On 25 May 2026 the department initiated an amendment to Works Approval W6965/2024/1. The amendment is limited to extending the time limited operations defined in conditions 9 and 10 of the works approval and correcting typographical errors within the instrument.

The extension of the time limited operations from 180 days to 360 days will extend the end date of operations under the works approval until 4 December 2026 allowing for the assessment of an application to amend licence L7276/1996/12 to add the infrastructure constructed under W6965/2024/1 to the licence.

Conditions 2 and 3 incorrectly referred to condition 5 instead of condition 4 when referencing the condition under which infrastructure was being constructed.

On 28 May 2026 the Works Approval Holder waived the comment period.
