6.1 Summary of amendments	4

## 1. Decision summary

The Delegated Officer has determined to transfer works approval W6645/2022/1 from the existing works approval holder (Kings Scrap Metal Pty Ltd) to Keppel Holding Pty Ltd (the applicant). This amendment is administrative in nature therefore does not alter the risk profile of the premises, providing that activities, emissions and receptors as stated in existing approvals remain unchanged.

## 2. Scope of assessment

### 2.1 Regulatory framework

In transferring the works approval, the Department of Water and Environmental Regulation (DWER, the department) has considered and given due regard to its Regulatory Framework and relevant policy documents which are available at <https://dwer.wa.gov.au/regulatory-documents>.

### 2.2 Application summary

Kings Scrap Metal Pty Ltd currently holds works approval W6645/2022/1 for the operation of Scrap Metal Recovery and Solid Waste Deposit (the premises), located at 159 Beechboro Road South, Embleton WA 6062.

On 9 August 2022, the applicant submitted an application to the department to transfer works approval W6645/2022/1 under section 64 of the EP Act. The application is limited only to amending the works approval holder details, including the works approval holder name, ACN and registered address.

## 3. Assessment

The assessment of the works approval transfer application is limited to a review of land ownership details and the fitness of the applicant to operate the premises to determine if a works approval transfer may occur.

### Legal entity status

The applicant is a registered company with a valid and current entry on the Australian Securities & Investments Commission register (ACN 009 076 519) and is therefore a legal entity.

### Fitness and competency

The applicant advises it has not been convicted or paid a penalty for an offence under a provision of the EP Act or its subsidiary legislation or similar environmental protection legislation in Australia.

## 4. Decision

The Delegated Officer has determined that the transfer of the works approval is an administrative amendment which does not alter the risk profile of the premises. Following review of the legal entity status and fitness and competency of the applicant, the Delegated Officer determined to transfer the works approval to Keppel Holdings Pty Ltd on the grounds it is a current legal entity with legal access to the premises and has no known convictions. The Delegated Officer notes that compliance with Keppel Holdings Pty Ltd's works approval will be in line with the Department's Compliance and Enforcement Policy. The Compliance and Enforcement Policy details the department's approach to ensure compliance with the legislation it administers, responding to breaches of the law to deter and punish offenders, and rehabilitate damage caused to the environment.

## 5. Consultation

The applicant was provided with the draft transfer report on 31 August 2022. On 1 September 2022 the applicant waived the comment period.

## 6. Conclusion

Based on the assessment in this Amendment Report, the Delegated Officer has determined to transfer the works approval to Keppel Holdings Pty Ltd. The premises shall continue to operate in accordance with the original works approval conditions and regulatory requirements.

### 6.1 Summary of amendments

Table 1 below provides a summary of the proposed amendments incorporated into the transferred works approval and will act as a record of implemented changes.
