Proposed Decision	Revised works approval granted

1. Decision summary

The delegated officer has determined to make amendments to works approval W6062/2017/1. The amendments are administrative in nature therefore they do not alter the risk profile of the premises, providing that activities, emissions and receptors as stated in existing approvals remain unchanged.

This amendment report documents the amendments made pursuant to section 59 and 59(B) of the *Environmental Protection Act 1986* (EP Act).

The decision report for the existing works approval will remain on the department's website for future reference and will act as a record of the department's decision making.

2. Scope of assessment

2.1 Regulatory framework

In amending the works approval, the department has considered and given due regard to its Regulatory Framework and relevant policy documents which are available at <https://dwer.wa.gov.au/regulatory-documents>.

2.2 Amendment summary

Works approval W6062/2017/1 is held by Scotts Fishing Co Pty Ltd (works approval holder) for a 5,702 SPU farrow-to-finish piggery (the premises), located at Lot 25 Willigulli Road, Sandy Gully.

The premises relates to the category and the assessed production/design capacity under Schedule 1 of the *Environmental Protection Regulations 1987* (EP Regulations) which are defined in existing works approval W6062/2017/1.

On 25 July 2022, the works approval holder submitted an application to the department to amend works approval W6062/2017/1 under section 59B of the *Environmental Protection Act 1986* (EP Act). Due to damage and delays caused by Cyclone Seroja in April 2021 and construction delays resulting from COVID-19, the applicant is requesting an extension of three years to the works approval expiry date. The applicant has not proposed any changes to approved activities.

3. Consultation

The works approval holder was provided with the draft amendment report on 7/9/2022 and no comments were received.

4. Conclusion

Based on the assessment in this amendment report, the delegated officer has determined that an amended works approval will be granted, subject to conditions commensurate with the determined controls and necessary for administration and reporting requirements.

4.1 Summary of amendments

Table 1 below provides a summary of the proposed amendments and will act as a record of implemented changes. All proposed changes have been incorporated into the revised works approval as part of the amendment process.
