EXTRACTIVE INDUSTRY LICENCE [A000177/EX/06]

Approval Conditions

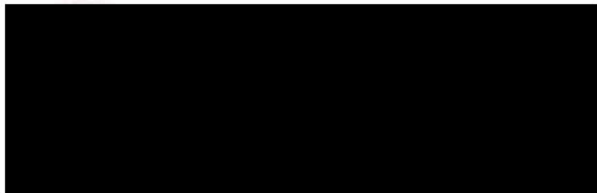

1. The Approved Development shall, at all times, comply with the approved plans, approved Management Plans and the approved Works and Excavation Plan (Doc No. A000177/EX/006), as modified by conditions of this approval.
2. The extraction activities shall remain compliant with the Shire of Harvey Extractive Industry Local Law, including the holding of a valid Licence.
3. The Applicant shall engage a suitably qualified independent expert to carry out an Annual Audit of Compliance of the conditions of Development Approval and Extractive Industry Licence. The Annual Audit of Compliance shall also include a progress report on the conditions of the approved Rehabilitation Management and Monitoring Plan including:
 - a. Details of completed, ongoing and future rehabilitation areas;
 - b. Photos of rehabilitated areas;
 - c. Monitoring and reporting details, if available;
 - d. Start and completion dates, and expected start dates, if applicable; and
 - e. A map depicting the rehabilitation areas and their completion progress.

The Annual Audit of Compliance shall be submitted prior to an annual renewal licence being issued by the Shire.

4. No crushing or screening activities shall occur unless a Works Approval has been obtained from the Department of Water and Environmental Regulation as required by Part V of the Environmental Protection Act 1986.
5. Stockpiles shall be kept to a maximum height of 5m to avoid visual impact and/or material wind drift.
6. Operating hours are restricted to 7.00a.m. – 5.00p.m., Monday to Friday and 7.00a.m. – 12.00 noon on Saturday. No activities to occur on Sunday or Public Holidays.
7. The Applicant is required to provide a copy of the endorsed Phytophthora Dieback and Extractive Industries Information Brochure:
 - a. To each new customer of the extractive industry operation; and
 - b. Once to each existing customer of the extractive industry operation as an updated version.
8. The approved Dust Management Plan (Doc. No. A000177/EX/006 – MP1) shall be implemented to the satisfaction of the Shire.

9. The approved Weed Management Plan (Doc. No. A000177/EX/006 – MP4) shall be implemented to the satisfaction of the Shire in consultation with the Department of Primary Industries and Regional Development.
10. The approved Water Management Plan (Doc. No. A000177/EX/006 – MP3) shall be implemented to the satisfaction of the Shire in consultation with the Department of Water and Environmental Regulation.
11. The approved Noise Management Plan (Doc. No. A000177/EX/006 – MP4) shall be implemented to the satisfaction of the Shire.
12. The approved Rehabilitation Management and Monitoring Plan (Doc.No. A000177/EX/006– MP2) shall be implemented to the satisfaction of the Shire.
13. The approved Dieback Management and Monitoring Plan (Doc.No. A000177/EX/006 – MP5) shall be implemented to the satisfaction of the Shire.
14. The pit boundary survey pegs shall remain in place for the duration of the operation to the satisfaction of the Shire.
15. The established demarcation barrier erected 15m from the outer edge of the canopies of the trees shall remain in place and be maintained for the duration of the operation to the satisfaction of the Shire.
16. Any refuelling activities shall be undertaken in accordance with the Department of Water and Environmental Regulations' Water Quality Protection Note - Toxic and Hazardous Substance Storage and Use. There is to be no storage of hydrocarbons on-site and no major vehicle or machinery repairs or maintenance is to take place on-site.
17. Excavation shall be undertaken to the maximum depth of 3m AHD, unless otherwise approved by the Shire, in consultation with the Department of Water and Environmental Regulation, following site specific groundwater monitoring being undertaken.
18. A minimum 0.5m separation distance to the groundwater shall be maintained for the life of the extraction activities.
19. Groundwater shall not be extracted or dewatered during the operation of the extraction activities.
20. This licence is valid for a period of five (5) years from the issue of this licence. The date of expiry for this licence is the 20th January 2026.
