Senior Environmental Officer, Industry Regulation

Officer delegated under section 20 of the *Environmental Protection Act 1986*

## Licence history

Date	Reference number	Summary of changes
22/10/2015	L5324/1988/8	Licence re-issue, including conversion to new template
30/10/2023	L5324/1988/9	Licence re-issue

## Interpretation

In this licence:

- (a) the words ‘including’, ‘includes’ and ‘include’ in conditions mean “including but not limited to”, and similar, as appropriate;
- (b) where any word or phrase is given a defined meaning, any other part of speech or other grammatical form of that word or phrase has a corresponding meaning;
- (c) where tables are used in a condition, each row in a table constitutes a separate condition;
- (d) any reference to an Australian or other standard, guideline, or code of practice in this licence:
  - (i) if dated, refers to that particular version; and
  - (ii) if not dated, refers to the latest version and therefore may be subject to change over time;
- (e) unless specified otherwise, any reference to a section of an Act refers to that section of the EP Act; and
- (f) unless specified otherwise, all definitions are in accordance with the EP Act.

**NOTE:** This licence requires specific conditions to be met but does not provide any implied authorisation for other emissions, discharges, or activities not specified in this licence.

## Licence conditions

The licence holder must ensure that the following conditions are complied with:

1. The licence holder shall ensure that all activities identified in Table 1. are undertaken in accordance with the process limits described in that Table.

**Table 1: Processing of materials**

Material	Process	Process limits
Iron, steel, zinc and stainless steel	Flame cutting	All rubber lining and surface treatments are removed from scrap metal prior to flame cutting.
	Metal melting and casting	Only clean scrap metal shall be melted.

## Records and reporting

2. All information and records required by the Licence shall:
  - (a) be legible;
  - (b) if amended, be amended in such a way that the original version(s) and any subsequent amendments remain legible and are capable of retrieval;
  - (c) be retained by the licence holder for the duration of the licence; and
  - (d) be available to be produced to an inspector or the CEO as required.
3. The licence holder must:
  - (a) undertake an audit of their compliance with the conditions of this licence during the preceding annual period; and
  - (b) prepare and submit to the CEO an Annual Audit Compliance Report in the approved form by 31 August each year.
4. The licence holder must record the following information in relation to complaints received by the licence holder (whether received directly from a complainant or forwarded to them by the Department or another party) about any alleged emissions from the premises:
  - (a) the name and contact details of the complainant, (if provided);
  - (b) the time and date of the complaint;
  - (c) the complete details of the complaint and any other concerns or other issues raised; and
  - (d) the complete details and dates of any action taken by the licence holder to investigate or respond to any complaint.

## Definitions

In this licence, the terms in 2 have the meanings defined.

**Table 2: Definitions**

Term	Definition
