1. Decision summary

The Delegated Officer has determined to make amendments to works approval W6510/2021/1. The amendments are administrative in nature therefore they do not alter the risk profile of the premises, providing that activities, emissions and receptors as stated in existing approvals remain unchanged.

This amendment report documents the amendments made pursuant to section 59 and 59(B) of the *Environmental Protection Act 1986* (EP Act).

The decision report for the existing works approval will remain on the department's website for future reference and will act as a record of the department's decision making.

2. Scope of assessment

2.1 Regulatory framework

In amending the works approval, the department has considered and given due regard to its regulatory framework and relevant policy documents which are available at <https://dwer.wa.gov.au/regulatory-documents>.

2.2 Amendment summary

Works approval W6510/2021/1 is held by Blue Phoenix Western Australia Pty Ltd (works approval holder) for the Hope Valley IBA Facility (the premises), located at 67 Investigator Drive, Hope Valley.

The premises relates to the category and the assessed production capacity under Schedule 1 of the *Environmental Protection Regulations 1987* (EP Regulations) which are defined in existing works approval W6510/2021/1.

On 7 January 2025, the department initiated an amendment to works approval W6510/2021/1 in response to a request from the works approval holder to correct minor errors present in the version of the works approval granted on 13 December 2024.

This administrative amendment is limited to correcting minor administrative, formatting and referencing errors as outlined in Table 1 below.

3. Consultation

The works approval holder was provided with the draft amendment report on 10 January 2025. On 13 January 2025, the works approval holder requested to amend the wording of condition 14(b) to align with wording in Table 2 of the works approval and waived the comment period. The request has been approved by the Delegated Officer.

4. Conclusion

Based on the assessment in this amendment report, the Delegated Officer has determined that an amended works approval will be granted, subject to conditions commensurate with the determined controls and necessary for administration and reporting requirements.

4.1 Summary of amendments

Table 1 below provides a summary of the proposed amendments and will act as a record of implemented changes. All proposed changes have been incorporated into the revised works approval as part of the amendment process.

Table 1: Summary of works approval amendments

Condition no.	Proposed amendments
All	Correction of grammatical and formatting errors.
Cover page	Environment Online instrument reference number added.
History	Works approval history table updated to include this amendment.
Condition 1 Table 1	Figure 2 cross referencing error corrected in row 6, column 3 of Table 1.
Condition 14 Table 2	'Volume' amended to 'quantity' in condition 14(b) and in column 3 heading of Table 2.
Condition 15 Table 3	'Oversize Incinerator Bottom Ash (IBA)' deleted from column 1 of Table 3 as Oversize IBA is not received by the facility or exported from the facility. 'Commissioning' removed from the time period in column 3 of Table 3, as the commissioning period has now ended.
Condition 28 Table 7	Figure 2 cross referencing error corrected in column 1 of Table 7.
Condition 29	'Noise validation during time limited operations' reformatted to heading.
Condition 35	Reference to Table 7 corrected to Table 8.
