

Instructions

- Completion of this form is a statutory requirement under s.54(1)(a) of the *Environmental Protection Act 1986 (WA) (EP Act)* for works approval applications; s.57(1)(a) for licence and licence renewal applications; s.59B(1)(a) for applications for an amendment; and under r.5B(2)(a) of the *Environmental Protection Regulations 1987 (WA) (EP Regulations)* for applications for registration of premises.
- The instructions set out in this application form are general in nature.
- A reference to 'you' in these instructions is a reference to the applicant.
- The information provided to you by the Department of Water and Environmental Regulation (DWER) in relation to making applications does not constitute legal advice. DWER recommends that you obtain independent legal advice.
- Applicants seeking further information relating to requirements under the EP Act and/or EP Regulations are directed to the Parliamentary Counsel's Office website (www.legislation.wa.gov.au). Schedule 1 of the EP Regulations contains the categories of prescribed premises.
- For prescribed premises where activities fall within more than one category, ALL applicable categories must be identified. This applies for existing prescribed premises seeking renewal or amendment, as well as new prescribed premises.
- The application form must be completed with all relevant information attached. Attachments can be combined and submitted as one or more consolidated documents if desired, provided it is clear which section of the application form the information / attachments relate to. Where attachments are submitted separately, avoid duplicating information. Ensure that any cross-references between the application form and the supporting document(s) are accurate.
- If an application form has been submitted which is incomplete or materially incorrect, the Chief Executive Officer of DWER (CEO) will decline to deal with the application and advise the applicant accordingly.
- On completing this application form, please submit it to DWER in line with the instructions in Part 15 of the form.

Completion Matrix

The matrix below explains what sections are required to be completed for different types of applications.

Application form section	New application / registration	Renewal	Amendment
Part 1: Applicant details	•	•	•
Part 2: Premises details	•	•	Δ
Part 3: Proposed activities	•	•	•
Part 4: Index of Biodiversity Surveys for Assessment and Index of Marine Surveys for Assessment	If required.	If required.	If required.
Part 5: Other DWER approvals	•	•	•
Part 6: Other approvals and consultation	•	•	•
Part 7: Applicant history	•	•	Δ
Part 8: Emissions, discharges, and waste	•	•	Δ
Part 9: Siting and location	•	•	Δ
Part 10: Submission of any other relevant information	•	•	If required.
Part 11: Category checklist(s)	•	•	•
Part 12: Proposed fee calculation	•	•	•
Part 13: Commercially sensitive or confidential information	•	•	•
Part 14: Declaration and signature	•	•	•
Attachment 1A: Proof of occupier status	•	•	N/A
Attachment 1B: ASIC company extract	•	•	N/A

Attachment 1C: Authorisation to act as a representative of the occupier	•	•	•
Attachment 2: Premises maps	•	•	△
Attachment 3A: Environmental commissioning plan	If required.	N/A	If required
Attachment 3B: Proposed activities	•	•	△
Attachment 3C: Map of area proposed to be cleared (only applicable if clearing is proposed)	•	•	•
Attachment 3D: Additional information for clearing assessment	If required.	If required.	If required.
Attachment 4: Marine surveys (only applicable if marine surveys included in application)	•	•	•
Attachment 5: Other approvals and consultation documentation	•	•	△
Attachment 6A: Emissions and discharges	If required.	If required.	If required.
Attachment 6B: Waste acceptance	If required.	If required.	If required.
Attachment 7: Siting and location	•	•	△
Attachment 8: Additional information submitted	If required.	If required.	If required.
Attachment 9: Category-specific checklist(s)	•	If required.	If required.
Attachment 10: Proposed fee calculation	•	•	•
Attachment 11: Request for exemption from publication	If required.	If required.	If required.

Key:

- Must be completed / submitted.
- △ To the extent changed / required in relation to the amendment.
- N/A Not required with application, but may be requested subsequently depending on DWER records.
- "If required" Sections for applicants to determine.

Part 1: Applicant details	
INSTRUCTIONS:	
<ul style="list-style-type: none"> The applicant (the occupier of the premises) must be an individual(s), a company, body corporate, or public authority, but not a partnership, trust, or joint-venture name. Applications made by or on behalf of business names or unincorporated associations will not be accepted. If applying as an individual, your full legal name must be provided. If applying as a company, body corporate, or public authority, the full legal entity name must be inserted. Australian Company Number's (ACN) must be provided for all companies or body corporates. DWER prefers to send all correspondence electronically via email. We request that you consent to receiving all correspondence relating to instruments and notices under Part V of the EP Act (Part V documents) electronically via email, by indicating your consent in Section 1.2. Companies or body corporates making an application must nominate an authorised representative from within their organisation. Proof of authorisation must be submitted with the application (see Section 1.7). If you are applying as an individual, you are the representative. Details of a contact person must be provided for DWER enquiries in relation to your application. This contact person can be a consultant if authorised to represent the applicant. Written evidence of this authorisation must be provided. Details of the occupier of the premises must be provided. One of the options must be selected and if you have been asked to specify, please provide details. For example, if 'lease holder' has been selected, please specify the type of lease (for example, pastoral lease, mining lease, or general lease) and provide a copy of the lease document(s). Note that contracts for sale of land will not be sufficient evidence of occupancy status. 	
1.1	<p>Applicant name/s (full legal name/s): The proposed holder of the works approval, licence or registration.</p> <p>River Nominees Pty Ltd, the Trustee for SP Unit Trust, trading as Purearth</p>
1.2	<p>Authorised representative details:</p> <p>Name [REDACTED]</p>

Part 1: Applicant details				
<p>The person authorised to receive correspondence and Part V documents on behalf of the applicant under the EP Act.</p> <p>Where 'yes' is selected, all correspondence will be sent to you via email, to the email address provided in this section.</p> <p>Where 'no' has been selected, Part V documents will be posted to you in hard copy to the postal / business address specified in Section 2.4, below. Other general correspondence may still be sent to you via email.</p>	Position			
	Telephone			
	Email			
	<p><i>I consent to all written correspondence between myself (the applicant) and DWER, regarding the subject of this application, being exclusively via email, using the email address I have provided above.</i></p>		Yes	No
		<input checked="" type="checkbox"/>	<input type="checkbox"/>	
<p>1.3 Contact person details for DWER enquiries relating to the application (if different from the authorised representative):</p> <p>For example, could be a consultant or a site-based employee.</p>	Name			
	Position			
	Organisation			
	Address			
	Telephone			
	Email			
<p>1.4 Occupier status:</p> <p>Occupier is defined in s.3 of the EP Act and includes a person in occupation or control of the premises, or occupying a different part of the premises whether or not that person is the owner.</p> <p>Note: if a lease holder, the applicant must be the holder of an executed lease, not just an agreement to lease.</p>	Registered proprietor on certificate of title.	<input checked="" type="checkbox"/>		
	Lease holder (please specify, including date of expiry of lease).	<input type="checkbox"/>		
	Public authority that has care, control, or management of the land.	<input type="checkbox"/>		
	Other evidence of legal occupation or control (please specify – for example, joint venture operating entity, contract, letter of operational control, or other legal document or evidence of legal occupation)	<input type="checkbox"/>		
Attachments		N/A	Yes	
1.5	Attachment 1A: Proof of occupier status	Copies of certificate of title, lease, or other instruments evidencing proof of occupier status, including the expiry date or confirmation that there is no expiry date, have been provided and labelled as Attachment 1A.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
1.6	Attachment 1B: ASIC company extract	A current company information extract (not the company information summary) purchased from the ASIC website(s) for all new applications / registrations has been provided and labelled as Attachment 1B.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
1.7	Attachment 1C: Authorisation to act as representative of the occupier	A copy of the documentation authorising the applicant to act on the occupier's behalf as their authorised agent/representative has been provided and labelled as Attachment 1C.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Part 2: Premises details				
2.1	<p>GPS (latitude and longitude) coordinates:</p> <p>GPS coordinates determined using the GDA 2020 (Geographic latitude / longitude) coordinate system and datum must be provided for all points around the proposed premises boundary, where the entirety of the cadastre (land parcel) or mining tenements are not used as the premises boundary.</p>	<p><i>Purearth Woottating Facility</i> <i>324 Horton Road Woottating WA 6562</i> <i>Part of Lot 13 on Deposited Plan 87525 Certificate of Title Volume 2026 Folio 553</i></p>		
Attachments			N/A	Yes
2.2	<p>Attachment 2: Premises map(s)</p> <p>You must provide as an attachment to this application form, labelled Attachment 2, either:</p> <ol style="list-style-type: none"> an aerial photograph, map, and site plan of sufficient scale showing the proposed prescribed premises boundary <p>or</p> <ol style="list-style-type: none"> where available, a map of the proposed premises boundary and site plan as an ESRI shapefile (accepted file types include .dbf, .shp, .prj, and .shx) with the following properties (provided on a suitable portable digital storage device, if submitting application in hard copy form): <ul style="list-style-type: none"> Geometry type: Polygon Shape Coordinate system: GDA 2020 (Geographic latitude / longitude) Datum: GDA 2020 (Geocentric Datum of Australia 2020) <p>You must also provide a map or maps of the prescribed premises, clearly identifying and labelling:</p> <ul style="list-style-type: none"> layout of key infrastructure and buildings, clearly labelled; the premises boundary (where the premises boundary does not align with the entirety of the cadastral boundary, identify the Lot Number for which the premises is part of); emission and discharge points (with precise GPS coordinates where available); monitoring points (with precise GPS coordinates where available); sensitive receptors and land uses all areas proposed to be cleared (if applicable). <p>Maps must contain a north arrow, clearly marking the area in which the activities are carried out. The map or maps must be of reasonable clarity and have a visible scale.</p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	

Part 3: Proposed activities
INSTRUCTIONS:

- You must provide a description and the scope, size and scale of all prescribed activities of Schedule 1 to the EP Regulations including the maximum production or design capacity of each prescribed activity.
- If applying for a works approval or licence amendment involving the construction of new infrastructure, you must provide information on infrastructure to be constructed and how long construction is expected to take. You must confirm if commissioning is to occur and how long it will take.
- If applying for a works approval or licence amendment *not* involving the construction of new infrastructure, provide details of the proposed amendment.
- You must identify all emission sources on the premises map/s.
- You must also provide information on activities which directly relate to the prescribed premises category which have, or are likely to result in, an emission or discharge.
- If clearing activities are proposed provide a description and details. If a relevant exemption under Schedule 6 of the EP Act or r.5 of the Environmental Protection (Clearing of Native Vegetation) Regulations 2004 (WA) (Clearing Regulations) may apply, provide details.
- Note that in some cases, DWER may require that the clearing components of a works approval or licence (or amendment) application be submitted separately through the clearing permit application process. Refer to the [Procedure: Prescribed premises works approvals and licences](#) for further guidance.
- Please note that the requested information is critical to DWER's understanding of the proposed activities. The more accurate, specific, and complete the information provided in the application, the less uncertainty that DWER may identify in the application, therefore facilitating completion of the assessment in a more efficient and timely manner.

3.1 Prescribed premises infrastructure and equipment

In Table 3.1 (below), provide a list of all items of infrastructure and equipment within the boundary of the prescribed premises relevant to this application, and include the following details for each:

- relevant categories (if known)** – the categories of prescribed premises (as listed under Schedule 1 of the EP Regulations) that relate to that infrastructure or equipment,
- site plan reference** – the location of that infrastructure or equipment (with reference to the site plan map or maps provided above in Section 2.2 and labelled as Attachment 2 – e.g. use GPS coordinates or a clear description such as "labelled as [label on premises map] on Map A");
- is it critical containment infrastructure (CCI)?** – indicate if the identified infrastructure or equipment would be categorised as CCI. Refer to the [Guideline: Industry Regulation Guide to Licensing](#) for further information on CCI; and
- is environmental commissioning required?** – indicate if environmental commissioning is intended to be undertaken for that item of infrastructure or equipment. Refer to the [Guideline: Industry Regulation Guide to Licensing](#) for further information on environmental commissioning.

Add additional rows to Table 3.1 (below) as required.

Table 3.1: Infrastructure and equipment

	Infrastructure and equipment	Relevant categories (if known)	Site plan reference	CCI? (mark if yes)	Environmental commissioning? (mark if yes)
1.	FOGO receival and processing shed	67A	Proposed shed location	<input type="checkbox"/>	<input type="checkbox"/>
2.	Food De-packaging Plant	67A	Proposed shed location	<input type="checkbox"/>	<input type="checkbox"/>
3.	Organic waste shredder	67A	Proposed shed location	<input type="checkbox"/>	<input type="checkbox"/>
4.	Trommel screen	67A	Proposed shed location	<input type="checkbox"/>	<input type="checkbox"/>
5.	Granulator / dryer	67A	Proposed shed location	<input type="checkbox"/>	<input type="checkbox"/>
6.	Biochar plant	37	Proposed shed location	<input type="checkbox"/>	<input type="checkbox"/>
7.	Weighbridge	N/A	Proposed weighbridge location NW site corner	<input type="checkbox"/>	<input type="checkbox"/>
8.				<input type="checkbox"/>	<input type="checkbox"/>

Part 3: Proposed activities	
3.2	<p>Detailed description of proposed activities or proposed changes (if an amendment): You must provide details of proposed activities relevant to this application within the boundary of the prescribed premises, identifying:</p> <ul style="list-style-type: none"> • scope, size, and scale of the project, including details as to production or design capacity (and/or frequency, if applicable); • key infrastructure and equipment; • description of processes or operations (a process flow chart may be included as an attachment); • emission / discharge points; • locations of waste storage or disposal • activities occurring during construction, environmental commissioning, and operation (if applicable). <p>If assessment and imposition of conditions to allow environmental commissioning to be undertaken are requested, please provide an environmental commissioning plan as Attachment 3A (see 3.11 below). Additional information relating to the proposed activities may be included in Attachment 3B (see 3.12 below).</p> <p>Construction activities (if applicable):</p> <p>During construction of the additional processing and handling facilities, existing organics waste processing activities at the Purearth Woollating site will continue in full compliance with conditions of environmental licence.</p> <p>Environmental commissioning activities (if applicable): Refer to the Guideline: Industry Regulation Guide to Licensing for further guidance.</p> <p>Not applicable</p> <p>Time limited operations activities (if applicable): Different elements of the premises may require time limited operations to commence at different times. In these circumstances, please specify the infrastructure and/or equipment for which time limited operations authorisation is being applied for. If time limited operations are expected to differ from future licensed operations, specify how and why this would be the case. Refer to the Guideline: Industry Regulation Guide to Licensing for further guidance. Approval of time limited operations is requested for the FOGO receipt and processing shed and associated plant and equipment, and the weighbridge.</p> <p>Operations activities at the site will remain largely unchanged except in scale. The biochar plant represents a diversification of organics waste processing at the site and will enable Purearth to offer customers a wider range of soil amendment products. The Biochar plant will otherwise process organic waste material not suited for composting. In this way the organic waste from Purearth's operations will be effectively reduced to zero.</p> <p>The licensed throughput at the site is 58,000 tonnes per annum of solid organic waste and 15,000 tonnes per annum of liquid organic waste. The additional infrastructure the subject of this Works Approval application will provide the capacity to expand waste organics throughput at the site to 135,000 tonnes per annum. The expansion is necessary to keep pace with growing demand for FOGO processing services as municipal FOGO collections continue to expand in conformance with the requirements of the <i>WA Waste Avoidance and Resource Recovery Strategy 2030</i>.</p> <p>Operations activities (for a licence):</p> <p>N/A</p>
3.3	<p>Estimated operating period of the project / premises (e.g. based on estimated infrastructure life):</p> <p>20 years</p>
3.4	<p>Proposed date(s) for commencement of works (if applicable):</p> <p>15 January 2025</p>
3.5	<p>Proposed date(s) for conclusion of works construction (if applicable):</p> <p>15 June 2026</p> <p>This date should coincide with the submission to DWER of an Environmental Compliance Report(s) and/or a Critical Containment Infrastructure Report(s) as required. Refer to the Guideline: Industry Regulation Guide to Licensing.</p>

Part 3: Proposed activities				
3.6	Proposed date(s) for environmental commissioning of works (if applicable): Refer to the Guideline: Industry Regulation Guide to Licensing .	Not applicable		
3.7	Proposed date/s for commencement of time limited operations under works approval (if applicable): Refer to the Guideline: Industry Regulation Guide to Licensing .	1 May 2026		
3.8	Maximum production or design capacity for each category applied for (based on infrastructure operating 24 hours a day, 7 days a week): Provide figures for all categories listed in Section 1.2. Units of measurement must be the same as the units of measurement associated with the relevant category as identified in Schedule 1 of the EP Regulations.	Cat 67A organics waste processing – 115,000 tonnes per annum Cat 61 – liquid waste processing 20,000 tonnes per annum Note: existing and proposed biological composting processes occur 24 hrs a day, 7 days a week		
3.9	Estimated / actual throughput for each category applied for: Provide figures for all categories listed in Section 1.2. Units of measurement must be the same as the units of measurement associated with the relevant category as identified in Schedule 1 of the EP Regulations.	Cat 67A organics waste processing – 115,000 tonnes per annum Cat 61 – liquid waste processing 20,000 tonnes per annum		
Attachments		N/A	Yes	
3.10	Attachment 2: Premises map	Emission/discharge points are clearly labelled on the map/s required for Part 2.2 (Attachment 2).	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3.11	Attachment 3A: Environmental commissioning plan	If applying to construct works or install equipment, and environmental commissioning of the works or equipment is planned, an environmental commissioning plan has been included in Attachment 3A. The environmental commissioning plan is expected to include, at minimum, identification of: <ul style="list-style-type: none"> the sequence of commissioning activities to be undertaken, including details on whether they will be done in stages; a summary of the timeframes associated with the identified sequence of commissioning activities; the inputs and outputs that will be used in the commissioning process; the emissions and/or discharges expected to occur during commissioning; the emissions and/or discharges that will be monitored and/or confirmed to establish or test a steady-state operation (e.g. identifying emissions surrogates, etc.), including a detailed emissions monitoring program for the measurement of those emissions and/or discharges; the controls (including management actions) that will be put in place to address the expected emissions and/or discharges; any contingency plans for if emissions exceedances or unplanned emissions and/or discharges occur; and how any of the above would differ from standard operations once commissioning is complete. Note that DWER will not include conditions on a granted instrument that authorise environmental commissioning activities where it is not satisfied that the risks associated with environmental commissioning can be adequately addressed.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3.12	Attachment 3B: Proposed activities	Additional information relating to the proposed activities has been included in Attachment 3B (if required).	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Clearing activities				
3.13 to 3.19 are only required if the application includes clearing of native vegetation.				

Part 3: Proposed activities				
3.13	Proposed clearing area (hectares and/or number of individual trees to be removed):	0.015 ha (150m ²)		
3.14	Details of any relevant exemptions: Refer to DWER's A guide to the exemptions and regulations for clearing native vegetation .	Minor clearing to construct a building (Regulation 5, Item 1).		
3.15	Proposed method of clearing:	Bulldozer - as part of civil works for the construction of the new shed.		
3.16	Period within which clearing is proposed to be undertaken: For example, May 2020 – June 2020.	January to February 2026		
3.17	Purpose of clearing:	Minor clearing is required to construct the shed. The area to be cleared comprises 150m ² of an area previously burnt out by bushfire (see enclosed aerial photograph map) and takes in the SW corner of the proposed shed location.		
Clearing activities – Attachments			N/A	Yes
3.18	Attachment 3C: Map of area proposed to be cleared	You must provide: an aerial photograph or map of sufficient scale showing the proposed clearing area and prescribed premises boundary OR if you have the facilities, a suitable portable digital storage device of the area proposed to be cleared as an ESRI shapefile with the following properties: <ul style="list-style-type: none"> • Geometry type: Polygon Shape • Coordinate system: GDA 2020 (Geographic latitude / longitude) • Datum: 2020 1994 (Geocentric Datum of Australia 2020). 	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3.19	Attachment 3D: Additional information for clearing assessment	Additional information to assist in the assessment of the clearing proposal may be attached to this application (for example, reports on salinity, fauna or flora studies or other environmental reports conducted for the site).	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Part 4: Index of Biodiversity and Marine Surveys for Assessments (IBSA and IMSA)				
INSTRUCTIONS:				
<ul style="list-style-type: none"> • Biodiversity surveys should be submitted through the IBSA Submissions Portal at ibsasubmissions.dwer.wa.gov.au • Biodiversity surveys submitted to support this application must meet the requirements of the EPA's <i>Instructions for the preparation of data packages for the Index of Biodiversity Surveys for Assessments (IBSA)</i>. • Marine surveys submitted to support this application must meet the requirements of the EPA's <i>Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments (IMSA)</i>. • If these requirements are not met, DWER will decline to deal with the application. 				
Attachments			N/A	Yes
4.1	Biodiversity surveys	All biodiversity surveys submitted with this application meet the requirements of the EPA's Instructions for the preparation of data packages for the Index of Biodiversity Surveys for Assessments (IBSA) .	<input checked="" type="checkbox"/>	<input type="checkbox"/>
	Please provide the IBSA number(s) (or submission number(s) if IBSA number has not yet been issued) in the space provided.	Submission number(s)		
	Note that a submission number is not confirmation of acceptance of a biodiversity survey and is not the same as an IBSA number. IBSA numbers are only issued once a survey has been accepted. Once an IBSA number is issued, please notify the department.	IBSA number(s)		

Part 4: Index of Biodiversity and Marine Surveys for Assessments (IBSA and IMSA)			
INSTRUCTIONS:			
<ul style="list-style-type: none"> Biodiversity surveys should be submitted through the IBSA Submissions Portal at ibsasubmissions.dwer.wa.gov.au Biodiversity surveys submitted to support this application must meet the requirements of the EPA's <i>Instructions for the preparation of data packages for the Index of Biodiversity Surveys for Assessments (IBSA)</i>. Marine surveys submitted to support this application must meet the requirements of the EPA's <i>Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments (IMSA)</i>. If these requirements are not met, DWER will decline to deal with the application. 			
4.2	Attachment 4: Marine surveys	All marine surveys submitted with this application meet the requirements of the EPA's <i>Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments (IMSA)</i> .	<input checked="" type="checkbox"/> <input type="checkbox"/>

Part 5: Other DWER approvals	
INSTRUCTIONS:	
<ul style="list-style-type: none"> If you have applied, or intend to apply, for other approvals within DWER that may be relevant to this application, you must provide relevant details. If you have referred, or intend to refer, your proposal to the Environmental Protection Authority (EPA), you must provide the requested details. 	
Pre-application scoping	
<p>5.1 Have you had any pre-application / pre-referral / scoping meetings with DWER regarding any planned applications?</p>	<p><input checked="" type="checkbox"/> No</p> <p><input type="checkbox"/> Yes – provide details:</p> <div style="border: 1px solid black; height: 30px; width: 100%; margin-top: 5px;"></div>
Environmental impact assessment (Part IV of the EP Act)	
<p>5.2 Have you referred or do you intend to refer the proposal to the EPA?</p> <p>Section 37B(1) of the EP Act defines a 'significant proposal' as "a proposal likely, if implemented, to have a significant effect on the environment".</p> <p>If DWER considers that the proposal in this application is likely to constitute a 'significant proposal', DWER is required under s.38(5) of the EP Act to refer the proposal to the EPA for assessment under Part IV, if such a referral has not already been made.</p> <p>If a relevant Ministerial Statement already exists, please provide the MS number in the space provided.</p>	<p><input type="checkbox"/> Yes (referred) – reference (if known): []</p> <p><input type="checkbox"/> Yes – intend to refer (proposal is a 'significant proposal') <input type="checkbox"/> Yes – intend to refer (proposal will require a s.45C amendment to the current Ministerial Statement): MS []</p> <p><input type="checkbox"/> No – a valid Ministerial Statement applies: MS []</p> <p><input checked="" type="checkbox"/> No – not a 'significant proposal'</p>
Clearing of native vegetation (Part V Division 2 of the EP Act and Country Area Water Supply Act 1947)	
<p>5.3 Have you applied or do you intend to apply for a native vegetation clearing permit?</p> <p>In accordance with the Guideline: Industry Regulation Guide to Licensing and Procedure: Native vegetation clearing permits, where clearing of native vegetation:</p> <ul style="list-style-type: none"> is exempt under Schedule 6 of the EP Act or the Environmental Protection (Clearing of Native Vegetation) Regulations 2004 (WA) (refer to guide to the exemptions and regulations for clearing native vegetation) is being assessed by a relevant authority which would lead to an exemption under Schedule 6 of the EP Act, or has been referred under s.51DA of the EP Act and a determination made that a clearing permit is not required (refer to the Guideline: Native vegetation clearing referrals). <p>the clearing will not be reassessed by DWER or be subject to any additional controls by DWER.</p> <p>If the proposed clearing action is to be assessed in accordance with, or under, an <i>Environment Protection and Biodiversity Conservation Act</i> (Cth) (EPBC Act) accredited process, such as the assessment bilateral agreement, the clearing permit application Form Annex C7 – Assessment bilateral agreement must be completed and attached to your clearing permit application.</p>	<p><input type="checkbox"/> Yes – clearing application reference (if known): CPS []</p> <p><input type="checkbox"/> Yes – a valid EP Act clearing permit already applies: CPS []</p> <p><input type="checkbox"/> No – this application includes clearing (please complete Sections 4.13 to 4.19 above)</p> <p><input type="checkbox"/> No – permit not required (no clearing of native vegetation)</p> <p><input type="checkbox"/> No – permit not required (clearing referral decision): CPS []</p> <p><input checked="" type="checkbox"/> No – an exemption applies (explain why):</p> <div style="border: 1px solid black; padding: 5px; margin-top: 5px;"> <p>Exempt under Regulation 5, Item 1 (clearing for a building).</p> </div>

Part 5: Other DWER approvals	
<p>5.4 Have you applied or do you intend to apply for a Country Area Water Supply Act 1947 licence?</p> <p>If a clearing exemption applies in a <i>Country Area Water Supply Act 1947</i> (CAWS Act) controlled catchment, or if compensation has previously been paid to retain the subject vegetation, a CAWS Act clearing licence is required.</p> <p>If yes, contact the relevant DWER regional office for a Form 1 <i>Application for licence</i>.</p> <p>Map of CAWS Act controlled catchments</p>	<p><input type="checkbox"/> Yes – application reference (if known): []</p> <p><input type="checkbox"/> No – a valid licence applies: []</p> <p><input checked="" type="checkbox"/> No – licence not required</p>
Water licences and permits (<i>Rights in Water and Irrigation Act 1914</i>)	
<p>5.5 Have you applied, or do you intend to apply for:</p> <ol style="list-style-type: none"> 1. a licence or amendment to a licence to take water (surface water or groundwater); or 2. a licence to construct wells (including bores and soaks); or 3. a permit or amendment to a permit to interfere with the bed and banks of a watercourse? <p>For further guidance on water licences and permits under the <i>Rights in Water and Irrigation Act 1914</i>, refer to the Procedure: Water licences and permits.</p>	<p><input type="checkbox"/> Yes –application reference (if known): []</p> <p><input type="checkbox"/> No – a valid licence / permit applies: []</p> <p><input type="checkbox"/> No – an exemption applies (explain why):</p> <div style="border: 1px solid black; height: 40px; width: 100%;"></div> <p><input checked="" type="checkbox"/> No – licence / permit not required</p>

Part 6: Other approvals and consultation				
INSTRUCTIONS:				
<ul style="list-style-type: none"> • Please provide copies of all relevant documentation indicated below, including any conditions, exclusions, or expiry dates. • “Major Project” means: <ul style="list-style-type: none"> ➢ A State Development Project, where the lead agency is the Department of Jobs, Tourism, Science and Innovation (including projects to which a State Agreement applies); or ➢ A Level 2 or 3 proposal, as defined in the Department of Premier and Cabinet's Lead Agency Framework. 				
		N/A	No	Yes
6.1	Is the proposal a Major Project?		<input checked="" type="checkbox"/>	<input type="checkbox"/>
6.2	Is the proposal subject to a State Agreement Act?		<input checked="" type="checkbox"/>	<input type="checkbox"/>
	If yes, specify which Act:			
6.3	Has the proposal been allocated to a “Lead Agency” (as defined in the Lead Agency Framework)?		<input checked="" type="checkbox"/>	<input type="checkbox"/>
	If yes, specify Lead Agency contact details:			
6.4	Has the proposal been referred and/or assessed under the EPBC Act (Commonwealth)?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
	If yes, please specify referral, assessment and/or approval number:			
6.5	Has the proposal obtained all relevant planning approvals?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	If planning approval is necessary but has not been obtained, please provide details indicating why:			
	If planning approval is not necessary, please provide details indicating why:			
	<p><i>Consultation with the responsible LGA, the Shire of Northam, has confirmed that a fresh Development Approval is not required. The City of Northam has advised that a routine amendment to the existing Development Approval can be made on receipt of a letter from Purearth.</i></p>			

Part 6: Other approvals and consultation					
6.6	For renewals or amendment applications, are the relevant planning approvals still valid (that is, not expired)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
6.7	Has the proposal obtained all other necessary statutory approvals (not including any other DWER approvals identified in Part 6 of this application)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
If no, please provide details of approvals already obtained, outstanding approvals, and expected dates for obtaining these outstanding approvals:					
		N/A	No	Yes	
6.8	Has consultation been undertaken with parties considered to have a direct interest in the proposal (that is, interested parties or persons who are considered to be directly affected by the proposal)? DWER will give consideration to submissions from interested parties or persons in accordance with the Guideline: Industry Regulation Guide to Licensing .	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Attachments			N/A	Yes	
6.9	Attachment 5: Other approvals and consultation documentation	Details of other approvals specified in Part 5 of this application, including copies of relevant decisions and any consultation undertaken with direct interest stakeholders have been provided and labelled Attachment 5.		<input type="checkbox"/>	<input checked="" type="checkbox"/>

Part 7: Applicant history				
Note:				
<ul style="list-style-type: none"> DWER will undertake an internal due diligence of the applicant's fitness and competency based on DWER's compliance records and the responses to Part 7 of the form. If you wish to provide additional information for DWER to consider in making this assessment, you may provide that information as a separate attachment (see Part 11). 				
		N/A	No	Yes
7.1	If the applicant is an individual, has the applicant previously held, or do they currently hold, a licence or works approval under Part V of the EP Act?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7.2	If the applicant is a corporation, has any director of that corporation previously held, or do they currently hold, a licence or works approval under Part V of the EP Act?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7.3	If yes to 7.1 or 7.2 above, specify the name of company and/or licence or works approval number: Works approval number: W68 15/2023/1			
7.4	If the applicant is an individual, has the applicant ever been convicted, or paid a penalty, for an offence under a provision of the EP Act, its subsidiary legislation, or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7.5	If the applicant is a corporation, has any director of that corporation ever been convicted, or paid a penalty, for an offence under a provision of the EP Act, its subsidiary legislation, or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7.6	If the applicant is a corporation, has any person concerned in the management of the corporation, as referred to in s.118 of the EP Act, ever been convicted of, or paid a penalty, for an offence under a provision of the EP Act, its subsidiary legislation, or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7.7	If the applicant is a corporation, has any director of that corporation ever been a director of another corporation that has been convicted, or paid a penalty, for an offence under a provision of the EP Act, its subsidiary legislation, or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Part 7: Applicant history				
7.8	With regards to the questions posed in 7.4 to 7.7 above, have any legal proceedings been commenced, whether convicted or not, against the applicant for an offence under a provision of the EP Act, its subsidiary legislation, or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7.9	Has the applicant had a licence or other authority suspended or revoked due to a breach of conditions or an offence under the EP Act or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7.10	If the applicant is a corporation, has any director of that corporation ever had a licence or other authority suspended or revoked due to a breach of conditions or an offence under the EP Act or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7.11	If the applicant is a corporation, has any director of that corporation ever been a director of another corporation that has ever had a licence or other authorisation suspended or revoked due to a breach of conditions or an offence under the EP Act or similar environmental protection or health-related legislation in Western Australia or elsewhere in Australia?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7.12	If yes to any of 7.4 to 7.11 above, you must provide details of any charges, convictions, penalties paid for an offence, and/or licences or other authorisations suspended or revoked:			

Part 8: Emissions, discharges, and waste		
INSTRUCTIONS:		
<ul style="list-style-type: none"> Please see Guideline: Risk Assessments and provide all information relating to emission sources, pathways and receptors relevant to the application. You must provide details on sources of emissions (for example, kiln stack, baghouses or discharge pipelines) including fugitive emissions (for example, noise, dust or odour), types of emissions (physical, chemical, or biological), and volumes, concentrations and durations of emissions. The potential for emissions should be considered for all stages of the proposal (where relevant), including during construction, commissioning and operation of the premises. 		
		No Yes
8.1	Are there potential emissions or discharges arising from the proposed activities?	<input type="checkbox"/> <input checked="" type="checkbox"/>
If yes, identify all potential emissions and discharges arising from the proposed activities and complete Table 8.1: Emissions and discharges (below).		

Part 8: Emissions, discharges, and waste																																															
<input checked="" type="checkbox"/> Gaseous and particulate emissions (e.g. emissions from stacks, chimneys or baghouses) <input type="checkbox"/> Wastewater discharges (e.g. treated sewage, wash water, or process water discharged to lands or waters) <input checked="" type="checkbox"/> Noise (e.g. from machinery operations and/or vehicle operations) <input type="checkbox"/> Contaminated or potentially contaminated stormwater (e.g. stormwater with the potential to come into contact with chemicals or waste materials, etc.) <input type="checkbox"/> Other (please specify): [<input checked="" type="checkbox"/> Dust (e.g. from equipment, unsealed roads and/or stockpiles, etc.) <input checked="" type="checkbox"/> Waste and leachate (e.g. emissions through seepage, leaks and spills of waste from storage, process and handling areas, etc.) <input checked="" type="checkbox"/> Odour (e.g. from wastes accepted at putrescible landfills, storage or processing of waste or other odorous materials, etc.) <input type="checkbox"/> Electromagnetic radiation ¹]																																														
¹ Note that for electromagnetic radiation, copies/details of other relevant approvals (such as from the Department of Mines, Industry Regulation and Safety or the Radiological Council) must be provided where applicable.																																															
<p>Details of any pollution control equipment or waste treatment system, including any control mechanisms used to ensure proper operation of this equipment, must be included in the proposed controls column of the 'Emissions and discharges table' below. Details of management measures employed to control emissions should also be included. Please provide / attach any relevant documents (e.g. management plans, etc.).</p> <p>Additional rows may be added as required and/or further information may be included as an attachment (see Section 8.3).</p> <p>Table 8.1: Emissions and discharges</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 5%;">#</th> <th style="width: 15%;">Source of emission or discharge</th> <th style="width: 15%;">Emission or discharge type</th> <th style="width: 15%;">Volume and frequency</th> <th style="width: 20%;">Proposed controls (Include in Attachment 6A if extensive or complex)</th> <th style="width: 30%;">Location (on site layout plan – see 3.4)</th> </tr> </thead> <tbody> <tr> <td>1.</td> <td>Construction</td> <td>Noise</td> <td>70–95 dB(A) intermittent</td> <td>Distance to receptors Effective maintenance of plant and machinery Construction hours limited to 0700 – 1800 hrs daily</td> <td>Proposed new shed and weighbridge as marked</td> </tr> <tr> <td>2.</td> <td>Operational</td> <td>Noise</td> <td>Shredder 95–115 dB(A) Trommel 80–95 dB(A) Truck movements, loading & unloading 65 -95 dB(A)</td> <td>Distance to receptors Effective maintenance of plant and machinery Operating hours limited to 0700 – 1800 hrs daily</td> <td>Proposed new shed and weighbridge as marked</td> </tr> <tr> <td>3.</td> <td>Construction</td> <td>Dust</td> <td>As consistent with construction of a corrugated iron shed and installation of a weighbridge</td> <td>Distance to receptors Maintenance of plant machinery and equipment</td> <td>Proposed new shed and weighbridge as marked</td> </tr> <tr> <td>4.</td> <td>Operational</td> <td>Dust</td> <td>Consistent with current licensed organic waste operations</td> <td>Distance to receptors Mobile dust suppression units Maintenance of plant machinery and equipment</td> <td>Proposed new shed and existing bunkers for composting & soil blending operations as marked</td> </tr> <tr> <td>5.</td> <td>Construction</td> <td>Emissions to land and water</td> <td>None that can be forecasted</td> <td>Purearth will remove and dispose of spills outside of engineered containment system</td> <td>Proposed new shed and weighbridge as marked</td> </tr> <tr> <td>6.</td> <td>Operational</td> <td>Odour</td> <td>Consistent with current licensed composting operations</td> <td>Distance to receptors Pasteurisation bunkers All odour treated by biofilter prior to emission</td> <td>Proposed new shed and existing bunkers for composting & soil blending operations</td> </tr> </tbody> </table>						#	Source of emission or discharge	Emission or discharge type	Volume and frequency	Proposed controls (Include in Attachment 6A if extensive or complex)	Location (on site layout plan – see 3.4)	1.	Construction	Noise	70–95 dB(A) intermittent	Distance to receptors Effective maintenance of plant and machinery Construction hours limited to 0700 – 1800 hrs daily	Proposed new shed and weighbridge as marked	2.	Operational	Noise	Shredder 95–115 dB(A) Trommel 80–95 dB(A) Truck movements, loading & unloading 65 -95 dB(A)	Distance to receptors Effective maintenance of plant and machinery Operating hours limited to 0700 – 1800 hrs daily	Proposed new shed and weighbridge as marked	3.	Construction	Dust	As consistent with construction of a corrugated iron shed and installation of a weighbridge	Distance to receptors Maintenance of plant machinery and equipment	Proposed new shed and weighbridge as marked	4.	Operational	Dust	Consistent with current licensed organic waste operations	Distance to receptors Mobile dust suppression units Maintenance of plant machinery and equipment	Proposed new shed and existing bunkers for composting & soil blending operations as marked	5.	Construction	Emissions to land and water	None that can be forecasted	Purearth will remove and dispose of spills outside of engineered containment system	Proposed new shed and weighbridge as marked	6.	Operational	Odour	Consistent with current licensed composting operations	Distance to receptors Pasteurisation bunkers All odour treated by biofilter prior to emission	Proposed new shed and existing bunkers for composting & soil blending operations
#	Source of emission or discharge	Emission or discharge type	Volume and frequency	Proposed controls (Include in Attachment 6A if extensive or complex)	Location (on site layout plan – see 3.4)																																										
1.	Construction	Noise	70–95 dB(A) intermittent	Distance to receptors Effective maintenance of plant and machinery Construction hours limited to 0700 – 1800 hrs daily	Proposed new shed and weighbridge as marked																																										
2.	Operational	Noise	Shredder 95–115 dB(A) Trommel 80–95 dB(A) Truck movements, loading & unloading 65 -95 dB(A)	Distance to receptors Effective maintenance of plant and machinery Operating hours limited to 0700 – 1800 hrs daily	Proposed new shed and weighbridge as marked																																										
3.	Construction	Dust	As consistent with construction of a corrugated iron shed and installation of a weighbridge	Distance to receptors Maintenance of plant machinery and equipment	Proposed new shed and weighbridge as marked																																										
4.	Operational	Dust	Consistent with current licensed organic waste operations	Distance to receptors Mobile dust suppression units Maintenance of plant machinery and equipment	Proposed new shed and existing bunkers for composting & soil blending operations as marked																																										
5.	Construction	Emissions to land and water	None that can be forecasted	Purearth will remove and dispose of spills outside of engineered containment system	Proposed new shed and weighbridge as marked																																										
6.	Operational	Odour	Consistent with current licensed composting operations	Distance to receptors Pasteurisation bunkers All odour treated by biofilter prior to emission	Proposed new shed and existing bunkers for composting & soil blending operations																																										

	Source	Type	Volume & freq	Proposed controls	Location
7.	Operational	Emissions to land and water	None that can be forecasted	<p>New shed will enable raw FOGO materials to be received and processed within a controlled environment</p> <p>Hardstand constructed to meet not less than 1×10^{-9} m/s permeability with bunds surrounding hardstand constructed of concrete and a minimum 300mm high.</p> <p>HDPE lined leachate collection system constructed from 2mm HDPE liner and designed to meet not less than 1×10^{-9} m/s permeability.</p> <p>Waste loads are not accepted when no bunker space is available.</p> <p>Composting bunkers are situated above a concrete hardstand.</p> <p>Stormwater that has contacted feedstocks, materials undergoing processing, products or residual physical contaminants is collected in a lined leachate storage pond.</p> <p>Maintain a minimum freeboard of 500 mm on all storage ponds for leachate and contaminated stormwater to prevent overtopping.</p> <p>Firewater will be directed to lined storage pond.</p> <p>Sediment traps capture mobile sediments</p>	Proposed new shed and existing bunkers for composting & soil blending operations as marked
8.	Operational - Biochar plant	Gaseous	PM: 2,000 kg pa	Incorporated filtration system	New shed as marked
9.	Operational - Biochar plant	Gaseous	VOC: 750 kg pa	Incorporated filtration system	New shed as marked
10.	Operational - Biochar plant	Gaseous	CO: 3,000 kg pa	Optimised pyrolysis conditions: adjustment of temperature and pressure to minimise CO emissions	New shed as marked
11.	Operational - Biochar plant	Gaseous	NOx: 400 kg pa	Optimised pyrolysis conditions: adjustment of temperature and pressure to minimise NOx emissions	New shed as marked
12.	Operational	Litter & debris	Minimal – feedstock received is largely uncontaminated	Materials will be delivered and handled within enclosed shed Drains on site will be regularly cleared of any litter & debris	Whole of site
13.	Operational	Fire event	Rare	Water storage tanks Bunkers act to isolate a fire outbreak	Whole of site
14.	Operational	Vectors (vermin & pests)	None that can be forecasted	Distance to receptors Enclosed shed will minimise intrusion by vectors	Whole of site
15.	Operational	Product quality derived	Rare	Purearth meets requirements of Australian standards, premises subject to annual audit.	Whole of site
16.	Operational	Point source emissions to air	Reduced compared with current unenclosed operations	New shed will enable raw FOGO materials to be received and processed within a controlled environment	New shed as marked

8.2 Waste-related activities at the premises²		No	Yes		
Answer "yes" or "no" for the following questions and complete Table 8.2 (below).					
(a)	Is waste accepted at the premises?	<input type="checkbox"/>	<input checked="" type="checkbox"/>		
(b)	Is waste produced on the premises?	<input type="checkbox"/>	<input checked="" type="checkbox"/>		
(c)	Is waste processed on the premises?	<input type="checkbox"/>	<input checked="" type="checkbox"/>		
(d)	Is waste stored on the premises?	<input type="checkbox"/>	<input checked="" type="checkbox"/>		
(e)	Is waste buried on the premises?	<input checked="" type="checkbox"/>	<input type="checkbox"/>		
(f)	Is waste recycled on the premises?	<input type="checkbox"/>	<input checked="" type="checkbox"/>		
(g)	Is any of the waste listed in Table 8.2 (below) also considered a 'dangerous good' for the purposes of the Dangerous Goods Safety (Storage and Handling of Non-Explosives) Regulations 2007? ³	<input checked="" type="checkbox"/>	<input type="checkbox"/>		
	Specify, if yes:				
<p>² Copies / details of any other relevant approvals (e.g. from the Department of Health) must be provided where applicable.</p> <p>³ Wastes derived from the storage, handling, and use of dangerous goods may be considered hazardous and may need to be handled with the same precautions. Please refer to the Department of Mines, Industry Regulation and Safety's Dangerous Goods Safety information sheet for more information.</p> <p>Solid waste types must be described with reference to <i>Landfill Waste Classification and Waste Definitions 1996</i> (as amended from time to time) and the Environmental Protection (Controlled Waste) Regulations 2004 (Controlled Waste Regulations).</p> <p>Liquid waste types must be described with reference to the Controlled Waste Regulations.</p> <p>For further guidance on the definition of waste, refer to Fact Sheet: Assessing whether material is waste.</p>					
<p>Detail must be provided on storage type (for example, hardstand and containment infrastructure), capacity, likely storage volumes, and containment features (for example, lining and bunding).</p> <p>Additional rows may be added as required and/or further information may be included as an attachment (see Section 8.4).</p>					
Table 8.2 Waste types					
	Waste type	Quantity (e.g. tonnes, litres, cubic metres)	Waste activity infrastructure (including specifications)	Monitoring (if applicable)	Location (on site layout plan – see 3.4)
1.	Food and garden waste (FOGO)	115,000 tonnes	Proposed new shed, de-packaging machinery, shredder, trommel, biochar plant, granulator and dryer, all on concrete hardstand with containment of any liquid runoff.		As marked on plan
2.	Liquid waste	20,000 tonnes	No change to current licensed operations		
Attachments		N/A	Yes		
<p>Note: Attachment 6A Odour & Emissions Impact Assessment Sep 2025 covers the proposed infrastructural upgrades. These will provide a higher level of process control, automation, contingency and overall improvement in odour management and subsequent mitigation of offsite odour impacts.</p> <p>The proposed increase in waste acceptance and subsequent increase in composting and soil blending operations will increase the potential odour footprint; however that increase will be more than overcome by the addition of the new enclosed shed for the receipt and processing of the additional FOGO materials that the infrastructural upgrades are designed to handle. The composting of the additional FOGO material will take place in covered bunkers which provide for the process air capture, extraction and treatment via a common biofilter.</p>					

8.3	Attachment 6A: Emissions and discharges (if required)	If required, further information for Section 8.1 has been included as an attachment labelled Attachment 6A.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
8.4	Attachment 6B: Waste acceptance (if required)	If required, further information for Section 8.2 has been included as an attachment labelled Attachment 6B.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Part 9: Siting and location			
9.1	Sensitive land uses	What is/are the distance(s) to the nearest sensitive land use(s)? A sensitive land use is a residence or other land use which may be affected by an emission or discharge associated with the proposed activities.	Residential premises are located: Approx 550m W of the premises boundary and 1250m WNW of the prescribed activities. Approx 400m SW of the premises boundary and 1300m WSW of the prescribed activities. Approx 1400m SE of the premises boundary and prescribed activities
9.2	Nearby environmentally sensitive receptors and aspects	Identify in Table 9.2 (below): <ul style="list-style-type: none"> all instances of environmentally sensitive receptors that are known or suspected to be present within, or within close proximity to, the proposed prescribed premises boundary; the nature of the sensitive receptors (e.g. type of Threatened Ecological Community, species or threatened flora or fauna, etc.); their actual or approximate known distance and direction from the premises boundary (at the closest point/s); and if applicable, what measures have been or will be taken to ensure that sensitive receptors are not adversely impacted by any emissions or discharges from the premises. Refer to the Guideline: Environmental siting for further guidance.	
Table 9.2: Nearby environmentally sensitive receptors and aspects			
Type / classification	Description	Distance + direction to premises boundary	Proposed controls to prevent or mitigate adverse impacts (if applicable)
Environmentally Sensitive Areas ¹	Darling Range Regional Park	Approx 400m SW of the premises boundary and 1150m SW of the prescribed activities	Distance to receptors
Threatened Ecological Communities			
Threatened and/or priority fauna			
Threatened and/or priority flora			
Aboriginal and other heritage sites ²			
Public drinking water source areas ³			
Rivers, lakes, oceans, and other bodies of surface water, etc.	Minor-non-perennial watercourse flowing northward through the premises.	Located within the premises approx. 150m W of the prescribed activities and down topographic gradient.	See Table 8.1
	Minor-non-perennial watercourse flowing NW through the premises.	Located within the premises approx. 575m NE of the prescribed activities and up topographic gradient.	See Table 8.1

Part 9: Siting and location				
	Wooroloo Brook: formed from the confluence of two minor non-perennial watercourses that flow through the premises.	Approx 220 N of the premises boundary and 750m N of the prescribed activities.	See Table 8.1	
	RIWI Act Surface Water Area	The premises are located within the Swan River System proclaimed area	See Table 8.1	
Groundwater	Underlying groundwater (non-potable purposes)	Present as a reasonable perched unit above the pallid clay zone of the laterite profile. Depth to the perched groundwater table across the prescribed activity area ranges from approx. 3.5 – 9 mbgl Depth to the groundwater table is approx. 20 – 25 mbgl.	See Table 8.1	
Acid sulfate soils				
Environmental receptors				
Other	Industrial premises	Immediately adjacent to the Northern premises boundary and approximately 575m NW of the prescribed activities.	See Table 8.1	
	Users of products	Site specific where products are used, noting no restrictions are proposed on the use of the products.		
	Environments receiving products	Site specific where products are used, noting no restrictions are proposed on the use of the products.		
<p>¹ Environmentally Sensitive Areas are as declared under the <i>Environmental Protection (Environmentally Sensitive) Notice 2005</i>. Refer to DWER's website (Environmentally Sensitive Areas) for further information.</p> <p>² Refer to the Department of Planning, Lands and Heritage website for further information about Aboriginal heritage and other heritage sites.</p> <p>³ Refer to Water Quality Protection Note No.25: Land use compatibility tables for public drinking water source areas for further information.</p>				
9.3	Environmental siting context details Provide further information including details on topography, climate, geology, soil type, hydrology, and hydrogeology at the premises. See Attachment 6A Odour and Emissions Impact Assessment report and Attachment 7A Geotechnical Investigation Report for environmental siting context details.			
Attachments			N/A	Yes
9.4	Attachment 7: Siting and location	You must provide details and a map describing the siting and location of the premises, including identification of distances to sensitive land uses and/or any specified ecosystems.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Part 10: Submission of any other relevant information				
Attachments			No	Yes

Part 10: Submission of any other relevant information				
10.1	Attachment 8: Additional information submitted	Applicants seeking to submit further information may include information labelled Attachment 8. If submitting multiple additional attachments, label them 8A, 8B, etc. Where additional documentation is submitted, please specify the name of documents below.	<input type="checkbox"/>	<input type="checkbox"/>
	List title of additional document(s) attached:	8A Purearth new shed flow diagram 8B New shed structural diagram 8C Certificate of Design Compliance 8D Shed roof structural design 8E De-packaging plant brochure 8E Flora and Fauna Report 8F Fire Safety Engineering Report 8G Fauna and Flora Report 8H Purearth Induction Brief		

Part 11: Category checklist(s)				
Attachments		N/A	Yes	
11.1	Attachment 9: Category checklist(s)	DWER has developed category checklists to assist applicants with preparing their application. These checklists are available on DWER's website . The relevant category-specific checklist(s) must be completed and included with the application, labelled as Attachment 9. If attaching multiple category checklists, label them 9A, 9B, etc. Do not select "N/A" unless: <ul style="list-style-type: none"> a relevant category checklist is not yet published on DWER's website, or the application is for an amendment that does not propose changes to the method of operation, or change the inputs, outputs, infrastructure, equipment, emissions, or discharges of / from the premises. Note that that a category checklist(s) may still be required for renewal applications. You will be advised in your renewal notification letter (sent approximately twelve months before the licence expiry date) if you are required to provide the information identified in a category checklist. Where a category checklist is submitted, please specify which checklist(s) in the space below.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
	List title(s) of category checklists attached:	DWER Activity checklist (better practice organics recycling)		

Part 12: Proposed fee calculation	
INSTRUCTIONS: Please calculate the prescribed fee using the relevant online fee calculator linked below. <ul style="list-style-type: none"> Amendment: https://www.wa.gov.au/government/publications/works-approval-and-licence-amendment-fee-calculator Different fee units apply for different fee components. Fee units may also have different amounts depending on the period in which the calculation is made. Once DWER has confirmed that the application submitted meets the relevant requirements of the EP Act, you will be issued an invoice with instructions for paying your application fee. Further information on fees can be found in the Fact Sheet: Industry Regulation fees , and on DWER's website .	
12.1	Prescribed fee for clearing permit

<p>In accordance with the Guideline: Industry Regulation Guide to Licensing and Procedure: Native vegetation clearing permits, where approval to clear native vegetation is sought as part of an application for a works approval or licence, DWER may elect to either jointly or separately determine the clearing component of the application. Where DWER separately determines the clearing component of an application, the application will be deemed to be an application for a clearing permit under s.51E of the EP Act and processed accordingly.</p> <p>Note: If a clearing permit application has been separately submitted and accepted by DWER, a refund for the clearing permit application will not be provided where DWER determines to address clearing requirements as part of a related works approval application.</p>	<input checked="" type="checkbox"/> (Tick to acknowledge)
---	---

Part 13: Commercially sensitive or confidential information		
<p>NOTE: Information submitted as part of this application will be made publicly available. If you wish to submit commercially sensitive or confidential information, please identify the information in Attachment 11, and include a written statement of reasons why you request each item of information be kept confidential. Information submitted later in the application process may also be made publicly available at DWER's discretion. For any commercially sensitive or confidential information, please follow the same process as described above.</p> <p>DWER will take reasonable steps to protect genuinely confidential or commercially sensitive information. However, please note that DWER cannot commit to redacting all personal information from all supporting documents. You are advised to ensure that all personal information, including signatures, are removed from supporting documents prior to submitting them to the department. Please note that all submitted information may be the subject of an application for release under the <i>Freedom of Information Act 1992</i>.</p>		
All information which you would propose to be exempt from public disclosure has been separately placed in a redacted version of the application form and its supporting documentation. Note that this is in addition to the unredacted version(s) provided to DWER for its assessment. Grounds for claiming exemption in accordance with Schedule 1 to the <i>Freedom of Information Act 1992</i> must be specified in Attachment 11 (located at the end of this form).	Attached <input checked="" type="checkbox"/>	N/A <input type="checkbox"/>

Part 14: Declaration and signature

General

I / We confirm and acknowledge that:

- the information contained in this application is true and correct;
- I / we have legal authority to sign on behalf of the applicant (where authorisation provided);
- I / we have not altered the requirements and instructions set out in this application form;
- I / we have provided a valid email address in Section 1.2 for receipt of correspondence electronically via email from DWER in relation to this application;
- that successful delivery to my / our server constitutes receipt of correspondence sent electronically via email from DWER in relation to this application; and
- I / we have provided a valid postal and/or business address in Section 2.4 for the service of all Part V documents.
- giving or causing to be given information that to my knowledge is false or misleading is an offence under s.112 of the EP Act and may incur a penalty of up to \$100,000.

Publication

I / We confirm and acknowledge:

- this application (including all attachments apart from the sections identified in Attachment 11) is a public document and may be published;
- marine surveys provided in accordance with Part 5 will be published and used, for the purposes of the IMSA project, in accordance with your declaration made in the *Metadata and Licensing Statement*;
- all necessary consents for the publication of information have been obtained from third parties;
- information considered exempt from public disclosure has been noted by redaction of a separately provided copy of the completed application form and its supporting documentation (in accordance with Part 13), with reasons as to why the information should be exempt in accordance with the grounds specified in Schedule 1 to the *Freedom of Information Act 1992 (WA)* being provided in Attachment 11;
- subsequent information provided in relation to this application will be a public document and may be published unless written notice has been given to DWER by the applicant, at the time the information is provided, claiming that the information is considered exempt from public disclosure; and
- the decision to not publish information will be at the discretion of the CEO of DWER and will be made consistently with the provisions of the *Freedom of Information Act 1992 (WA)*.

16 Dec 2025

Date

16 Dec 2025

Date

NOTE: This form may be signed:

- if the applicant is an individual, by the individual;
- if the applicant is a corporation, by:
 - the common seal being affixed in accordance with the *Corporations Act 2001 (Cth)*; or
 - two directors; or
 - a director and a company secretary; or
 - if a proprietary company has a sole director who is also the sole company secretary, by that director; and
- by a person with legal authority to sign on behalf of the applicant.

ATTACHMENT 11 – Confidential or commercially sensitive information

Request for exemption from publication
