Manager, Resources Industries  
Department of Water and Environmental Regulation  
Prime House, 8 Davidson Terrace  
Joondalup WA 6027

Dear Ms. Pustkuchen,

**RE: APPLICATION FOR WORKS APPROVAL – WONMUNNA IRON ORE PROJECT**

Wonmunna Iron Ore Pty Ltd (a 100% wholly owned subsidiary of Mineral Resources Limited (MinRes)) currently operates the Wonmunna Iron Ore Project (the Project) and holds Licence L9411/2023/1, permitting activities associated with prescribed premises Categories 5 (ore processing) and 54 (sewage).

To date, waste disposal at the Project has been facilitated by a third-party contractor through off-site removal. MinRes is now submitting a Works Approval application to the Department of Water and Environmental Regulation to construct and operate Category 89 Putrescible landfill sites with a maximum production capacity of 4,500 tonnes per annual period at the Project. As part of this application, MinRes submits a Works Approval Application form (IR-F09) and supporting information.

No changes are being requested to Licence L9411/2023/1.

Please find attached the following documents:

- ▶ **IR-F09 Application form – Works Approval,**
- ▶ **Works Approval Application Supporting Document, inclusive of all necessary attachments.**

Please note that Attachment 8A, Mineral Resources Limited – Schedule of Environmental Fines, is provided in confidence and is commercially sensitive. It is not to be released publicly under the Freedom of Information Act 1992 (Schedule 1, 4(2) and 4(3)).

If you have any queries regarding the above, please contact [REDACTED]  
[REDACTED]

Yours sincerely,

[REDACTED]
