The Delegated Officer has determined to transfer Licence L8515/2010/2 to Product Recovery Industries Pty Ltd (Licence Holder). The transfer is administrative in nature therefore it does not alter the risk profile of the Premises, providing that activities, emissions and receptors as stated in existing approvals remain unchanged.

This Decision Report documents the transfer made pursuant to section 64 of the *Environmental Protection Act 1986* (EP Act).

The existing Decision/Amendment Reports for the Licence will remain on the department's website for future reference and will act as a record of the department's decision making.
