this licence is granted to the licence holder, subject to the attached conditions, on 26 March 2025, by:

**SENIOR ENVIRONMENTAL OFFICER, INDUSTRY REGULATION  
STATEWIDE DELIVERY**

an officer delegated under section 20 of the *Environmental Protection Act 1986* (WA)

## Licence history

Date	Reference number	Summary of changes
24/05/2012	L8645/2012/1	Licence issued
29/04/2016	L8645/2012/1	Licence expiry date amended in accordance with section 59(1)(k) of the <i>Environmental Protection Act 1986</i> .
16/05/2022	L8645/2012/1	Licence amended to change reporting via AACR.
26/03/2025	L8645/2012/1	CEO-initiated amendment to extend licence duration by 5 years.

## Interpretation

In this licence:

- a) the words 'including', 'includes' and 'include' in conditions mean "including but not limited to", and similar, as appropriate;
- b) where any word or phrase is given a defined meaning, any other part of speech or other grammatical form of that word or phrase has a corresponding meaning;
- c) where tables are used in a condition, each row in a table constitutes a separate condition;
- d) any reference to an Australian or other standard, guideline, or code of practice in this licence:
  - (i) if dated, refers to that particular version; and
  - (ii) if not dated, refers to the latest version and therefore may be subject to change over time;
- e) unless specified otherwise, any reference to a section of an Act refers to that section of the EP Act; and
- f) unless specified otherwise, all definitions are in accordance with the EP Act.

**NOTE:** This licence requires specific conditions to be met but does not provide any implied authorisation for other emissions, discharges, or activities not specified in this licence.

## Licence conditions

The licence holder must ensure that the following conditions are complied with:

### Emissions and discharges

1. The licence holder must employ measures to ensure that dust emissions from haul roads, access roads, stockpiles and active work areas are minimised. These may include but not limited to:
  - a) Use of water sprays, dust collection systems, coverings on conveyors and transfer points from the materials handling and plant operations;
  - b) Paving or sealing of access roads, load-out and turn around areas;
  - c) Use of water trucks to wet the quarry roads, access ways and traffic areas;
  - d) Use of water sprays, sprinklers or cannons, on to working and non-working faces of stockpiles; and
  - e) Routine maintenance and housekeeping practices to ensure no accumulation of waste materials in or around the premises.
2. The Licence holder must ensure that no contaminated stormwater is discharged from the premises
3. The licence holder must divert stormwater run-off away from stockpiles to minimise the threat of accidental loss of stored matter due to flooding or erosion.
4. The licence holder must only store dangerous goods below placard quantities and environmentally hazardous materials not classified as dangerous goods including fuel, oil or other hydrocarbons (where the total volume of each substance stored on the premises exceeds 250 litres) if they are stored within:
  - a) Low permeability ( $10^{-9}$  m/s or less) bunded compounds designed to contain not less than 110% of the volume of the largest storage vessel or inter-connected system, and at least 25% of the total volume of vessels stored in the compound; or
  - b) Double-walled tanks complying with Australian Standard 1940.
5. The licence holder must ensure the compounds described in condition 4 shall:
  - a) Be graded or include a sump to allow recovery of liquid;
  - b) Be chemically resistant to the substances stored;
  - c) Include valves, pumps and meters associated with transfer operations wherever practical. Otherwise, the equipment shall be adequately protected (e.g. bollards) and contained in an area designed to permit recovery of spilled chemicals;
  - d) Be designed such that jetting from any storage vessel or fitting will be captured within the bunded area [e.g. Australian Standard 1940, section 5.8.3(h)]; and
  - e) Be controlled such that the capacity of the bund is properly maintained (e.g. regular inspections and pumping of trapped, uncontaminated rainwater).
6. The licence holder must collect waste oils, lubricants hydraulic fluids and spent radiator coolant/inhibitors in impervious holding tanks for recycling or disposal off-site.

## Records and reporting

### Records

7. The licence holder must record the following information in relation to complaints received by the licence holder (whether received directly from a complainant or forwarded to them by the Department or another party) about any alleged emissions from the premises:
  - a) the name and contact details of the complainant, (if provided);
  - b) the time and date of the complaint;
  - c) the complete details of the complaint and any other concerns or other issues raised; and
  - d) the complete details and dates of any action taken by the licence holder to investigate or respond to any complaint.
8. The licence holder must maintain accurate and auditable books including the following records, information, reports, and data required by this licence:
  - a) the calculation of fees payable in respect of this licence;
  - b) any maintenance of infrastructure that is performed in the course of complying with conditions 1 to 5 of this licence; and
  - c) complaints received under condition 7 of this licence.
9. The books specified under condition 8 must:
  - a) be legible;
  - b) if amended, be amended in such a way that the original version(s) and any subsequent amendments remain legible and are capable of retrieval;
  - c) be retained by the licence holder for the duration of the licence; and
  - d) be available to be produced to an inspector or the CEO as required.

### Reporting

10. The licence holder must:
  - a) undertake an audit of their compliance with the conditions of this licence during the preceding annual period, and
  - b) prepare and submit to the CEO an Annual Audit Compliance Report in the approved form by 31 August each year.

## Definitions

In this licence, the terms in Table 1 have the meanings defined.

**Table 1: Definitions**

Term	Definition
ACN	Australian Company Number
Annual Audit Compliance Report (AACR)	means a report submitted in a format approved by the CEO (relevant guidelines and templates are available on the Department's website).
annual period	a 12 month period commencing from 1 July until 30 June of the immediately following year.
AS or Australian Standard	Means the most recent version (unless otherwise stated) of the specific Australian Standard published by Standards Australia International Ltd. Sydney.
AS 1940	Means the most recent version of the <i>Australian Standard for the storage and handling of flammable and combustible materials</i> .
books	has the same meaning given to that term under the EP Act.
CEO	means Chief Executive Officer of the department. "submit to / notify the CEO" (or similar), means either: Director General Department administering the <i>Environmental Protection Act 1986</i> Locked Bag 10 Joondalup DC WA 6919 or: <a href="mailto:info@dwer.wa.gov.au">info@dwer.wa.gov.au</a>
department; DWER	means the department established under section 35 of the <i>Public Sector Management Act 1994</i> (WA) and designated as responsible for the administration of the EP Act, which includes Part V Division 3.
Environmentally hazardous material	Means material (either solid or liquid) which if discharged into the environment from or within the premises may cause pollution or environmental harm.
EP Act	<i>Environmental Protection Act 1986</i> (WA)
EP Regulations	<i>Environmental Protection Regulations 1987</i> (WA)
licence	refers to this document, which evidences the grant of a licence by the CEO under section 57 of the EP Act, subject to the specified conditions contained within.
licence holder	refers to the occupier of the premises, being the person specified on the front of the licence as the person to whom this licence has been

Term	Definition
	granted.
m/s	Means metres per second.
premises	refers to the premises to which this licence applies, as specified at the front of this licence and as shown on the premises map (Figure 1) in Schedule 1 to this licence.
prescribed premises	has the same meaning given to that term under the EP Act.
