This licence is granted to the licence holder, subject to the attached conditions, on 24 May 2023, by:

**Lauren Edmands**

**MANAGER, RESOURCE INDUSTRIES**

an officer delegated under section 20 of the *Environmental Protection Act 1986* (WA)

## Licence history

Date	Reference number	Summary of changes
24/05/2023	L9378/2023/1	Licence granted.

## Interpretation

In this licence:

- (a) the words 'including', 'includes' and 'include' in conditions mean "including but not limited to", and similar, as appropriate;
- (b) where any word or phrase is given a defined meaning, any other part of speech or other grammatical form of that word or phrase has a corresponding meaning;
- (c) where tables are used in a condition, each row in a table constitutes a separate condition;
- (d) any reference to an Australian or other standard, guideline, or code of practice in this licence:
  - (i) if dated, refers to that particular version; and
  - (ii) if not dated, refers to the latest version and therefore may be subject to change over time;
- (e) unless specified otherwise, any reference to a section of an Act refers to that section of the EP Act; and
- (f) unless specified otherwise, all definitions are in accordance with the EP Act.

**NOTE:** This licence requires specific conditions to be met but does not provide any implied authorisation for other emissions, discharges, or activities not specified in this licence.

## Licence conditions

The licence holder must ensure that the following conditions are complied with:

### Infrastructure and equipment

1. The licence holder must ensure that the site infrastructure and equipment listed in Table 1 and located at the corresponding infrastructure location is maintained and operated in accordance with the corresponding operational requirement set out in Table 1.

**Table 1: Infrastructure and equipment requirements**

Site infrastructure and equipment	Operational requirement	Infrastructure location
<p>Crushing and screening plant consisting of:</p> <ul style="list-style-type: none"> <li>a) Primary Crusher;</li> <li>b) Secondary Crusher;</li> <li>c) Tertiary Crusher;</li> <li>d) Scalping Screen;</li> <li>e) Conveyor (Return);</li> <li>f) Aggregate Screen; and</li> <li>g) Conveyor (final Stockpiler)</li> </ul>	<p>Dust controls:</p> <ul style="list-style-type: none"> <li>a) Screening and crushing plant is fitted with water sprays at all transfer points</li> <li>b) Cease dust-generating activities during strong wind conditions</li> <li>c) Water carts must be used where possible to minimise dust generation</li> </ul> <p>Noise controls:</p> <ul style="list-style-type: none"> <li>d) Exhaust and silencing systems are installed and functioning to the manufacturer's standard</li> </ul> <p>Stormwater and leachate controls:</p> <ul style="list-style-type: none"> <li>e) Undertake regular inspections (start and end of shift) of operating equipment to identify if any leaks are occurring, with inspection details recorded.</li> <li>f) In the event a leak is detected, a drip tray must be used which can contain the leak. If a drip tray cannot adequately contain a minor leak, operation of the machinery must cease until it can be repaired</li> <li>g) All vehicles and other equipment must be regularly maintained and stocked with appropriate spill kit equipment</li> <li>h) Any contaminated material (e.g., hydrocarbon contamination soil) must be removed and stored in an impermeable container prior to disposal at an appropriately authorised facility.</li> </ul>	<p>Plant site as shown in Figure 1 of Schedule 1</p>

## Prevention of stormwater contamination

2. The licence holder must take all reasonable and practicable measures to prevent stormwater run-off becoming contaminated by the activities and operations undertaken at the premises.

## Records and reporting

3. The licence holder must record the following information in relation to complaints received by the licence holder (whether received directly from a complainant or forwarded to them by the Department or another party) about any alleged emissions from the premises:
  - (a) the name and contact details of the complainant, (if provided);
  - (b) the time and date of the complaint;
  - (c) the complete details of the complaint and any other concerns or other issues raised; and
  - (d) the complete details and dates of any action taken by the licence holder to investigate or respond to any complaint.
4. The licence holder must:
  - (a) undertake an audit of their compliance with the conditions of this licence during the preceding annual period; and
  - (b) prepare and submit to the CEO by no later than 30 days after the end of that annual period an Annual Audit Compliance Report in the approved form.
5. The licence holder must maintain accurate and auditable books including the following records, information, reports, and data required by this licence:
  - (a) the calculation of fees payable in respect of this licence;
  - (b) the works conducted in accordance with condition 1 of this licence;
  - (c) any maintenance of infrastructure that is performed in the course of complying with condition 1 of this licence;
  - (d) estimated volume of material screened; and
  - (e) complaints received under condition 2 of this licence.
6. The books specified under condition 4 must:
  - (a) be legible;
  - (b) if amended, be amended in such a way that the original version(s) and any subsequent amendments remain legible and are capable of retrieval;
  - (c) be retained by the licence holder for the duration of the licence; and
  - (d) be available to be produced to an inspector or the CEO as required.

## Definitions

In this licence, the terms in Table 1 have the meanings defined.

**Table 1: Definitions**

Term	Definition
ACN	Australian Company Number
Annual Audit Compliance Report (AACR)	means a report submitted in a format approved by the CEO (relevant guidelines and templates may be available on the Department's website).
annual period	a 12 month period commencing from 1 January to 31 December of the same year.
books	has the same meaning given to that term under the EP Act.
CEO	means Chief Executive Officer of the Department. "submit to / notify the CEO" (or similar), means either: Director General Department administering the <i>Environmental Protection Act 1986</i> Locked Bag 10 Joondalup DC WA 6919 or: <a href="mailto:info@dwer.wa.gov.au">info@dwer.wa.gov.au</a>
Department	means the department established under section 35 of the <i>Public Sector Management Act 1994 (WA)</i> and designated as responsible for the administration of the EP Act, which includes Part V Division 3.
discharge	has the same meaning given to that term under the EP Act.
emission	has the same meaning given to that term under the EP Act.
EP Act	<i>Environmental Protection Act 1986 (WA)</i>
EP Regulations	<i>Environmental Protection Regulations 1987 (WA)</i>
licence	refers to this document, which evidences the grant of a licence by the CEO under section 57 of the EP Act, subject to the specified conditions contained within.
licence holder	refers to the occupier of the premises, being the person specified on the front of the licence as the person to whom this licence has been granted.
premises	refers to the premises to which this licence applies, as specified at the front of this licence and as shown on the premises map (Figure 1) in Schedule 1 to this licence.

Term	Definition
prescribed premises	has the same meaning given to that term under the EP Act.
strong wind conditions	means wind speeds of a Beaufort Scale rating of 6 or greater.
waste	has the same meaning given to that term under the EP Act.
