1. Decision summary

The Delegated Officer has determined to make amendments to licence L85727/2011/2. The amendments are administrative in nature therefore they do not alter the risk profile of the Premises, providing that activities, emissions and receptors as stated in existing approvals remain unchanged.

This Amendment Report documents the amendments made pursuant to section 59 and 59(B) of the *Environmental Protection Act 1986* (EP Act).

The decision report for the existing licence will remain on the department's website for future reference and will act as a record of the department's decision making.

2. Scope of assessment

2.1 Regulatory framework

In amending the works approval, the department has considered and given due regard to its Regulatory Framework and relevant policy documents which are available at <https://dwer.wa.gov.au/regulatory-documents>.

2.2 Application summary

Licence L8359/2009/2 is held by Shire of Coolgardie (Licence Holder) for the Coolgardie Wastewater Treatment Plant (CWWTP) (the Premises).

The premises relates to the categories and assessed production capacity under Schedule 1 of the *Environmental Protection Regulations 1987* (EP Regulations) defined on the licence. The infrastructure and equipment relating to the premises category and any associated activities are outlined on the licence and are in line with *Guideline: Risk Assessments* (DWER 2020).

On 16 August 2024, the department initiated an amendment to Licence L85727/2011/2. The amendment is limited to:

- correcting typographical error in condition 5; and
- correcting condition numbering references within licence conditions.

3. Consultation

The Licence Holder was provided with the draft Amendment Report on 20 August 2024.

On 21 August 2024 the Licence Holder waived the comment period and requested for the licence to be issued.

4. Conclusion

Based on the assessment in this Amendment Report, the Delegated Officer has determined that an amended works approval will be granted, subject to conditions commensurate with the determined controls and necessary for administration and reporting requirements.

4.1 Summary of amendments

Table 1 below provides a summary of the proposed amendments and will act as a record of implemented changes. All proposed changes have been incorporated into the revised licence approval as part of the amendment process.

Table 1: Summary of licence amendments

Condition no.	Proposed amendments
5	Corrected typographical error, licence condition amended.
10	Corrected condition numbering references, licence condition amended.
11	Corrected condition numbering references, licence condition amended.
14	Corrected condition numbering references in Table 4, licence condition amended.
