## 1. Decision summary

The Delegated Officer has determined to transfer Licence L9124/2018/1 to Lakewood Mining Pty Ltd.

The decision document for the existing licence will remain on the department's website for future reference and will act as a record of the department's decision making.

## 2. Scope of assessment

### 2.1 Regulatory framework

In transferring the licence, the Department of Water and Environmental Regulation (DWER) has considered and given due regard to its Regulatory Framework and relevant policy documents which are available at <https://dwer.wa.gov.au/regulatory-documents>.

The decision document for the existing licence will remain on the departments website for future reference and will act as a record of the department's decision making.

### 2.2 Transfer summary

Licence L9124/2018/1 is currently held by Golden Mile Milling Pty Ltd (Licence Holder) for the Lakewood Gold Processing Facility (Lakewood GPF, the Premises), located at Mining Tenements M26/242 and M26/367 at Mount Monger Road, Lakewood.

The premises activities relate to category 5 and 61. The assessed design/production capacity under Schedule 1 of the Environmental Protection Regulations 1987 (EP Regulations) are defined in Licence L9124/2018/1.

This amendment is limited to a transfer of Licence L9124/2018/1 from Golden Mile Milling Pty Ltd to Lakewood Mining Pty Ltd. Lakewood Mining Pty Ltd acquired Lakewood GPF's assets from Golden Mile Milling in July 2022.

## 3. Assessment

The transfer assessment included:

- A review of legal occupancy to determine if a transfer may occur;
- A review of compliance with current licences held by the company or directors; and
- An administrative review of licence, including clerical and administrative details (see Table 1).

### 3.1 Legal Occupancy

Golden Mile Milling Pty Ltd (GMM) currently holds Licence L9124/2018/1. On 25 July 2022, GMM and Lakewood Mining Pty Ltd (Lakewood Mining) signed an Asset Sale Agreement for sale of the premises to Lakewood Mining. The mining tenements M26/242 and M26/367 remain in the name of GMM at this stage, but a letter was provided from GMM dated 27 July 2022 confirming that Lakewood Mining is the occupier from that date, and authorising transfer of the licence into the name of Lakewood Mining Pty Ltd.

### 3.2 Legal Entity Status

Lakewood Mining Pty Ltd is a registered and valid current entry on the Australian and Investment Commission register (ACN 659 952 066) and is therefore a legal entity.

### 3.3 Compliance Review

There are no significant compliance matters relating to Lakewood Mining Pty Ltd or its directors, that would prevent the issue of this transfer.

## 4. Conclusion

Based on the assessment in this transfer report, the Delegated Officer has determined that Lakewood Mining Pty Ltd is a legal entity and a fit and competent operator. The Delegated Officer will therefore transfer licence L9124/2018/1 to Lakewood Mining Pty Ltd.

### 4.1 Summary of amendments
