (for example, kiln stack, baghouses or discharge pipelines) including fugitive emissions (for example, noise, dust or odour), types of emissions (physical, chemical, or biological), and volumes, concentrations and durations of emissions.
- The potential for emissions should be considered for all stages of the proposal (where relevant), including during construction, commissioning and operation of the premises.

		No	Yes
8.1	Are there potential emissions or discharges arising from the proposed activities?		$\boxtimes$
	If yes, identify all potential emissions and discharges arising from the proposed active complete Table 8.1: Emissions and discharges (below).	ities and

9. 10. 11. 12.

Part 8	: Emissi	ons, discharges, and waste		
8.2		e-related activities at the premises <sup>2</sup> er "yes" or "no" for the following questions and complete Table 8.2 (below).	No	Yes
	(a)	Is waste accepted at the premises?	$\boxtimes$	
	(b)	Is waste produced on the premises?		×
	(c)	Is waste processed on the premises?	$\boxtimes$	
	(d)	Is waste stored on the premises?		$\boxtimes$
	(e)	Is waste buried on the premises?	$\boxtimes$	
	(f)	Is waste recycled on the premises?	$\boxtimes$	
	(g)	Is any of the waste listed in Table 8.2 (below) also considered a 'dangerous good' for the purposes of the Dangerous Goods Safety (Storage and Handling of Non-Explosives) Regulations 2007? <sup>3</sup>	×	
	1	Specify, if yes:		
	<sup>2</sup> Copie	es / details of any other relevant approvals (e.g. from the Department of Health) must be provided	where ap	plicable.

Solid waste types must be described with reference to Landfill Waste Classification and Waste Definitions 1996 (as amended from time to time) and the Environmental Protection (Controlled Waste) Regulations 2004 (Controlled Waste Regulations).

Liquid waste types must be described with reference to the Controlled Waste Regulations.

For further guidance on the definition of waste, refer to Fact Sheet: Assessing whether material is waste.

Detail must be provided on storage type (for example, hardstand and containment infrastructure), capacity, likely storage volumes, and containment features (for example, lining and bunding).

Additional rows may be added as required and/or further information may be included as an attachment (see Section 8.4).

Table 8.2 Waste types

	Waste type	Quantity (e.g. tonnes, litres, cubic metres)	Waste activity infrastructure (including specifications)	Monitoring (if applicable)	Location (on site layout plan – see 3.4)
1.	Tailings	More than 1,000,000 tonnes per year	Tailings Storage Facilities (TSFs)	Existing L7750/2001/10 Licence conditions	Labelled as 'Mungari TSF' and 'Cutters Ridge In-Pit TSF' in Attachment 2 Premises Map
2,					
3.					
4.					
5.					

Attac	attachments			Yes
8.3	Attachment 6A: Emissions and discharges (if required)	If required, further information for Section 8.1 has been included as an attachment labelled Attachment 6A.	$\boxtimes$	
8.4	Attachment 6B: Waste acceptance (if required)	If required, further information for Section 8.2 has been included as an attachment labelled Attachment 6B.	$\boxtimes$	

<sup>3</sup> Wastes derived from the storage, handling, and use of dangerous goods may be considered hazardous and may need to be handled with the same precautions. Please refer to the Department of Mines, Industry Regulation and Safety's Dangerous Goods Safety information sheet for more information.

Part 9	Part 9: Siting and location		
9.1	Sensitive land uses  What is/are the distance(s) to the nearest sensitive land use(s)?  A sensitive land use is a residence or other land use which may be affected by an emission or discharge associated with the proposed activities.	As per approved Licence L7750/2001/10: City of Kalgoorlie-Boulder - approximately 20 km east, Township of Coolgardie - approximately 25 km southwest.	

#### 9.2 Nearby environmentally sensitive receptors and aspects

Identify in Table 9.2 (below):

- all instances of environmentally sensitive receptors that are known or suspected to be present within, or within close proximity to, the proposed prescribed premises boundary;
- the nature of the sensitive receptors (e.g. type of Threatened Ecological Community, species or threatened flora or fauna, etc.);
- their actual or approximate known distance and direction from the premises boundary (at the closest point/s); and
- if applicable, what measures have been or will be taken to ensure that sensitive receptors are not adversely impacted by any emissions or discharges from the premises.

Refer to the Guideline: Environmental siting for further guidance.

Table 9.2: Nearby environmentally sensitive receptors and aspects

Type / classification	Description	Distance + direction to premises boundary	Proposed controls to prevent or mitigate adverse impacts (if applicable)
Environmentally Sensitive Areas <sup>1</sup>	Rowles Lagoon Nature Reserve and Clear and Muddy Lakes Nature Reserve	50 km northwest	NOTE: No changes - All types/ classifications in this table have been previously assessed and approved under various instruments and are included for completeness only. Given the distance of this receptor from the Premises, it should not be considered a receptor under the scope of DWER's assessment.
Threatened Ecological Communities	No TECs or PECs have been recorded within, or in proximity to the Premises.	N/A	N/A
Threatened and/or priority fauna	No Threatened or Priority fauna species have been recorded within, or in proximity to the Premises, including no evidence of Malleefowl nesting mounds or other activity	N/A	N/A – Processing infrastructure is located within existing cleared areas.
Threatened and/or priority flora	No Threatened or Priority flora species have been recorded within the project area.	N/A	N/A - Processing infrastructure is located within existing cleared areas.
Aboriginal and other heritage sites <sup>2</sup>	No Aboriginal and other heritage sites have been recorded within the project area.	N/A	N/A
Public drinking water source areas <sup>3</sup>	No public drinking water source areas within, or in proximity to the Premises.	N/A	N/A - Processing infrastructure is located within existing cleared areas.
Rivers, lakes, oceans, and other bodies of surface water, etc.	Ephemeral salt lakes	N/A	N/A – Processing infrastructure is located within existing cleared areas.

Part 9	: Siting and location						
	Acid sulfate soils	No acid sulfate soils have been recorded within, or in proximity to the Premises.	N/A	N/A			
	Other	Underlying groundwater Other groundwater users	~35 m depth >10 km	Underlying groundwater to hypersaline (the TDS around 30,000 to 120,00 Monitoring program aligiticence. No nearby groundwater	ranges fro 00 mg/L.) ned with c	om	
	2005. Attac	hments				N/A	Yes	
9.4	Attachment 7: Siting and location	You must provide details location of the premises, sensitive land uses and/o	including identifi	cation of distances to		×	

Attach	Attachments			Yes
10.1	Attachment 8: Additional information submitted	Applicants seeking to submit further information may include information labelled Attachment 8. If submitting multiple additional attachments, label them 8A, 8B, etc.  Where additional documentation is submitted, please specify the name of documents below.	$\boxtimes$	
	List title of additional document(s) attached:	Attachment 1A – Proof of Occupier Status  Attachment 1B – ASIC Company Extract  Attachment 1C – Authorisation to Act as Representative of the Occu  Attachment 2 – Premises Map(s)  Attachment 3B – Proposed Activities  Attachment 7 – Siting and Location  Attachment 8 – Additional Information Submitted  Attachment 10 – Fee Calculation	pier	

Part 11: Category checklist(s)				
Attachments			N/A	Yes
11.1	Attachment 9: Category checklist(s)	DWER has developed category checklists to assist applicants with preparing their application.		
		These checklists are available on <u>DWER's website</u> .		
		The relevant category-specific checklist(s) must be completed and included with the application, labelled as Attachment 9. If attaching multiple category checklists, label them 9A, 9B, etc.		
		Do not select "N/A" unless:		
		<ul> <li>a relevant category checklist is not yet published on DWER's website, or</li> </ul>		
		<ul> <li>the application is for an amendment that does not propose changes to the method of operation, or change the inputs, outputs, infrastructure, equipment, emissions, or discharges of / from the premises.</li> </ul>		
		Note that that a category checklist(s) may still be required for renewal applications. You will be advised in your renewal notification letter (sent approximately twelve months before the licence expiry date) if you are required to provide the information identified in a category checklist.		
		Where a category checklist is submitted, please specify which checklist(s) in the space below.		(0)
	List title(s) of category checklists attached:	This application is for an amendment that does not propose changes of operation, or change the inputs, outputs, infrastructure, equipmen discharges of / from the premises.		

#### Part 12: Proposed fee calculation

#### INSTRUCTIONS:

Please calculate the prescribed fee using the relevant online fee calculator linked below.

 Amendment: https://www.wa.gov.au/government/publications/works-approval-and-licenceamendment-fee-calculator

Different fee units apply for different fee components. Fee units may also have different amounts depending on the period in which the calculation is made.

Once DWER has confirmed that the application submitted meets the relevant requirements of the EP Act, you will be issued an invoice with instructions for paying your application fee.

Further information on fees can be found in the Fact Sheet: Industry Regulation fees, and on DWER's website.

#### 12.1 Prescribed fee for clearing permit

In accordance with the <u>Guideline: Industry Regulation Guide to Licensing</u> and <u>Procedure: Native vegetation clearing permits</u>, where approval to clear native vegetation is sought as part of an application for a works approval or licence, DWER may elect to either jointly or separately determine the clearing component of the application. Where DWER separately determines the clearing component of an application, the application will be deemed to be an application for a clearing permit under s.51E of the EP Act and processed accordingly.

Note: If a clearing permit application has been separately submitted and accepted by DWER, a refund for the clearing permit application will not be provided where DWER determines to address clearing requirements as part of a related works approval application.

(Tick to acknowledge)

#### Part 13: Commercially sensitive or confidential information

#### NOTE:

Information submitted as part of this application will be made publicly available. If you wish to submit commercially sensitive or confidential information, please identify the information in Attachment 11, and include a written statement of reasons why you request each item of information be kept confidential.

Information submitted later in the application process may also be made publicly available at DWER's discretion. For any commercially sensitive or confidential information, please follow the same process as described above.

DWER will take reasonable steps to protect genuinely confidential or commercially sensitive information. However, please note that DWER cannot commit to redacting all personal information from all supporting documents. You are advised to ensure that all personal information, including signatures, are removed from supporting documents prior to submitting them to the department. Please note that all submitted information may be the subject of an application for release under the Freedom of Information Act 1992.

All information which you would propose to be exempt from public disclosure has been	Attached	N/A
separately placed in a redacted version of the application form and its supporting documentation. Note that this is in addition to the unredacted version(s) provided to DWER for its assessment. Grounds for claiming exemption in accordance with Schedule 1 to the Freedom of Information Act 1992 must be specified in Attachment 11 (located at the end of this form).		×

#### Part 14: Declaration and signature

I / We confirm and acknowledge that:

- the information contained in this application is true and correct;
- I / we have legal authority to sign on behalf of the applicant (where authorisation provided);
- I / we have not altered the requirements and instructions set out in this application form;
- I / we have provided a valid email address in Section 1.2 for receipt of correspondence electronically via email from DWER in relation to this application;
- that successful delivery to my / our server constitutes receipt of correspondence sent electronically via email from DWER in relation to this application; and
- I / we have provided a valid postal and/or business address in Section 2.4 for the service of all Part V documents.
- giving or causing to be given information that to my knowledge is false or misleading is an offence under s.112 of the EP Act and may incur a penalty of up to \$100,000.

#### **Publication**

I / We confirm and acknowledge:

- this application (including all attachments apart from the sections identified in Attachment 11) is a public document and may be published;
- marine surveys provided in accordance with Part 5 will be published and used, for the purposes of the IMSA project, in accordance with your declaration made in the Metadata and Licensing Statement;
- all necessary consents for the publication of information have been obtained from third parties;
- information considered exempt from public disclosure has been noted by redaction of a separately provided copy of the completed application form and its supporting documentation (in accordance with Part 13), with reasons as to why the information should be exempt in accordance with the grounds specified in Schedule 1 to the Freedom of Information Act 1992 (WA) being provided in Attachment 11;
- subsequent information provided in relation to this application will be a public document and may be published unless written notice has been given to DWER by the applicant, at the time the information is provided, claiming that the information is considered exempt from public disclosure; and
- the decision to not publish information will be at the discretion of the CEO of DWER and will be made consistently with the provisions of the Freedom of Information Act 1992 (WA).

	8/21/2025	
	Date	
	8/21/2025	
	Date	

NOTE: This form may be signed:

- if the applicant is an individual, by the individual;
- if the applicant is a corporation, by:
  - the common seal being affixed in accordance with the Corporations Act 2001 (Cth); or
  - two directors: or
  - a director and a company secretary; or
  - if a proprietary company has a sole director who is also the sole company secretary, by that director; and
- by a person with legal authority to sign on behalf of the applicant.
