## 1. Decision summary

The Delegated Officer has determined to make amendments to licence L7742/1998/7. The amendments are administrative in nature therefore they do not alter the risk profile of the premises, providing that activities, emissions and receptors as stated in existing approvals remain unchanged.

This amendment report documents the amendments made pursuant to section 59 and 59(B) of the *Environmental Protection Act 1986* (EP Act).

The decision report for the existing licence will remain on the department's website for future reference and will act as a record of the department's decision making.

## 2. Scope of assessment

### 2.1 Regulatory framework

In amending the licence, the department has considered and given due regard to its Regulatory Framework and relevant policy documents which are available at <https://dwer.wa.gov.au/regulatory-documents>.

### 2.2 Application summary

Licence L7742/1998/7 is held by Resource Recovery Solutions Pty Ltd (Holder) for the Waste Care (the premises), located at 50 Clune Street, Bayswater.

The premises relates to the categories and the assessed design capacity under Schedule 1 of the *Environmental Protection Regulations 1987* (EP Regulations) which are defined in existing licence L7742/1998/7.

On 16 September 2020, the licence holder submitted an application to the department to amend L7742/1998/7 under section 59B of the *Environmental Protection Act 1986* (EP Act). The amendment is limited only to the transfer of the licence from Resource Recovery Solutions Pty Ltd to Product Recovery Industries Pty Ltd.

## 3. Consultation

The licence holder was provided with the draft amendment report on 27 October 2020.

On 30 October 2020 the licence holder waived the comment period.

## 4. Conclusion

Based on the assessment in this amendment report, the Delegated Officer has determined that an amended licence will be granted, subject to conditions commensurate with the determined controls and necessary for administration and reporting requirements.

### 4.1 Summary of amendments

Table 1 below provides a summary of the proposed amendments and will act as a record of implemented changes. All proposed changes have been incorporated into the revised licence as part of the amendment process.
