4.1 Summary of amendments.....	4

1. Decision summary

The delegated officer has determined to make amendments to licence L8349/2009/2. The amendments are administrative in nature therefore they do not alter the risk profile of the premises, providing that activities, emissions and receptors as stated in existing approvals remain unchanged.

This amendment report documents the amendments made pursuant to section 59 and 59(B) of the *Environmental Protection Act 1986* (EP Act).

2. Scope of assessment

2.1 Regulatory framework

In amending the licence, the department has considered and given due regard to its Regulatory Framework and relevant policy documents which are available at <https://dwer.wa.gov.au/regulatory-documents>.

2.2 Amendment summary

Licence L8349/2009/2 is held by I. & J. Minty & Sons trading as Jamala Enterprises Pty Ltd (licence holder) for the Sutherlands Farm (the premises), located at 498 Kolburn Road, Dandaragan.

The premises relates to the category and the assessed production/design capacity under Schedule 1 of the *Environmental Protection Regulations 1987* (EP Regulations) which are defined in existing licence L8349/2009/2.

The department has initiated an amendment to licence L8349/2009/2 to extend the expiry date to allow the department sufficient time to complete a licence review assessment. This amendment is limited to extending the licence expiry date and updating the format and appearance of the licence, business name and registered business address;

2.3 Re-formatting of licence

The obligations of the licence holder have not changed in re-formatting the licence. The department has not undertaken any additional risk assessment of the premises.

In re-formatting the licence, the CEO has:

- updated the format and appearance of the licence;
- revised licence condition's numbers and realigned condition numbers for numerical consistency;
- corrected clerical mistakes and unintentional errors; and
- removed redundant conditions.

The full list of changes made to the revised licence are detailed in Section 4.1.

3. Consultation

The licence holder was provided with the draft amendment report on 4 March 2026. Comments received from the licence holder on 28 April 2026 confirmed the licence holder's business name and registered business address and have been updated accordingly in the licence.

4. Conclusion

Based on the assessment in this amendment report, the delegated officer has determined that an amended licence will be granted, subject to conditions commensurate with the determined controls and necessary for administration and reporting requirements.

4.1 Summary of amendments

Table 1 below provides a summary of the proposed amendments and will act as a record of implemented changes. All proposed changes have been incorporated into the revised licence as part of the amendment process.
