

Application form: Works Approval / Licence / Renewal / Amendment / Registration

Part V Division 3, *Environmental Protection Act 1986* Environmental Protection Regulations 1987

Part 1: Application type

- Completion of this form is a statutory requirement under s.54(1)(a) of the *Environmental Protection Act* 1986 (WA) (EP Act) for works approval applications; s.57(1)(a) for licence and licence renewal applications; s.59B(1)(a) for applications for an amendment; and under r.5B(2)(a) of the Environmental Protection Regulations 1987 (WA) (EP Regulations) for applications for registration of premises.
- The instructions set out in this application form are general in nature.
- A reference to 'you' in these instructions is a reference to the applicant.
- The information provided to you by the Department of Water and Environmental Regulation (DWER) in relation to making applications does not constitute legal advice. DWER recommends that you obtain independent legal advice.
- Applicants seeking further information relating to requirements under the EP Act and/or EP Regulations
 are directed to the Parliamentary Counsel's Office website (<u>www.legislation.wa.gov.au</u>). Schedule 1 of the
 EP Regulations contains the categories of prescribed premises.
- For prescribed premises where activities fall within more than one category, ALL applicable categories
 must be identified. This applies for existing prescribed premises seeking renewal or amendment, as well
 as new prescribed premises.
- The application form must be completed with all relevant information attached. Attachments can be combined and submitted as one or more consolidated documents if desired, provided it is clear which section of the application form the information / attachments relate to. Where attachments are submitted separately, avoid duplicating information. Ensure that any cross-references between the application form and the supporting document(s) are accurate.
- If an application form has been submitted which is incomplete or materially incorrect, the Chief Executive Officer of DWER (CEO) will decline to deal with the application and advise the applicant accordingly.
- On completing this application form, please submit it to DWER in line with the instructions in Part 15 of the form.

1.1	This is an application for: [Select one option only. Your application may be returned if multiple options are selected.]	Works approval Licence Existing registration number(s): []			
	under Part V, Division 3 of the EP Act.	Existing works approval number(s): []			
	 Please see the: <u>Guideline: Industry Regulation Guide</u> to Licensing <u>Procedure: Prescribed premises</u> works approvals and licences for more information to assist in understanding DWER's regulatory regime for prescribed premises. 	 Renewal Existing licence number: [] Amendment Number of the existing licence or works approval to be amended: [L9259/2020/1] Registration (works approval already obtained) Existing works approval number(s): [] 			
1.2	For a works approval amendment or licen	ce amendment, are there less than 90 business Yes			
	days until the expiry of the existing works Only active instruments can be amended. Ap	approval or licence? plications to amend a works approval or licence or to the existing works approval or licence expiring			
1.3	This application is for the following categories of prescribed premises: (specify all prescribed premises category numbers)	[Category 70] Screening etc. of material			
		All activities that meet the definition of a prescribed premises as set out in Schedule 1 of the EP Regulations have been specified above (tick, if yes).

Part 2: Applicant details

- The applicant (the occupier of the premises) must be an individual(s), a company, body corporate, or public authority, but not a partnership, trust, or joint-venture name. Applications made by or on behalf of business names or unincorporated associations will not be accepted.
- If applying as an individual, your full legal name must be provided.
- If applying as a company, body corporate, or public authority, the full legal entity name must be inserted.
- Australian Company Number's (ACN) must be provided for all companies or body corporates.
- DWER prefers to send all correspondence electronically via email. We request that you consent to
 receiving all correspondence relating to instruments and notices under Part V of the EP Act (Part V
 documents) electronically via email, by indicating your consent in Section 2.3.
- Companies or body corporates making an application must nominate an authorised representative from within their organisation. Proof of authorisation must be submitted with the application (see Section 2.10). If you are applying as an individual, you are the representative.
- Details of a contact person must be provided for DWER enquiries in relation to your application. This
 contact person can be a consultant if authorised to represent the applicant. Written evidence of this
 authorisation must be provided.
- Details of the occupier of the premises must be provided. One of the options must be selected and if you
 have been asked to specify, please provide details. For example, if 'lease holder' has been selected,
 please specify the type of lease (for example, pastoral lease, mining lease, or general lease) and provide a
 copy of the lease document(s). Note that contracts for sale of land will not be sufficient evidence of
 occupancy status.

2.1	Applicant name/s (full legal name/s):	Golden Spur Resources Pty Ltd (a wholly owned subsidiary of Bellevue Gold Ltd)		
	The proposed holder of the works approval, licence or registration.	(a wholly owned subsidiary of believde Gold Lid)		
	ACN (if applicable):	161 329 933		
2.2	Trading as (if applicable):	Golden Spur Resources Pty Ltd		
2.3	Authorised representative details:			
	The person authorised to receive correspondence and Part V documents on behalf of the applicant under the EP Act.			
	Where 'yes' is selected, all correspondence will be sent to you via email, to the email address provided in this section.			
	Where 'no' has been selected, Part V documents will be posted to you in hard		Yes	No
	copy to the postal / business address specified in Section 2.4, below. Other general correspondence may still be sent to you via email.	I consent to all written correspondence between myself (the applicant) and DWER, regarding the subject of this application, being exclusively via email, using the email address I have provided above.	\boxtimes	
2.4	Registered office address, as registered with the Australian Securities and Investments Commission (ASIC):			
	This must be a physical address to which a Part ∨ document may be delivered.			

Part 2	: Applicant details				
2.5	Postal address for all other correspondence: If different from Section 2.4.	N/A			
2.6	Contact person details for DWER enquiries relating to the application (if different from the authorised representative): For example, could be a consultant or a site-based employee.				
		Email	jradosevich@bellevuegold.com.au		
2.7	Occupier status: Occupier is defined in s.3 of	Registered proprietor on certificate of title.			
	the EP Act and includes a person in occupation or control of the premises, or occupying a different part of the premises whether or not that person is the owner.		6/01/2028)	e).	
	Note: if a lease holder, the		at has care, control, or management of the	land.	
applicant must be the holder of an executed lease, not just an agreement to lease.		example, joint ven	legal occupation or control (please specify ture operating entity, contract, letter of ope gal document or evidence of legal occupati	rational	
Attach	nments			N/A	Yes
2.8	Attachment 1A: Proof of occupier status	Copies of certificate of title, lease, or other instruments evidencing proof of occupier status, including the expiry date or confirmation that there is no expiry date, have been provided and labelled as Attachment 1A.			
2.9	Attachment 1B: ASIC company extract	A current company information extract (not the company information summary) purchased from the ASIC website(s) for all new applications / registrations has been provided and labelled as Attachment 1B.			
2.10	Attachment 1C: Authorisation to act as representative of the occupier	act on the occupie	umentation authorising the applicant to r's behalf as their authorised ive has been provided and labelled as	\boxtimes	

Part 3	3: Premises details						
3.1	Premises description (whole or part to be specified): Include the land description (volume and folio number, lot, or location number/s); Crown lease or reserve number; pastoral lease number; or mining tenement number (as appropriate), of all properties, as shown on title details registered with Landgate.		Mining Leases M36/24, M36/25, M36/299 – Boundaries of Tenements represent the Prescribed Premise Boundaries. All tenements are held by Golden Spur Resources Pty Ltd and are located within the Yakabindie Pastoral Lease (Property Id: 1507070). The project is accessed from the Goldfields Highway.

•	sensitive receptors and land uses	
•	all areas proposed to be cleared (if applicable).	
the ac	must contain a north arrow, clearly marking the area in which tivities are carried out. The map or maps must be of reasonable and have a visible scale.	

Part 4: Proposed activities

INSTRUCTIONS:

- You must provide a description and the scope, size and scale of all prescribed activities of Schedule 1 to the EP Regulations including the maximum production or design capacity of each prescribed activity.
- If applying for a works approval or licence amendment involving the construction of new infrastructure, you must provide information on infrastructure to be constructed and how long construction is expected to take. You must confirm if commissioning is to occur and how long it will take.
- If applying for a works approval or licence amendment *not* involving the construction of new infrastructure, provide details of the proposed amendment.
- You must identify all emission sources on the premises map/s.
- You must also provide information on activities which directly relate to the prescribed premises category which have, or are likely to result in, an emission or discharge.
- If clearing activities are proposed provide a description and details. If a relevant exemption under Schedule 6 of the EP Act or r.5 of the Environmental Protection (Clearing of Native Vegetation) Regulations 2004 (WA) (Clearing Regulations) may apply, provide details.
- Note that in some cases, DWER may require that the clearing components of a works approval or licence (or amendment) application be submitted separately through the clearing permit application process. Refer to the <u>Procedure: Prescribed premises works approvals and licences</u> for further guidance.
- Please note that the requested information is critical to DWER's understanding of the proposed activities. The more accurate, specific, and complete the information provided in the application, the less uncertainty that DWER may identify in the application, therefore facilitating completion of the assessment in a more efficient and timely manner.

4.1 Prescribed premises infrastructure and equipment

In Table 4.1 (below), provide a list of all items of infrastructure and equipment within the boundary of the prescribed premises relevant to this application, and include the following details for each:

- relevant categories (if known) the categories of prescribed premises (as listed under Schedule 1
 of the EP Regulations) that relate to that infrastructure or equipment;
- site plan reference the location of that infrastructure or equipment (with reference to the site plan map or maps provided above in Section 3.4 and labelled as Attachment 2 – e.g. use GPS coordinates or a clear description such as *"labelled as [label on premises map] on Map A"*);
- is it critical containment infrastructure (CCI)? indicate if the identified infrastructure or equipment would be categorised as CCI. Refer to the <u>Guideline: Industry Regulation Guide to</u> <u>Licensing</u> for further information on CCI; and
- is environmental commissioning required? indicate if environmental commissioning is intended to be undertaken for that item of infrastructure or equipment. Refer to the <u>Guideline: Industry</u> <u>Regulation Guide to Licensing</u> for further information on environmental commissioning.

Add additional rows to Table 4.1 (below) as required.

4.19	Attachment 3D: Additional information for clearing assessment	Additional information to assist in the assessment of the clearing proposal may be attached to this application (for example, reports on salinity, fauna or flora studies or other environmental reports conducted for the site).		

Part 5: Index of Biodiversity and Marine Surveys for Assessments (IBSA and IMSA)

- Biodiversity surveys should be submitted through the IBSA Submissions Portal at ibsasubmissions.dwer.wa.gov.au
- Biodiversity surveys submitted to support this application must meet the requirements of the EPA's Instructions for the preparation of data packages for the Index of Biodiversity Surveys for Assessments (IBSA).
- Marine surveys submitted to support this application must meet the requirements of the EPA's Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments (IMSA).
- If these requirements are not met, DWER will decline to deal with the application.

Attach	nments				N/A	Yes
5.1	 5.1 Biodiversity surveys Please provide the IBSA number(s) (or submission number(s) if IBSA number has not yet been issued) in the space provided. Note that a submission number is not confirmation of acceptance of a biodiversity survey and is not the same as an IBSA number. IBSA numbers are only issued once a survey has been accepted. Once an IBSA number is issued, please notify the department. 		All biodiversity surveys su application meet the requ EPA's Instructions for the packages for the Index of Surveys for Assessments	irements of the <u>preparation of data</u> f <u>Biodiversity</u>	\boxtimes	
			Submission number(s)			
			IBSA number(s)			
5.2	Attachment 4: All marine surveys submitted with this application meet the requirements of the EPA's Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments (IMSA).					

Part 6: Other DWER approvals				
 INSTRUCTIONS: If you have applied, or intend to apply, for other approvals within DWER that may be relevant to this application, you must provide relevant details. If you have referred, or intend to refer, your proposal to the Environmental Protection Authority (EPA), you must provide the requested details. 				
Pre-application scoping				
6.1 Have you had any pre-application / pre- referral / scoping meetings with DWER regarding any planned applications?	 □ No ☑ Yes – provide details: □ Discussed application with DWER Officer – Adam Davini, 30/05/2024 			
Environmental impact assessment (Part IV of the EP	Act)			
 6.2 Have you referred or do you intend to refer the proposal to the EPA? Section 37B(1) of the EP Act defines a 'significant proposal' as "a proposal likely, if implemented, to have a significant effect on the environment". If DWER considers that the proposal in this application is likely to constitute a 'significant proposal', DWER is required under s.38(5) of the EP Act to refer the proposal to the EPA for assessment under Part IV, if such a referral has not already been made. If a relevant Ministerial Statement already exists, please provide the MS number in the space provided. 	 Yes (referred) – reference (if known): [] Yes – intend to refer (proposal is a 'significant proposal') Yes – intend to refer (proposal will require a s.45C amendment to the current Ministerial Statement): MS [] No – a valid Ministerial Statement applies: MS [] No – not a 'significant proposal' 			
Clearing of native vegetation (Part V Division 2 of the	EP Act and Country Area Water Supply Act 1947)			
 6.3 Have you applied or do you intend to apply for a native vegetation clearing permit? In accordance with the <u>Guideline: Industry</u> <u>Regulation Guide to Licensing</u> and <u>Procedure: Native vegetation clearing permits</u>, where clearing of native vegetation: is exempt under Schedule 6 of the EP Act or the Environmental Protection (Clearing of Native Vegetation) Regulations 2004 (WA) (refer to <u>A</u> <u>quide to the exemptions and regulations for</u> <u>clearing native vegetation</u>) is being assessed by a relevant authority which would lead to an exemption under Schedule 6 of the EP Act and a determination made that a clearing permit is not required (refer to the <u>Guideline: Native vegetation clearing referrals</u>), the clearing will not be reassessed by DWER or be subject to any additional controls by DWER. If the proposed clearing action is to be assessed in accordance with, or under, an <u>Environment Protection and Biodiversity Conservation Act</u> (Cth) (EPBC Act) accredited process, such as the assessment bilateral agreement, the clearing permit application. 	 Yes - clearing application reference (if known): CPS [] Yes - a valid EP Act clearing permit already applies: CPS [] No - this application includes clearing (please complete Sections 4.13 to 4.19 above) No - permit not required (no clearing of native vegetation) No - permit not required (clearing referral decision): CPS [] No - an exemption applies (explain why): 			

Part 6	: Other DWER approvals				
6.4	Have you applied or do you intend to apply for a <i>Country Area Water Supply Act</i> 1947 licence? If a clearing exemption applies in a <i>Country Area Water Supply Act</i> 1947 (CAWS Act) controlled catchment, or if compensation has previously been paid to retain the subject vegetation, a CAWS Act clearing licence is required. If yes, contact the relevant DWER regional office for a Form 1 <i>Application for licence</i> . Map of CAWS Act controlled catchments	 Yes – application reference No – a valid licence applie No – licence not required); []]
Water	licences and permits (Rights in Water and Irrig	ation Act 1914)			
6.5	 Have you applied, or do you intend to apply for: 1. a licence or amendment to a licence to take water (surface water or groundwater); or 2. a licence to construct wells (including bores and soaks); or 3. a permit or amendment to a permit to interfere with the bed and banks of a watercourse? For further guidance on water licences and permits under the <i>Rights in Water and Irrigation Act 1914</i>, refer to the <i>Procedure: Water licences and permits</i>. 	 Yes –application reference No – a valid licence / perm No – an exemption applies No – licence / permit not reference 	it applies: s (explain v	[]]
Part 7	: Other approvals and consultation				
<u>INSTR</u> •	 <u>RUCTIONS:</u> Please provide copies of all relevant document exclusions, or expiry dates. 8.5	If the applicant is a corporation, has any director of that corporation ever been convicted, or paid a penalty, for an offence under a provision of the EP Act, its subsidiary legislation, or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?		\boxtimes	
8.6	If the applicant is a corporation, has any person concerned in the management of the corporation, as referred to in s.118 of the EP Act, ever been convicted of, or paid a penalty, for an offence under a provision of the EP Act, its subsidiary legislation, or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?			
8.7	If the applicant is a corporation, has any director of that corporation ever been a director of another corporation that has been convicted, or paid a penalty, for an offence under a provision of the EP Act, its subsidiary legislation, or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?			

Part 8: Applicant history							
8.8	With regards to the questions posed in 8.4 to 8.7 above, have any legal proceedings been commenced, whether convicted or not, against the applicant for an offence under a provision of the EP Act, its subsidiary legislation, or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?						
8.9	Has the applicant had a licence or other authority suspended or revoked due to a breach of conditions or an offence under the EP Act or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?		\boxtimes				
8.10	If the applicant is a corporation, has any director of that corporation ever had a licence or other authority suspended or revoked due to a breach of conditions or an offence under the EP Act or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?		\boxtimes				
8.11	If the applicant is a corporation, has any director of that corporation ever been a director of another corporation that has ever had a licence or other authorisation suspended or revoked due to a breach of conditions or an offence under the EP Act or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?						
8.12	If yes to any of 8.4 to 8.11 above, you must provide details of any charges, convict offence, and/or licences or other authorisations suspended or revoked:	ions, pen	alties paid	d for an			

Part 9: Emissions, discharges, and waste

- Please see <u>Guideline: Risk Assessments</u> and provide all information relating to emission sources, pathways and receptors relevant to the application.
- You must provide details on sources of emissions (for example, kiln stack, baghouses or discharge pipelines) including fugitive emissions (for example, noise, dust or odour), types of emissions (physical, chemical, or biological), and volumes, concentrations and durations of emissions.
- The potential for emissions should be considered for all stages of the proposal (where relevant), including during construction, commissioning and operation of the premises.

		No	Yes		
9.1	Are there potential emissions or discharges arising from the proposed activities?				
	If yes, identify all potential emissions and discharges arising from the proposed activities and complete Table 9.1: Emissions and discharges (below).

Part 10: Siting and location						
10.1 Sensitive land uses What is/are the distance(s) to the nearest sensitive land use(s)? A sensitive land use is a residence or other land use which may be affected by an emission or discharge associated with the proposed activities.	 Bellevue Accommodation Village (Approx 3km North of the location) Bellevue Mining Offices (Approx 500m east of location) The Yakabindi Leaseholders Homestead (approximately 10 km from the Project) The Township of Leinster (approximately 40 km to the South) Cosmos Nickel accommodation (Approx 6km north east of location). Lake Miranda (Approx 1km east of location). 					

10.2 Nearby environmentally sensitive receptors and aspects

Identify in Table 10.2 (below):

- all instances of environmentally sensitive receptors that are known or suspected to be present within, or within close proximity to, the proposed prescribed premises boundary;
- the nature of the sensitive receptors (e.g. type of Threatened Ecological Community, species or threatened flora or fauna, etc.);
- their actual or approximate known distance and direction from the premises boundary (at the closest point/s); and
- if applicable, what measures have been or will be taken to ensure that sensitive receptors are not
 adversely impacted by any emissions or discharges from the premises.

Refer to the <u>Guideline: Environmental siting</u> for further guidance.

```
Table 10.2: Nearby environmentally sensitive receptors and aspects
```

Type / classification	Description	Distance + direction to premises boundary	Proposed controls to prevent or mitigate adverse impacts (if applicable)
Environmentally Sensitive Areas ¹	N/A		
Threatened Ecological Communities	N/A		
Threatened and/or priority fauna	N/A		
Threatened and/or priority flora	Violet Range (Perseverance Greenstone Belt) vegetation complexes (banded ironstone formation) – Priority Ecological Community (PEC) - Priority 1		Intersects the project area, however no further clearing is required.
Aboriginal and other heritage sites ²	An Agreement is in place with the Traditional Owners (Tjiwarl Aboriginal Corporation) regarding cultural heritage and access. No Registered Sites an indicated on AHIS will be impacted by these activities.		The Agreement addresses controls and practices relevant to the Project, including exclusion areas and access requirements. The infrastructure as constructed and operated, meet the requirements of these agreements.
Public drinking water source areas ³	N/A		
Rivers, lakes, oceans, and other	Lake Miranda		Lake Miranda is adjacent to the Project Controls are considered appropriate to manage any potential impacts.

Part 10: Siting and location									
	bodies of surface water, etc.								
	Acid sulfate soils								
	Other								
	¹ Environmentally Sensitive Areas are as declared under the <i>Environmental Protection (Environmentally Sensitive) Notice</i> 2005. Refer to DWER's website (<u>"Environmentally Sensitive Areas"</u>) for further information.								
	² Refer to the <u>Department of Planning, Lands and Heritage website</u> for further information about Aboriginal heritage and other heritage sites.								
	³ Refer to <u>Water Quality Protection Note No.25: Land use compatibility tables for public drinking water source areas</u> for further information.								
10.3	Environmental siting of	ontext details							
	Provide further information including details on topography, climate, geology, soil type, hydrology, and hydrogeology at the premises.								
Attachr	nents				N/A	Yes			

	10.4	Attachment 7: Siting and location	You must provide details and a map describing the siting and location of the premises, including identification of distances to sensitive land uses and/or any specified ecosystems.		\boxtimes

Part 11: Submission of any other relevant information					
Attach	Attachments			Yes	
11.1 Attachment 8: Additional information submitted		Applicants seeking to submit further information may include information labelled Attachment 8. If submitting multiple additional attachments, label them 8A, 8B, etc. Where additional documentation is submitted, please specify the name of documents below.	\boxtimes		
	List title of additional document(s) attached:				

Part 12: Category checklist(s)					
Attachments N/A					
12.1	Attachment 9: Category	DWER has developed category checklists to assist applicants with preparing their application.			
	checklist(s)	These checklists are available on DWER's website.			
		The relevant category-specific checklist(s) must be completed and included with the application, labelled as Attachment 9. If attaching multiple category checklists, label them 9A, 9B, etc.			
		Do not select "N/A" unless:			
		 a relevant category checklist is not yet published on DWER's website, or 			
		 the application is for an amendment that does not propose changes to the method of operation, or change the inputs, outputs, infrastructure, equipment, emissions, or discharges of / from the premises. 			
		Note that that a category checklist(s) may still be required for renewal applications. You will be advised in your renewal notification letter (sent approximately twelve months before the licence expiry date) if you are required to provide the information identified in a category checklist.			
		Where a category checklist is submitted, please specify which checklist(s) in the space below.			
	List title(s) of category checklists attached:

		of native vegetat	tion		
13.2	All information and data used for the calculation of proper accordance with Section 13.8.	osed fees has bee	n provided in		
13.3	Proposed works approval fee				
Proposed	d works approval fee (see Schedule 3 of the EP Regulatio	ns)			
Fees relate to the cost of the works, including all capital costs (inclusive of GST) associated with the construction and establishment of the works proposed under the works approval application. This includes, for example, costs associated with earth works, hard stands, drainage, plant hire, equipment, processing plant, relocation of equipment and labour hire.					
Costs ex	clude:				
- the cost of land					
 the cost of buildings to be used for purposes unrelated to the purposes in respect of which the premises are, or will become, prescribed premises 					
- costs for buildings unrelated to the prescribed premises activity or activities					
- consultancy fees relating to the works.					
Fee com	Fee component Proposed fee				
Cost of w	Cost of works: \$ \$				

13.4 Proposed licence fee (new licences and licence renewals)

Detailed licence fee calculations

Part 1 Premises component (see r.5D and Part 1 of Schedule 4 of the EP Regulations)

The production or design capacity should be the maximum capacity of the premises. For most categories, the production or design capacity refers to an annual rate. The figure should be based on 24 hour operation for 365 days, unless there is another regulatory approval or technical reason that restricts operation.

The premises component fee applies to the category in Part 1, Schedule 4 incurring the higher or highest amount of fee units in accordance with r.5D(2) of the EP Regulations.

List all categories (insert additional rows as required). Use only the higher or highest amount of fee units to determine the Part 1 fee component.

Category	Production or design capacity	Fee units
Using the higher or highest amount of	\$	

Using the higher or highest amount of fee units, Part 1 component subtotal

Part 2 Waste (see r.5D(1a)(b) and Part 2 of Schedule 4 of the EP Regulations)

If your premises includes one or more of the following categories specify any applicable Part 2 waste amounts. Do not include Part 3 waste components of these discharges in the below calculations.

Categories: 5, 6, 7, 8, 9, 12, 14, 44, 46, 53, 54A, 70, 80, or 85B

Part 2 waste means waste consisting of -

- (a) tailings; or
- (b) bitterns; or
- (c) water to allow mining of ore; or
- (d) flyash; or
- (e) waste water from a desalination plant.

If the premises does not fall into one of the categories listed above, or there are no applicable Part 2 waste amounts, the sub total for this section will be \$0.

Insert additional rows as required. Sum all Part 2 waste fees to determine the sub total.

Discharge quantity (tonnes/year)	Fee units
Part 2 component subtotal	\$

Part 3 Waste – Discharges to air, onto land, into waters (see Part 3 of Schedule 4 of the EP Regulations)

Choose the appropriate location of the discharge and enter the discharge amount(s) in the units specified in the EP Regulations. This should be the amount of waste expected to be discharged over the next 12 months, expressed in the units and averaging period applicable for that waste kind (for example, g/minute or kg/day). Amounts can be measured, calculated, or estimated and can be based on data acquired over the previous 12 months, but should be based on the maximum premises capacity and not the forecast operating hours.

Where there are discharges, all prescribed waste types must be considered in the fee calculation. If a specified waste type is not present in the discharge, this must be justified using an appropriate emission estimation technique (for example, sampling data, industry sector guidance notes, National Pollution Inventory guides and emission factors).

Discharges to air				
Discharges to air Discharge rate (g/min)		Discharges to air	Discharge rate (g/min)	
Carbon monoxide		Nickel		
Oxides of nitrogen		Vanadium		
Sulphur oxides		Zinc		
Particulates (Total PM)		Vinyl chloride		
Volatile organic compounds		Hydrogen sulphide

5. E. coli bacteria as indicator species (in	(a) 1,000 to 5,000 organisms per 100 ml			
each megalitre discharged per day) —	(b) 5,000 to 20,000 organisms per 10	0 ml		
	(c) more than 20,000 organisms per	100 ml		
6. Other waste (per kilogram discharged	(a) oil and grease			
per day) —	(b) total dissolved solids			
	(c) fluoride			
	(d) iron			
	(e) total residual chlorine			
	(f) other			
Part 3 component subtotal		\$		
Summary – Proposed licence fee				
Part 1 Component				
Part 2 Component				
Part 3 Component				
Total proposed licence fees: \$			\$	
13.5 Prescribed fee for registration				
A fee of 24 units applies for an application for in occupier of the premises holds a licence in rest accordance with r.5B(2)(c) of the EP Regulation	to acknowledge)			

13.6 Amendment fee (works approval or licence)					
The fee prescribed for an application for an amendment to a works approval or licence with r.5BB(1)(a) of the EP Regulations:	e is calculated in accordance				
 for a single category of prescribed premises to which the works approval or licer unit number corresponding to the prescribed premises category and relevant des Schedule 4 Part 1 of the EP Regulations. 					
 for multiple categories of prescribed premises to which the works approval or lice highest fee unit number corresponding to the prescribed premises categories an in Schedule 4 Part 1 of the EP Regulations. 					
13.7 Prescribed fee for clearing permit					
In accordance with the <u>Guideline: Industry Regulation Guide to Licensing</u> and <u>Procedure: Native vegetation clearing permits</u> , where approval to clear native vegetation is sought as part of an application for a works approval or licence, DWER may elect to either jointly or separately determine the clearing component of the application. Where DWER separately determines the clearing component of an application, the application will be deemed to be an application for a clearing permit under s.51E of the EP Act and processed accordingly. Note: If a clearing permit application has been separately submitted and accepted by DWER, a refund for the clearing permit application will not be provided where DWER determines to address clearing requirements as part of a related works approval application.					
13.8 Information and data used to calculate proposed fees					
The detailed calculations of fee components, including all information and data used for the calculations are to be provided as attachments to this application, labelled as Attachment 10 , with an appropriate suffix (for example 10A, 10B etc.). Please specify the relevant attachment number in the space/s provided below.

Part 14: Commercially sensitive or confidential information

NOTE:

Information submitted as part of this application will be made publicly available. If you wish to submit commercially sensitive or confidential information, please identify the information in Attachment 11, and include a written statement of reasons why you request each item of information be kept confidential.

Information submitted later in the application process may also be made publicly available at DWER's discretion. For any commercially sensitive or confidential information, please follow the same process as described above.

DWER will take reasonable steps to protect genuinely confidential or commercially sensitive information. However, please note that DWER cannot commit to redacting all personal information from all supporting documents. You are advised to ensure that all personal information, including signatures, are removed from supporting documents prior to submitting them to the department. Please note that all submitted information may be the subject of an application for release under the *Freedom of Information Act 1992*.

All information which you would propose to be exempt from public disclosure has been		N/A
separately placed in a redacted version of the application form and its supporting documentation. Note that this is in addition to the unredacted version(s) provided to DWER for its assessment. Grounds for claiming exemption in accordance with Schedule 1 to the <i>Freedom of Information Act 1992</i> must be specified in Attachment 11 (located at the end of this form).		

Part 15: Submission of application

INSTRUCTIONS:

Check one of the boxes below to nominate how you will submit your application.

Files larger than 50MB cannot be received via email by DWER. Files larger than 50MB can be sent via File Transfer. Alternatively, email DWER to make other arrangements.

A full, signed, electronic copy of the application form including all attachments has been submitted via email to <u>info@dwer.wa.gov.au</u> ; OR	\boxtimes
A signed, electronic copy of the application form has been submitted via email to <u>info@dwer.wa.gov.au</u> and attachments have been submitted via File Transfer, or electronically by other means as arranged with DWER; OR	
A full, signed hard copy has been sent to: APPLICATION SUBMISSIONS Department of Water and Environmental Regulation Locked Bag 10 Joondalup DC WA 6919	

Application form: works approval, licence, renewal, amendment, or registration (v16, August 2022) IR-F09 v16.0

Part 16: Declaration and signature

General

I / We confirm and acknowledge that:

- the information contained in this application is true and correct;
- I / we have legal authority to sign on behalf of the applicant (where authorisation provided);
- I / we have not altered the requirements and instructions set out in this application form;
- I / we have provided a valid email address in Section 2.3 for receipt of correspondence electronically via email from DWER in relation to this application;
- that successful delivery to my / our server constitutes receipt of correspondence sent electronically via email from DWER in relation to this application; and
- I / we have provided a valid postal and/or business address in Section 2.4 for the service of all Part V documents.
- giving or causing to be given information that to my knowledge is false or misleading is an offence under s.112 of the EP Act and may incur a penalty of up to \$100,000.

Publication

I / We confirm and acknowledge:

- this application (including all attachments apart from the sections identified in Attachment 11) is a public document and may be published;
- marine surveys provided in accordance with Part 5 will be published and used, for the purposes of the IMSA
 project, in accordance with your declaration made in the *Metadata and Licensing Statement*;
- all necessary consents for the publication of information have been obtained from third parties;
- information considered exempt from public disclosure has been noted by redaction of a separately provided copy of the completed application form and its supporting documentation (in accordance with Part 14), with reasons as to why the information should be exempt in accordance with the grounds specified in Schedule 1 to the *Freedom of Information Act 1992* (WA) being provided in Attachment 11;
- subsequent information provided in relation to this application will be a public document and may be published unless written notice has been given to DWER by the applicant, at the time the information is provided, claiming that the information is considered exempt from public disclosure; and
- the decision to not publish information will be at the discretion of the CEO of DWER and will be made

	1992 (VVA).
