1.1 Amendment Description

This amendment is limited to a transfer of Licence L9185/2018/1 and Works Approval W5843/2015/1 from Eastern Goldfields Milling Services Pty Ltd to Coil Group Pty Ltd. Coil Group applied for the transfer as they have been engaged by the Lease Holder, Mineral Ventures Pty Ltd to operate the Burbanks Treatment Plant

The following guidance statements have informed the assessment and decision outlined in this Amendment Report.

- *Guidance Statement: Regulatory Principles (July 2015)*
- *Guideline: Decision Making (June 2019)*
- *Guidance Statement: Risk Assessment (February 2017)*

1.1. Purpose and scope of assessment

The assessment of the transfer application is limited to a review of ownership details and fitness and competency of operator to determine if a Licence transfer may occur. There are no proposed changes to the current approved Premises categories or design capacity.

Table 2 lists the documents submitted during the assessment process.

1.2. CEO initiated amendment

As part of the decision making process, the CEO has also amended the type and style of the licence and works approval. For the works approval, it was ensured that changes made under Amendment Notice 1 were incorporated into a consolidated works approval instrument (as detailed in the instrument log below), where relevant. The obligations of the Licence/Works Approval Holder have not changed in making this amendment. During the consolidation of this amendment; DWER has not undertaken any additional risk assessment of the Premises.

In updating the licence, the CEO has also:

- updated the format and appearance of the Licence;
- Update the N1 form in Schedule 2 to the current version; and
- corrected clerical mistakes and unintentional errors.

1.3. Assessment of the Licence/Works Approval Holder

Coil group Pty Ltd (Coil Group) have provided a letter from the previous licence holder (Eastern Goldfields Milling Services) stating that Mineral Ventures are the new owners of the Burbanks Treatment Plant site and agreeing to transfer of the licence (A1885935). They also provided a letter from Mineral Ventures Pty Ltd as the current lease holder, confirming that

Coil Group have been engaged to operate and manage statutory compliance for the Burbanks processing facility (A1880063).

Coil Group had provided evidence of their ACN and registered business address. Coil Group or its directors have not previously held a licence or works approval under Part V of the Environmental Protection Act 1986.

2. Licensing History

Table 3 provides the licensing history for L9185/2018/1 and W5843/2015/1 since 2015.

DWER has not revised risk assessment to manage emissions and discharges from prescribed premises categories currently authorised in the licence.

3. Risk assessment

The Delegated Officer has determined that the transfer of the Licence is an administrative amendment which does not alter the risk profile of the Premises. Therefore, following the review of proof of ownership and ASIC business registration details, the Delegated Officer has determined to transfer the Licence and Works Approval to Coil Group Pty Ltd. The Premises must continue to operate in accordance with the original Licence and Works Approval conditions.

4. Conclusion

Based on the assessment in this Amendment Report, the Delegated Officer has determined that

- Licence L9185/2018/1 transfer will be granted, with no changes to existing conditions.
- Works Approval W5842/2015/1 transfer will be granted, with no changes to existing conditions and incorporating the changes authorised in Amendment Notice 1 into the amended licence.
