# Interpretation

In this licence:

- (a) the words 'including', 'includes' and 'include' in conditions mean "including but not limited to", and similar, as appropriate;
- (b) where any word or phrase is given a defined meaning, any other part of speech or other grammatical form of that word or phrase has a corresponding meaning;
- (c) where tables are used in a condition, each row in a table constitutes a separate condition;
- (d) any reference to an Australian or other standard, guideline, or code of practice in this licence:
  - (i) if dated, refers to that particular version; and
  - (ii) if not dated, refers to the latest version and therefore may be subject to change over time;
- (e) unless specified otherwise, any reference to a section of an Act refers to that section of the EP Act; and
- (f) unless specified otherwise, all definitions are in accordance with the EP Act.

**NOTE:** This licence requires specific conditions to be met but does not provide any implied authorisation for other emissions, discharges, or activities not specified in this licence.

# **Licence conditions**

The licence holder must ensure that the following conditions are complied with:

### Infrastructure and equipment

**1.** The licence holder must ensure that the site infrastructure and equipment listed in Table 1 is maintained and operated in accordance with the corresponding operational requirement set out in Table 1.

#### Table 1: Infrastructure and equipment requirements

| Site infrastructure and equipment | Operational requirement                         |
|-----------------------------------|---|
| Crushing and screening plant      | Maintained as per manufacturer's specifications |

## **Emissions and discharges**

#### Stormwater

2. The licence holder shall ensure that uncontaminated stormwater is kept separate from contaminated or potentially contaminated stormwater. Where stormwater has come into contact with a possible source of contamination it should be treated as contaminated.

#### **Dust emissions**

- **3.** The licence holder shall ensure that there is sufficient water for dust suppression on the premises.
- **4.** The licence holder shall ensure that dust control measures include, but are not limited to:
  - (a) use of water sprays, sprinklers or cannons onto working and non-working faces and stockpiles;
  - (b) use of water sprays at the crushing and screening operations;
  - (c) use of water trucks to wet trafficable areas (access road, load out and turn around areas);
  - (d) cessation of crushing and screening activities, in the event of visible dust crossing the boundary;
  - (e) use of water sprays on the loads or adequately cover the loads before leaving the pit; and

### **Records and reporting**

- 5. The licence holder must record the following information in relation to complaints received by the licence holder (whether received directly from a complainant or forwarded to them by the Department or another party) about any alleged emissions from the premises:
  - (a) the name and contact details of the complainant, (if provided);
  - (b) the time and date of the complaint;
  - (c) whether the complainant reported any adverse health effects;

- (d) wind direction, wind speed and temperature at the time of any airborne environmental impact reported by the complainant to which the complaint relates if able to be determined;
- (e) the complete details of the complaint and any other concerns or other issues raised;
- (f) description of exceptional plant operating conditions within six hours prior to the time of any environmental impact reported by the complainant; and
- (g) the complete details and dates of any action taken by the licence holder to investigate or respond to any complaint.
- **6.** The licence holder must:
  - (a) undertake an audit of their compliance with the conditions of this licence during the preceding annual period; and
  - (b) prepare and submit to the CEO by no later than 30 days after the end of that annual period an Annual Audit Compliance Report in the approved form.
- 7. The licence holder must maintain accurate and auditable books including the following records, information, reports, and data required by this licence:
  - (a) the calculation of fees payable in respect of this licence;
  - (b) any maintenance of infrastructure that is performed in the course of complying with condition 1 of this licence; and
  - (c) complaints received under condition 6 of this licence.
- 8. The books specified under condition 8 must:
  - (a) be legible;
  - (b) if amended, be amended in such a way that the original version(s) and any subsequent amendments remain legible and are capable of retrieval;
  - (c) be retained by the licence holder for the duration of the licence; and
  - (d) be available to be produced to an inspector or the CEO as required.
